Adgero Biopharmaceuticals to Present at Biotech Showcase 2017

Presentation with live audio webcast on Monday, January 9th at 4:00 p.m. PST

PRINCETON, NJ -- (Marketwired) -- 01/05/17 -- [Adgero Biopharmaceuticals Holdings, Inc.](#) ("Adgero" or the "Company"), a privately-held biopharmaceutical company leveraging its late stage photodynamic therapy ("PDT") platform for the treatment of serious oncology indications, announced today that [Frank Pilkievicz, Ph.D., Chief Executive Officer](#) and Chairman of the Board of Adgero, will present at the 9th Annual Biotech Showcase™ conference on Monday, January 9, 2017 at 4:00 p.m. PST in San Francisco, CA.

During his presentation, Dr. Pilkievicz will provide an overview of Adgero's lead product candidate [REM-001 Therapy](#), which has been previously studied in four Phase 2/3 clinical studies in patients with cutaneous metastatic breast cancer ("CMBC"), the majority of whom have failed radiation therapy. Adgero is also currently evaluating Phase 1/2 data of REM-001 Therapy for the treatment of recurrent basal cell carcinoma, particularly in patients with basal cell nevus syndrome ("BCNS"). Dr. Pilkievicz will discuss Adgero's clinical and regulatory strategy to advance both of these clinical programs in 2017.

A live webcast of the presentation will be available on the Company's website at www.AdgeroBiopharm.com. The webcast replay will be available approximately two hours after the presentation ends and will be accessible for 90 days.

About Adgero

Adgero Biopharmaceuticals Holdings, Inc. is a privately-held biopharmaceutical company focused on building a pipeline by advancing its proprietary late stage photodynamic therapy ("PDT") platform with broad utility for the treatment of serious oncology indications. Its lead product candidate, REM-001 Therapy, has been previously studied in four Phase 2/3 clinical studies in patients with cutaneous metastatic breast cancer ("CMBC"), the majority of whom have failed radiation therapy. Use of Adgero's existing data or the completion of a Phase 3 trial in individuals with CMBC could lead to approval of REM-001 Therapy.

Forward-Looking Statements

This press release contains certain forward-looking statements, including those relating to the Company's product development, clinical and regulatory timelines, market opportunity, competitive position, possible or assumed future results of operations, business strategies, potential growth opportunities and other statements that are predictive in nature. The Company has made every reasonable effort to ensure the information and assumptions on which these statements are based are current, reasonable and complete. However, a variety of factors, many of which are beyond the Company's control, affect the Company's operations, performance, business strategy and results and there can be no assurances that the Company's actual results will not differ materially from those indicated herein. Additional written and oral forward-looking statements may be made by the Company from time to time. The Private Securities Litigation Reform Act of 1995 provides a safe-harbor for forward-looking statements. These statements may be identified by the use of forward-looking expressions, including, but not limited to, "expect," "anticipate," "intend," "plan," "believe," "estimate," "potential," "predict," "project," "should," "would" and similar expressions and the negatives of those terms. These statements relate to future events or our financial performance and involve known and unknown risks, uncertainties, and other factors which may cause actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Prospective investors are cautioned not to place undue reliance on such forward-looking statements, which speak only as of the date of this presentation. The Company undertakes no obligation to publicly update any forward-looking statement, whether as a result of new information, future events or otherwise.
