FOXO Technologies Inc. Announces Receipt of Notice of Non-Compliance with NYSE Continued Listing Requirements

MINNEAPOLIS--(BUSINESS WIRE)-- On June 12, 2023, [FOXO Technologies Inc.](#) (NYSEAM: FOXO) (the “Company”) received an official notice of noncompliance (the “NYSE American Notice”) from NYSE Regulation (“NYSE”) stating that the Company is below compliance with Section 1003(a)(i) in the NYSE American Company Guide (the “Company Guide”) since it reported stockholders’ deficit of \$(30,000) at March 31, 2023, and losses from continuing operations and/or net losses in its two most recent fiscal years ended December 31, 2022. Section 1003(a)(i) of the Company Guide requires a listed company to have stockholders’ equity of \$2 million or more if the listed company has reported losses from continuing operations and/or net losses in two of its three most recent fiscal years.

The Company is now subject to the procedures and requirements set forth in Section 1009 of the Company Guide. The Company has until July 12, 2023, to submit a plan (the “Plan”) advising of actions it has taken or will take to regain compliance with the continued listing standards by December 12, 2024. If NYSE accepts the Plan, the Company will have an eighteen (18) month cure period to comply with the Plan and will be subject to periodic reviews including quarterly monitoring for compliance with the Plan. The NYSE American Notice has no immediate effect on the listing or trading of the Company’s Class A common stock on NYSE American, which will continue trading on the NYSE American under the symbol “FOXO”.

The Company intends to consider available options to regain compliance with the stockholders’ equity requirement, but no decisions have been made at this time. There can be no assurance that the Company will ultimately regain compliance with all applicable NYSE American listing standards.
