## SinglePoint Announces GreenStar Payment Solutions to Sponsor, Exhibit Services and Solutions at Cannabis Business Summit in Denver, June 24

PHOENIX, AZ -- (Marketwired) -- 05/29/14 -- [SinglePoint, Inc.](#) (OTC: SING) announces today that [GreenStar Payment Solutions, Inc.](#), a 33/33/33 Joint Venture with Advanced Content Services, Inc. (OTC: ADCS) and Chris Mills' GreenHouse Payment Solutions, has confirmed that it will sponsor and exhibit at the [Cannabis Business Summit](#), the first national conference held by the [National Cannabis Industry Association](#), the nation's largest cannabis trade association, where 800+ businesses seeking products and technologies will be present.

GreenStar is a payment solutions company that offers tools and services for both legal Medical and legal Recreational Marijuana Business owners, primarily dispensaries and clinics, allowing customers to use their debit and credit cards to make purchases.

This particular merchant segment generated over \$2 billion in revenues last year, virtually none of which was done through electronic payment devices such as credit and debit cards. GreenStar Payment Solutions, Inc. seeks to foster better business practices for industry operations while capturing an attractive market share.

As well, GreenStar Payment Solutions, Inc. will hold its first in-person Board meeting at the event. The agenda includes an intensive strategies outlay for significant market penetration as well as team training toward optimal sales results.

The Cannabis Business Summit will position GreenStar Payment Solutions as an Industry Leader sponsor in front of a national audience of cannabis business owners and decision makers, wherein GreenStar is confident it will secure an attractive base of flagship customers for the brand toward near-term revenues for all involved. CEO, Chris Mills, will be manning the company's exhibit booth and execs from each company in the JV will be present and proactively marketing the services. As well, it was recently noted that newly awarded Recreational businesses from Washington State will be in attendance.

The GreenStar team is confident they will come away from the event with impactful results, given their unique services and solutions, with direct access to competitor-coveted relationships. Leading industry research shows that the most effective lead generation vehicles include in-person events, industry specific magazines, and online marketing. GreenStar strategies will capitalize on all of the above to aggressively harvest new business toward long-term, customer-focused relationships.

Dispensaries and legal business owners in the MMJ sector -- Find out how GreenStar can support you with superior business practices, competitive merchant service solutions and key revenue generators to improve your overall bottom line:
