CHESTER, NY / ACCESSWIRE / February 4, 2019 /Repro Med Systems, Inc. dba RMS Medical Products (OTCQX: REPR) (RMS Medical) today announced that its reconstituted Board of Directors has promoted Don Pettigrew to Chief Executive Officer. Don was the the creator of the company's new strategic plan with the goal of becoming the leading subcutaneous drug delivery partner for targeted markets on a global level. Details of the company's growth plan will be shared on the upcoming conference call.

Dan Goldberger, who had been serving as interim CEO and Chairman, has assumed the position of Executive Chairman of the Board.

"As an industry leader in the home infusion market, RMS delivers invaluable medical and lifestyle solutions to patients who rely on our products," said Don Pettigrew, President and CEO. "My vision as CEO is to innovate and improve our products such as the FREEDOM system, partner with the medical community to identify new patient needs and expand our reach in the US and abroad. Achieving these goals is a win-win for patients, providers and shareholders alike," said Pettigrew.

"Don's presence since joining the company has been immediately accretive," said Dan Goldberger, Executive Chairman. "His experience in the infusion industry has uniquely positioned him to build upon the company's successful foundation. I look forward to working with Don and the team at RMS and our newly reconstituted Board of Directors in my role as Executive Chairman to help the company achieve its potential and execute on our strategy."
