## WisdomTree's India Hedged Equity Fund (INDH) Wins Best New International Equity ETF at ETF.com Awards 2025

*The recognition reinforces the firm's commitment to innovative emerging market strategies*

NEW YORK--(BUSINESS WIRE)-- WisdomTree, Inc. (NYSE: WT), a global financial innovator, today announced WisdomTree's India Hedged Equity Fund (INDH) has been named "Best New International Equity ETF" at the ETF.com Awards 2025, which recognizes excellence in the ETF industry, celebrating funds that are shaping the future of global investing.

The Best New International Equity ETF Award is awarded to a fund launched in 2024 that has demonstrated outstanding performance and innovation in the international equity market. It highlights funds that have excelled in tracking or investing in equities that originate outside of the United States.

Jarrett Lilien, WisdomTree President and COO, said, "We are thrilled to see the WisdomTree India Hedged Equity Fund recognized as the Best New International Equity ETF at the ETF.com Awards 2025. The success of this fund is a testament to the strength of our global expertise and the growing importance of emerging markets like India. As we continue to drive forward with our mission, we remain dedicated to delivering cutting-edge strategies that empower investors to navigate a complex and dynamic investment landscape."

Since its inception in 2011, the ETF.com Awards have celebrated the most influential and innovative players in the ETF industry. The winners are chosen through a meticulous selection process, where an expert panel of editors and judges assess each nominee's contributions to the ETF market. WisdomTree's win was made possible through a combination of internal votes and feedback from industry participants, who recognize the value of building resilient, diversified portfolios in today's market environment.

This year's awards were presented at the winners' award ceremony in New York on April 23, 2025. More information on the ETF.com Awards 2025 and the voting process can be found [here](#).

## **Important Risk Information**

There are risks associated with investing including possible loss of principal. Foreign investing involves special risks, such as risk of loss from currency fluctuation or political or economic uncertainty. The Fund focuses its investments in India, thereby increasing the impact of events and developments associated with the region that can adversely affect performance. Investments in emerging, offshore or frontier markets such as India are generally less liquid and less efficient than developed markets and are subject to additional risks, such as of adverse governmental regulation and intervention or political developments. Investments in currency involve additional special risks, such as credit risk, interest rate fluctuations and derivative investment risk, which can be volatile and may be less liquid than other securities, and the effect of varied economic conditions. Due to the investment strategy of this Fund, it may make higher capital gain distributions than other ETFs. Please read the Fund's prospectus for specific details regarding the Fund's risk profile.
