Oceania Cruises® Elevates Onboard Enrichment Across the Fleet

Expanded Speaker Program Delivers Deeper Cultural Discovery, Expert-Led Learning and New Experiences at Sea

MIAMI, Aug. 26, 2026 /PRNewswire/ -- The greatest journeys inspire curiosity, deepen understanding and create meaningful opportunities for discovery along the way. As part of its ongoing commitment to enriching the guest experience, Oceania Cruises®, the world's leading destination- and culinary-focused luxury cruise line, is expanding its onboard enrichment program across the fleet with an enhanced roster of expert speakers, special interest programming and engaging new experiences designed to inform and connect guests throughout their voyage.

Rolling out across the fleet beginning in 2027, the new program introduces dedicated speakers on every sailing, providing guests with greater opportunities to engage with the destinations they visit and the world around them. Each cruise will feature an enrichment speaker specializing in heritage, culture or history, offering insightful presentations that complement Oceania Cruises' destination-rich itineraries, while longer voyages will offer additional opportunities for expert-led learning and enrichment.

"Today's luxury traveler is seeking more meaningful ways to engage with the world around them," said Jason Montague, Chief Luxury Officer of Oceania Cruises. "By expanding our speaker program and introducing additional opportunities for cultural exploration, wellness and special-interest learning, we are creating even more ways for guests to personalize their luxury experience and make the most of their time at sea."

Voyages of 12 days or longer will also feature a second special interest speaker, bringing expertise in subjects such as astronomy, sports, artificial intelligence, technology, health, longevity and other contemporary topics designed to inspire learning and conversation.

On voyages including three or more sea days, guests may also enjoy specialist-led experiences, including either American Mah Jongg classes, or American Contract Bridge League-Accredited Master Instructors for bridge instruction and play.

Adding to the line's longer voyages, sailings featuring six or more sea days will include additional onboard activities such as creative workshops led by dedicated Crafting Arts Ambassadors or BeMoved®. The inclusive dance program is designed to encourage both intellectual engagement and personal wellbeing, promoting an accessible way for guests to stay active through music and movement.

Together, these enhancements reflect the line's continued investment in delivering a thoughtfully curated onboard experience where discovery extends beyond the destination. By refining every moment of the journey and creating new opportunities, guests can explore their interests and passions at sea.
