

Company Overview

Orbital Tracking Corp. provides satellite based tracking services as well as mobile voice and data communications services globally via satellite to commercial, government and individual users. We specialize in services related to the Globalstar satellite network, including ground station construction, simplex tracking services and satellite voice airtime. Through our subsidiary companies, we operate various e-commerce retail websites which allow consumers all over the world to purchase our products, and we provide online tracking portals to enable users of our satellite tracking devices to view the location of assets in real-time on mobile devices or PCs.
