Huntington Funds Top \$4 Billion In Assets

Funds Grew \$1.8 Billion Since 2001

COLUMBUS, Ohio, April 25 /PRNewswire-FirstCall/ -- Huntington Funds has reached \$4 billion in assets under management, Huntington Bancshares announced today, Wednesday, April 25, 2007. The funds have grown by more than \$1.8 billion since 2001, when Huntington Funds added seven additional funds to its family of funds. At that time, a series of unique funds were created to complement the existing 12 funds.

"The success of the Huntington Funds is a reflection of the funds team's depth of experience, due diligence, understanding of the market and hard work," said Randy Bateman, president of Huntington Funds. "Huntington has put together a diverse group of funds that appeals to the different risk tolerances and investment needs of our clients."

Standout funds include:

- Huntington Dividend Capture fund with a portfolio of common and preferred stock as well as real estate investment trusts (REITS). That fund has grown from \$5.4 million in assets in 2001 to \$128 million in assets in 2006.

- Huntington International Equity Fund generates returns by investing in international companies that have demonstrated the ability to grow the value of the enterprise at a higher rate than the cost of capital. The fund has grown from \$9.6 million in 2001 to more than \$231 million.

Edgewood Services, Inc. is the distributor of the funds, and is not affiliated with The Huntington National Bank. Huntington Asset Advisors, Inc. is the Investment Advisor of Huntington Funds.

For more complete information about Huntington Funds, please call 1-800- 253-0412 for prospectuses. You should consider the fund's investment objectives, risks, charges and expenses carefully before you invest. Information about these and other important subjects is in the fund's prospectus, which you should read carefully before investing.

Investments in real estate investment trusts ("REITs") involve special risks associated with an investment in real estate, such as limited liquidity and interest rate risks.

Global investing involves special risks including currency risk, political risks, increased volatility of foreign securities, and differences in auditing and other financial standards.
