Avalon GloboCare Launches “BrAce for Impact” Affiliate Marketing Program for the KetoAir Breathalyzer Device

FREEHOLD, N.J., Nov. 18, 2024 (GLOBE NEWSWIRE) -- **Avalon GloboCare Corp.** (“**Avalon**” or the “**Company**”) (**NASDAQ: ALBT**), a developer of innovative precision diagnostics and laboratory services, today announced the launch of the “BrAce for Impact” affiliate marketing program for KetoAir™, a handheld breathalyzer device equipped with AI-enabled software and Hot App shareable technology, specifically designed for ketogenic health monitoring.

The “BrAce for Impact” affiliate marketing program was developed in response to demand from attendees at the Hack Your Health Conference (Austin, May 31-June 2, 2024) and the Keto Pa-LOU-za Conference (Louisville, KY, Oct. 11-13, 2024). The program offers an attractive discount and commission structure, enabling affiliates to provide a coupon code and earn commissions on each sale. This structure encourages KetoAir™ promotion through social media, helping spread awareness among a wide audience.

“We’re excited to launch the ‘BrAce for Impact’ program to empower influencers, health coaches, and content creators to share KetoAir™ and The Case for BrAce with their audiences,” said David Jin, M.D., Ph.D., CEO of Avalon GloboCare. “This program not only supports affiliates with marketing materials but also fosters authentic engagement as participants document their personal health journeys using KetoAir™. We look forward to building a vibrant community committed to ketogenic health.”

Affiliates in the program will receive support in the form of professionally designed graphics and marketing materials, along with access to KetoAir's brand tags and logos for authentic health journey updates. This initiative targets metabolic coaches, podcasters, health authors, experts, disease management and reversal companies, and other influencers.

Joining the “BrAce for Impact” program is simple: affiliates complete a quick form, and an affiliate marketing agreement is automatically sent to them for signature. Interested individuals can join the program through this [link](#).

KetoAir™ is a handheld breathalyzer, specifically engineered for ketogenic health management (United States FDA registration number: 3026284320). KetoAir™ measures an individual's breath acetone concentration (BrAce), a ketone body that rises as fat oxidation increases. By leveraging the nano-sensor-based technology, the KetoAir™ breathalyzer is designed to assess the ketosis status of its individual user and is accessible on both the

Apple App Store and Google Play Store.
