Avalon GloboCare Appoints Former Congressman Billy Tauzin to its Board of Directors

FREEHOLD, NJ -- (Marketwired) -- 11/07/17 -- Avalon GloboCare Corp. (OTCQB: AVCO), a leading global developer of cell-based technologies, announced today that the Company has appointed former Congressman Billy Tauzin to its Board of Directors.

Congressman Tauzin has a long and distinguished 36-year elective career culminating in chairing the Energy and Commerce Committee (ECC) in the U.S. House of Representatives, which oversees food and drug safety, public health and research, telecommunications, consumer protection, environmental quality, energy policy, and interstate and foreign commerce among others. After leaving Congress in 2005, Congressman Tauzin was invited to become the President and Chief Executive Officer of the Pharmaceutical Research and Manufacturers of America (PhRMA), where he oversaw their participation in putting together the Partnership for Prescription Assistance, which has provided free and nearly free medication for over 10 million patients.

Congressman Tauzin now serves on the Boards of Directors of Entergy Corporation, LHC Group, the Alliance for Aging Research, Lenitiv Scientific, CaptureRx, and Resilient Network Systems, Inc. In 2010, he founded Tauzin Strategic Networks and co-founded Tauzin Consultants, LLC, a DC-based government relations, advocacy and strategic counsel organizations, fostering innovative solutions to some of the world's biggest challenges.

On joining the Board, Congressman Tauzin said, "Healthcare is an issue across the world and we have much to learn from one another. Avalon can and will be a major platform for not only domestic, but international healthcare exchange and improvement. I am excited to be a part of that platform."

Dr. David Jin, President and CEO of Avalon GloboCare, stated, "We are honored to have Congressman Tauzin join the Board of Directors. He brings extensive relationships with government leaders and experience in the healthcare industry that will aid in accelerating the development of our cell-based therapies as well as our exosome technology platform, which has the potential to transform the liquid biopsy and related markets. We believe it will help enable more accurate and efficient diagnosis and treatment in various diseases. We look forward to Congressman Tauzin's support as we aggressively roll out our exosome technologies, as well as our rehab and healthcare facility management services."
