Ensysce Biosciences to Begin Trading its Common Stock on The Nasdaq Capital Market on July 2, 2021

SAN DIEGO, July 01, 2021 (GLOBE NEWSWIRE) -- Ensysce Biosciences, Inc. ("Ensysce" or the "Company") (NASDAQ: ENSC, OTC: ENSCW) today announced that the Company will begin trading its common stock under the ticker symbol "ENSC" on The Nasdaq Capital Market and warrants under the ticker symbol "ENSCW" on the OTC Market on July 2, 2021.

As previously announced, the Company closed its merger with Leisure Acquisition Corp. ("LACQ") on June 30, 2021, which was approved by LACQ's shareholders on June 28, 2021.

Forward Looking Statements

This press release contains certain forward-looking statements within the meaning of federal securities laws, including with respect to the business combination of Ensysce and LACQ. Forward-looking statements are predictions, projections and other statements about future events that are based on current expectations and assumptions and, as a result, are subject to risks and uncertainties. Many factors could cause actual future events to differ materially from the forward-looking statements in this communication. Such factors can be found in Ensysce's most recent annual report on Form 10-K, subsequently filed quarterly reports on Form 10-Q and current reports on Form 8-K, which are available, free of charge, at the SEC's website at www.sec.gov, and also in the Form S-4 and Ensysce's definitive proxy statement/prospectus relating to the business combination. New risks and uncertainties arise from time to time, and it is impossible for us to predict these events or how they may affect the Company. You are cautioned not to place undue reliance upon any forward-looking statements, which speak only as of the date made, and Ensysce undertakes no obligation to update or revise the forward looking statements, whether as a result of new information, changes in expectations, future events or otherwise.

About Ensysce Biosciences:

Ensysce Biosciences, San Diego, CA is a clinical-stage biotech company using its proprietary technology platforms to develop safer prescription drugs. Leveraging its Trypsin Activated Abuse Protection (TAAP™) and Multi-Pill Abuse Resistance (MPAR™) platforms, the Company is developing a new class of powerful, tamper-proof opioids that prevent both drug abuse and overdoses. Ensysce's products are anticipated to provide safer options to treat severe pain and assist in preventing deaths caused by opioid abuse, reducing the human and economic cost. The platforms are covered by an extensive worldwide intellectual property portfolio for a wide array of prescription drug compositions. For more information, please visit www.ensysce.com.
