Third Quarter 2023 Results

Commenting on the quarter, Eric Lloyd, Chief Executive Officer of Barings BDC, stated, "BBDC reported another strong quarter, out-earning the dividend by 20%. Net investment income increased 19% year-over-year and our portfolio continues to perform well despite elevated base rates. We believe our strong credit culture, flexible capital solutions, and sourcing capabilities position us to capitalize on the evolving market landscape as investment activity picks back up."

During the three months ended September 30, 2023, the Company reported total investment income of \$70.8 million, net investment income of \$33.3 million, or \$0.31 per share, and a net increase in net assets resulting from operations of \$18.3 million, or \$0.17 per share.

Net asset value ("NAV") per share as of September 30, 2023 was \$11.25, as compared to \$11.34 as of June 30, 2023. The decrease in NAV per share from June 30, 2023 to September 30, 2023 was primarily attributed to a net realized loss on investments and foreign currency transactions of \$0.16 per share, partially offset by net unrealized appreciation on the Company's investment portfolio, credit support agreements and foreign currency transactions of approximately \$0.02 per share and net investment income exceeding the Company's third guarter dividend by \$0.05 per share.

Recent Portfolio Activity

During the three months ended September 30, 2023, the Company made 10 new investments totaling \$64.5 million and made investments in existing portfolio companies totaling \$73.4 million. The Company received \$1.3 million of return of capital from its joint ventures and equity investments. In addition, the Company sold \$8.6 million of loans, recognizing a net realized loss on these transactions of \$5.0 million and sold \$45.0 million of middle-market portfolio debt investments to its joint ventures realizing a gain on these transactions of \$0.5 million. In addition, an investment in one portfolio company was restructured, which resulted in a loss of \$3.0 million. Lastly, the Company received proceeds related to the sale of equity investments totaling \$0.5 million and recognized a net realized loss on such sales totaling \$8.3 million.

During the three months ended September 30, 2023, the Company recorded net unrealized appreciation totaling \$2.0 million, consisting of unrealized appreciation of \$1.2 million on the MVC credit support agreement with Barings, net unrealized appreciation related to foreign currency transactions of \$7.6 million, net unrealized appreciation related to forward currency contracts of \$7.4 million and unrealized appreciation reclassification adjustments of \$11.5 million related to the net realized losses on the sales / repayments of certain investments, net of unrealized depreciation on the Company's current portfolio of \$17.4 million, unrealized depreciation of \$7.6 million on the Sierra credit support agreement with Barings and \$0.7 million of deferred taxes. The net unrealized depreciation on the Company's current portfolio of \$17.4 million was driven primarily by the impact of foreign currency exchange rates on investments of \$14.8 million and credit or fundamental performance of investments of \$6.7 million, partially offset by broad market moves for investments of \$4.1 million.

As of September 30, 2023, the Company had cash and foreign currencies of \$49.8 million, \$796.1 million of borrowings outstanding under its \$1.1 billion senior secured revolving credit agreement, \$725.0 million aggregate principal amount of unsecured notes outstanding and a net receivable from unsettled transactions of \$53.5 million.

Share Repurchase Program

On February 23, 2023, the Board authorized a new 12-month share repurchase program.

Under the program, the Company may repurchase, during the 12-month period that commenced on March 1, 2023, up to \$30.0 million in the aggregate of its outstanding common stock in the open market at prices below the then-current NAV per share. The timing, manner, price and amount of any share repurchases will be determined by the Company, in its discretion, based upon the evaluation of economic and market conditions, the Company's stock price, applicable legal, contractual and regulatory requirements and other factors. The program is expected to be in effect until March 1, 2024, unless extended or until the aggregate repurchase amount that has been approved by the Board has been expended. The program does not require the Company to repurchase any specific number of shares, and the Company cannot assure stockholders that any shares will be repurchased under the program. The program may be suspended, extended, modified or discontinued at any time. As of November 9, 2023, the Company had repurchased a total of 1,400,000 shares of its common stock in the open market under the authorized program at an average price of \$7.75 per share, including broker commissions.

Dividend Reinvestment Plan

Barings BDC has adopted a dividend reinvestment plan ("DRIP") that provides for reinvestment of dividends and distributions on behalf of its stockholders, unless a stockholder elects to receive cash. As a result, when the Company declares a cash dividend or distribution, stockholders who have not opted out of the DRIP will have their cash dividends or distributions automatically reinvested in additional shares of the Company's common stock, rather than receiving cash.

When the Company declares and pays dividends and distributions, it determines the allocation of the distribution between current income, accumulated income, capital gains and return of capital on the basis of accounting principles generally accepted in the United States ("GAAP"). At each year end, the Company is required for tax purposes to determine the allocation based on tax accounting principles. Due to differences between GAAP and tax accounting principles, the portion of each dividend distribution that is ordinary income, capital gain or return of capital may differ for GAAP and tax purposes. The tax status of the Company's distributions can be found on the Investor Relations page of its website.

Subsequent Events

Subsequent to September 30, 2023, the Company made approximately \$105.3 million of new commitments, of which \$96.7 million closed and funded. The

weighted average yield of the debt investments was 13.1%. In addition, the Company funded \$9.7 million of previously committed delayed draw term loans and \$2.5 million of a previously committed preferred equity co-investment.
