"We appreciate the support we have received from Texas. We wanted to find a way to give back to the communities that we have been doing business in and felt what better way to show that support by donating to the Fall Sports Booster Programs," states Allen Kruse, Marketing Director of Direct Solar. There is no ceiling on the amount of donations that Direct Solar will make as long as the solar system is sold during the promotion.

"We hope that this promotion will be a great success. Nothing would make me happier than to cut some very large checks at the end of the year to support these schools and their sport programs," states Pablo Diaz, Founder & CEO of Direct Solar.
