Barings BDC, Inc. Announces Quarterly Cash Dividend Of \$0.10 Per Share

CHARLOTTE, N.C., Oct. 11, 2018 /PRNewswire/ -- Barings BDC, Inc. (NYSE: BBDC) ("Barings BDC" or the "Company") today announced that its board of directors has declared a quarterly cash dividend of \$0.10 per share. This represents a \$0.07 increase from the third quarter dividend of 2018 and a dividend yield of approximately 4%. Additionally, this dividend reflects Barings BDC's associated portfolio ramp into middle market assets as well as the board's commitment to a long-term, sustainable dividend policy supported by underlying cash flows of the Barings BDC asset base.

The Company's dividend will be payable as follows:

Fourth Quarter 2018 Dividend:

Amount per share: \$0.10

Record date: December 14, 2018

Payment date: December 21, 2018

Dividend Reinvestment Plan

Barings BDC has adopted a dividend reinvestment plan ("DRIP") that provides for reinvestment of dividends and distributions on behalf of its stockholders, unless a stockholder elects to receive cash. As a result, when the Company declares a cash dividend or distribution, stockholders who have not opted out of the DRIP will have their cash dividends or distributions automatically reinvested in additional shares of the Company's common stock, rather than receiving cash.

When the Company declares and pays dividends and distributions, it determines the allocation of the distribution between current income, accumulated income and return of capital on the basis of accounting principles generally accepted in the United States ("GAAP"). At each year end, the Company is required for tax purposes to determine the allocation based on tax accounting principles. Due to differences between GAAP and tax accounting principles, the portion of each dividend distribution that is ordinary income, capital gain or return of capital may differ for GAAP and tax purposes. The tax status of the Company's distributions can be found on the Investor Relations page of its website.
