SinglePoint(TM), Inc. Launches Initiative to Become Fully-Reporting Company; Harvests Aggressive Expansion Into Medical Marijuana Sector

PHOENIX, AZ -- (Marketwired) -- 03/25/14 -- [Singlepoint, Inc.](#) (OTC: SING), a state-of-the-art mobile technology company and full-service mobile marketing company, is proud to notify shareholders that it has launched initiatives to file a registration statement with the SEC to become a fully reporting company trading on the OTCQB®. The OTCQB has replaced the Financial Industry Regulatory Authority (FINRA)-operated OTC Bulletin Board (OTCBB) as the main market for trading OTC securities that report to a U.S. regulator.

The move comes in the wake of the Company continuing its financing and expansion initiatives for access to the multi-billion dollar Cannabis and Medical Marijuana markets. To date, the company has achieved a significant capital raise toward effective, strategic market penetration in bringing its payment solutions IP as a go-to for growers, dispensaries and consumers alike.

"The entire team is thrilled with our recent successes," states CEO, Greg Lambrecht. "Our annual revenues were in excess of \$1M in 2013 and our business continues to grow, servicing a diverse base of market sectors. It's time to take SinglePoint to the next level, and registering with the SEC will be a step in the right direction toward our overall goals to position our Company as a dominant force in an ever-growing industry. We are confident that becoming a reporting company with the SEC will provide benefits to the Company and our shareholders in terms of transparency, investor confidence and overall long-term growth potential."
