Telkonet Announces Fiscal Year 2016 Financial Results

10% Revenue Growth Driven By Performance of EcoSmart; Teleconference and Webcast to be Held Today at 4:30 P.M. EDT

MILWAUKEE, WI -- (Marketwired) -- 03/31/17 -- Telkonet, Inc. (OTCQB: TKOI) (the "Company", "Telkonet"), creator of the EcoSmart platform of intelligent automation solutions designed to optimize comfort, energy efficiency and operational analytics in support of the emerging Internet of Things (IoT), today announced financial results for the fiscal year ended December 31, 2016. Telkonet management will hold a teleconference to discuss these results with the financial community today at 4:30 p.m. ET/3:30 p.m. CT.

"Telkonet continues to make solid progress on our strategic initiatives demonstrated by the 8% growth of our EcoSmart automation platform through 2016," stated Jason Tienor, Telkonet's President and CEO. "This strategy is what led us to the recently announced decision to divest our high-speed Internet access (HSIA) assets in order to focus on the enormous growth potential for EcoSmart. Now, capitalized appropriately and focused strategically, we're better positioned than ever before to recognize the expansive opportunities available in the IoT and automation space."

Operating and Financial Highlights Comparison for the Years Ended December 31, 2016 and 2015:

- Total revenue from continuing operations saw a 10% improvement year over year
- Revenue from the EcoSmart Platform increased \$0.6 million, or 8%, over 2015
- Total revenue margin held at 50%
- Support revenue from the EcoSmart Platform increased to \$0.5 million, or 61%, over 2015
- Continued growth of Education and Residential markets broadening Telkonet's portfolio
- Contract development for HVAC leader Trane of integrated VRF control solution
- Distribution agreement executed with UTC-owned Onity for EcoSmart Platform
- Agreement and training completed for a large Milwaukee firm's Building Solutions organization
- Numerous channel support tools developed and implemented in support of Telkonet's expanding Channel sales
- Initiated final stages of selection for broad military housing opportunity in primary controls position

"We are incredibly excited beginning this new chapter in Telkonet's story," continued Tienor. "We've established a strong platform on which we can build and our team is executing to plan. Driven by our rapid channel growth and exceptional industry relationships, and now capitalized for efficient growth, we view the future with confidence for Telkonet and its

shareholders."

NON-GAAP Financial Measures

Telkonet will post to the Company's investor relations web site (www.telkonet.com) any reconciliation of differences between non-GAAP financial information that may be required in connection with issuing the Company's financial results.

The Company, as is common in its industry, uses adjusted EBITDA from continuing operations, a non-GAAP measurement gauge to demonstrate earnings exclusive of interest and non-cash events. The Company manages its business based on its cash flows. The Company, in its daily management of its business affairs and analysis of its monthly, quarterly and annual performance, makes its decisions based on cash flows, not on the amortization of assets obtained through historical activities. The Company, in managing its current and future affairs, cannot affect the amortization of the intangible assets to any material degree, and therefore uses adjusted EBITDA from continuing operations as its primary management guide. Adjusted EBITDA from continuing operations is not, and should not be considered, an alternative to net income (loss), income (loss) from continuing operations, or any other measure for determining operating performance or liquidity, as determined under accounting principles generally accepted in the United States (GAAP). In assessing the overall health of its business for the years ended December 31, 2016 and

2015, the Company excluded items in the following general category described below:

- *Stock-based compensation:* The Company believes that because of the variety of equity awards used by companies, varying methodologies for determining stock-based compensation and the assumptions and estimates involved in those determinations, the exclusion of non-cash stock-based compensation enhances the ability of management and investors to understand the impact of non-cash stock-based compensation on our operating results. Further, the Company believes that excluding stock-based compensation expense allows for a more transparent comparison of its financial results to the previous period.

Adjusted EBITDA from continuing operations and other non-GAAP financial measures should not be considered in isolation from, or as a substitute for, a measure of financial performance prepared in accordance with GAAP. Further, investors are cautioned that there are inherent limitations associated with the use of the non-GAAP financial measure as an analytical tool. In particular, the non-GAAP financial measure is not based on a comprehensive set of accounting rules or principles and many of the adjustments to the GAAP financial measure reflect the exclusion of items that are recurring and will be reflected in the Company's financial results for the foreseeable future. The Company compensates for these limitations by providing specific information in the reconciliation included in this press release regarding the GAAP amounts excluded from the non-GAAP financial measure.
