MPX INTERNATIONAL ANNOUNCES VIRTUAL CONSULTATION TO SUPPORT MEDICAL CANNABIS PATIENTS DURING COVID-19

NOT FOR DISTRIBUTION TO NEWSWIRE SERVICES IN THE UNITED STATES OR FOR DISSEMINATION IN THE UNITED STATES. ANY FAILURE TO COMPLY WITH THIS RESTRICTION MAY CONSTITUTE A VIOLATION OF UNITED STATES SECURITIES LAWS.

TORONTO, April 09, 2020 (GLOBE NEWSWIRE) -- **MPX International Corporation** (“**MPX International**”, “**MPXI**” or the “**Company**”) (CSE:MPXI; OTCQX:MPXOF), a multinational diversified cannabis company, announces that it has expanded its virtual medical services to ALL Canadians through the Spartan Wellness portal on the Medical Cannabis Learning Network (the “**MCLN**”) which can be accessed by visiting <https://portal.mcln.tv>.

“With the most recent world events, we are pleased that we are equipped, through our Spartan Wellness Clinic and the Medical Cannabis Learning Network, to offer virtual consultations and medical cannabis choices to patients. Our patients can access our qualified health care practitioners, have their prescriptions filled through our virtual pharmacy and have their medical cannabis products delivered directly to their door,” noted W. Scott Boyes, Chairman, President and CEO of MPX International.

The investment MPXI made in both Spartan Wellness Corporation (“**Spartan Wellness**”) and the MCLN have proven to be opportune as these portals, accessible from any device, can offer patients a variety of virtual educational and consultative services as well as an order-entry site for premium flower, oil and capsules from their online marketplace. This puts MPXI at the forefront of medical cannabis support at a time when the world needs social distancing as a result of COVID-19.

Virtual platforms, such as the MCLN, have demonstrated their effectiveness during the present COVID-19 crisis and we believe that they will become more prevalent and a stronger part of our health infrastructure in the post-crisis world,” noted Michael Arnkvarn, Chief Operating Officer, MPXI Canada. “In Canada, situations like COVID-19 encourage us to be stronger and more responsive and we are delighted that we can deliver this service to our existing and new patients.”

Spartan Wellness virtual clinics were initially established by Veterans to support other Veterans, but it has become very clear, very quickly that this was a universal service that

could apply across many patient groups throughout Canada. Offering this service to all Canadians will expand MPXI's reach into areas of pain management, anxiety, depression, PTSD and multiple other conditions.

"Spartan Wellness is the leading support network for Veterans and First Responders and we look forward to expanding these services to help all Canadians in these challenging times," noted Riad Byne, Founder and CEO, Spartan Wellness. "We have the virtual platform in place and a team of health professionals to deliver our support services."

About MPX International Corporation

MPX International Corporation is a multinational diversified cannabis company focused on developing and operating assets across the global cannabis industry with an emphasis on cultivating, manufacturing and marketing products which include cannabinoids as their primary active ingredient.

Cautionary Statement Regarding Forward-Looking Information

This news release includes certain "forward-looking statements" under applicable Canadian securities legislation that are not historical facts. Forward-looking statements involve risks, uncertainties, and other factors that could cause actual results, performance, prospects, and opportunities to differ materially from those expressed or implied by such forward-looking statements. Forward-looking statements in this news release include, but are not limited to, MPX International's objectives and intentions. Forward-looking statements are necessarily based on a number of estimates and assumptions that, while considered reasonable, are subject to known and unknown risks, uncertainties and other factors which may cause actual results and future events to differ materially from those expressed or implied by such forward-looking statements. Such factors include, but are not limited to: general business, economic and social uncertainties; litigation, legislative, environmental and other judicial, regulatory, political and competitive developments; delay or failure to receive board, shareholder or regulatory approvals; those additional risks set out in MPX International's public documents filed on SEDAR at www.sedar.com, including its audited annual consolidated financial statements for the financial years ended September 30, 2019 and 2018 and the corresponding annual management's discussion and analysis; and other matters discussed in this news release. Although MPX International believes that the assumptions and factors used in preparing the forward-looking statements are reasonable, undue reliance should not be placed on these statements, which only apply as of the date of this news release, and no assurance can be given that such events will occur in the disclosed time frames or at all. Except where required by law, MPX International disclaims any intention or obligation to update or revise any forward-looking statement, whether as a result of new information, future events, or otherwise.

COVID-19 Risks

The Corporation may be impacted by business interruptions resulting from pandemics and public health emergencies, including those related to COVID-19. An outbreak of infectious disease, a pandemic, or a similar public health threat, such as the recent outbreak of COVID-19, or a fear of any of the foregoing, could adversely impact the Corporation by causing operating, manufacturing, supply chain, and project development delays and disruptions, labor shortages, travel, and shipping disruption and shutdowns (including as a

result of government regulation and prevention measures). It is unknown whether and how the Corporation may be affected if such a pandemic persists for an extended period of time, including as a result of the waiver of regulatory requirements or the implementation of emergency regulations to which the Corporation is subject. Although the Corporation continues to operate in those jurisdictions in which its operations are permitted, there is no assurance that the Corporation's operations will continue to be deemed essential and/or will continue to be permitted to operate. Further, the Corporation may incur expenses or delays relating to such events outside of its control, which could have a material adverse impact on its business, operating results, financial condition and the trading price of the Corporation's common shares.
