NetSol Technologies Wins a Major Information Security Contract in the Mobile Telecommunications Sector

CALABASAS, CA -- (MARKET WIRE) -- 12/22/09 -- NetSol Technologies, Inc. "NetSol" (NASDAQ: NTWK) (NASDAQ DUBAI: NTWK), a U.S. corporation providing global business services and enterprise application solutions to private and public sector organizations worldwide, announced today that the company has won a major contract in the area of Information Security with a leading mobile telecommunications company in Pakistan. This contract award further strengthens NetSol's position as a leader in the information security services sector in Pakistan. The client selected NetSol based on the company's strong information security practices, technical expertise and proven track record in deploying large scale information security solutions for information sensitive organizations.

The client required a highly scalable and high performance solution, selecting NetSol after a rigorous selection amongst competitive vendors. NetSol offered a cutting-edge and high performance scalable solution that will help the client to protect its data centers against security threats coming from the Internet or Intranet. The solution comes with impressive security effectiveness, comprehensive coverage for the critical vulnerabilities, and extremely strong electronic defensive measures to thwart typical evasion techniques.

As part of the contract, NetSol's Information Security team will ensure the provisioning of hardware and software, lead the design and implementation, as well as train appropriate staff. The award of this contract reaffirms NetSol's position in the market as a trusted partner for enterprise security management.
