## About Augmedix

Augmedix, Inc. (Nasdaq: AUGX) provides automated medical documentation and data services to large healthcare systems and physician practices, supporting medical offices, clinics, hospitals, emergency departments, and telemedicine nationwide. The Company’s Ambient Automation Platform converts the natural conversation between physicians and patients into timely and comprehensive medical notes and performs a suite of related data services. These services relieve physicians of administrative burdens to enable more time for patient care. Augmedix’s proprietary platform uses automatic speech recognition, natural language processing and clinical datasets to capture the ambient visit conversation and generate a structured medical note. The structured medical note data is then used to deliver additional data services. Quality is assured by trained medical documentation specialists.
