Ensysce Biosciences' Presentation from the Noble Capital Markets Emerging Growth Virtual Healthcare Equity Conference Published

~ Webcast Replay Available on Ensysce's Investor Relations Website ~

SAN DIEGO, CA / ACCESSWIRE / April 19, 2024 /Ensysce Biosciences, Inc. (NASDAQ:ENSC) ("Ensysce" or the "Company"), a clinical stage pharmaceutical company developing innovative solutions for severe pain relief while reducing the potential for opioid abuse and overdose, today announced the Company's webcast presentation and discussion during the Noble Capital Markets Emerging Growth Virtual Healthcare Equity Conference on April 17, 2024 is available on Ensysce's Investor Relations website at ir.ensysce.com and can also be viewed [here](#).

Dr. Lynn Kirkpatrick, CEO of Ensysce presented a summary of the Company's TAAP and MPAR® technology and provided the current status of the two lead drug candidates, PF614 and PF614-MPAR, an opioid with oral overdose protection. Following the presentation, Dr. Kirkpatrick discussed the company's progress with the two lead programs, the Breakthrough Therapy designation recently granted by the FDA to PF614-MPAR, and the company's anticipated milestones over the next year with Robert LeBoyer, Senior Life Sciences Analyst at Noble Capital Markets.

About Ensysce Biosciences

Ensysce Biosciences is a clinical-stage company using its proprietary technology platforms to develop safer prescription drugs. Leveraging its Trypsin-Activated Abuse Protection (TAAP™) and Multi-Pill Abuse Resistance (MPAR®) platforms, the Company is developing unique, tamper-proof treatment options for pain that minimize the risk of both drug abuse and overdose. Ensysce's products are anticipated to provide safer options to treat patients suffering from severe pain and assist in preventing deaths caused by medication abuse. The platforms are covered by an extensive worldwide intellectual property portfolio for a wide array of prescription drug compositions. For more information, please visit www.ensysce.com.

About Noble Capital Markets, Inc.

Noble Capital Markets ("Noble") is a research-driven investment bank that has supported small and microcap companies since 1984. As a FINRA and SEC licensed broker dealer, Noble provides institutional-quality equity research, merchant and investment banking, and order execution services. In 2005, Noble established NobleCon, an investor conference that has grown substantially over the last decade. Noble launched www.channelchek.com in 2018 - an investor community dedicated exclusively to public small and micro-cap

companies and their industries. Channelchek is the first service to offer institutional-quality research to the public, for FREE at every level without a subscription. More than 6,000 public emerging growth companies are listed on the site, with growing content including research, webcasts, podcasts, and balanced news.

Definitions

TAAP: trypsin activated abuse protection - designed to protect against prescription drug abuse.

MPAR: multi-pill abuse resistance - designed to protect against abuse and accidental overdose.

Forward-Looking Statements

Statements contained in this press release that are not purely historical may be deemed to be forward-looking statements for the purposes of the safe harbor provisions under The Private Securities Litigation Reform Act of 1995 and other federal securities laws. Without limiting the foregoing, the use of words such as "may," "intends," "can," "might," "will," "expect," "plan," "possible," "believe" and other similar expressions are intended to identify forward-looking statements. The product candidates discussed are in clinic and not approved and there can be no assurance that the clinical programs will be successful in demonstrating safety and/or efficacy, that Ensysce will not encounter problems or delays in clinical development, or that any product candidate will ever receive regulatory approval or be successfully commercialized. All forward-looking statements are based on estimates and assumptions by Ensysce's management that, although Ensysce believes to be reasonable, are inherently uncertain. All forward-looking statements are subject to risks and uncertainties that may cause actual results to differ materially from those that Ensysce expected. In addition, Ensysce's business is subject to additional risks and uncertainties, including among others, the initiation and conduct of preclinical studies and clinical trials; the timing and availability of data from preclinical studies and clinical trials; expectations for regulatory submissions and approvals; potential safety concerns related to, or efficacy of, Ensysce's product candidates; the availability or commercial potential of product candidates; the ability of Ensysce to fund its continued operations, including its planned clinical trials; the dilutive effect of stock issuances from our fundraising; and Ensysce's and its partners' ability to perform under their license, collaboration and manufacturing arrangements. These statements are also subject to a number of material risks and uncertainties that are described in Ensysce's most recent annual report on Form 10-K and current reports on Form 8-K, which are available, free of charge, at the SEC's website at www.sec.gov. Any forward-looking statement speaks only as of the date on which it was made. Ensysce undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise, except as required under applicable law.
