Live webcasts from the Chardan and H.C. Wainwright presentations will be accessible through the Investors section of the Company's website at [ir.biomx.com/news-events/ir-calendar](https://ir.biomx.com/news-events/ir-calendar). Following the events, the webcasts will be archived on the BiomX website.

### About BiomX

BiomX is a clinical-stage biotechnology company developing both natural and engineered phage cocktails designed to target and destroy bacteria that affect the appearance of skin, as well as target bacteria in the treatment of chronic diseases, such as inflammatory bowel disease, primary sclerosing cholangitis, cystic fibrosis, atopic dermatitis and colorectal cancer. BiomX discovers and validates proprietary bacterial targets and customizes phage compositions against these targets.
