Our mission is to provide exceptional vacation experiences, delivered by passionate team members committed to world-class hospitality and innovation. With a combined fleet of 28 ships with nearly 60,000 berths, our brands offer itineraries to more than 490 destinations worldwide. We also have nine custom-built new ships on order for our three award-winning brands, which are scheduled for delivery from Summer 2022 through 2027.

Our brands include a variety of accommodations, from studio staterooms designed for solo travelers to the luxurious 4,443 square-foot Regent Suite, which includes an in-suite spa retreat, 1,300 square-foot wraparound veranda, and glass-enclosed solarium sitting area. Norwegian's ships offer up to 28 dining options and what we believe is the widest array of entertainment at sea. Oceania Cruises' award-winning onboard dining,

with multiple open seating dining venues, is a central highlight of its cruise experience. Regent's all-inclusive offering includes air transportation, shore excursions, pre-cruise hotel stays (for concierge level and above), specialty restaurants, premium spirits and fine wines, gratuities, Wi-Fi and other amenities.

We are also focused on destination development and have created two private destinations to enhance the shore experience for our guests: Great Stirrup Cay in the Bahamas and Harvest Caye in Southern Belize. These destinations allow our guests to experience paradise through our private beaches, beachfront cabanas and villas, restaurants and dining options, pools and experiences like ziplines, nature centers and adventure tours.

We also continue to strategically build our presence in Alaska, a fast-growing and very profitable destination-centric region that anchors one of the most popular itineraries for our guests. In 2021, we completed construction of a double-ship pier in Ward Cove, Ketchikan, and a second cruise pier at Icy Strait Point in partnership with Alaska Native-owned Huna Totem Corporation. Our continued investments in the region will enable us to provide our guests with a best-in-class experience as they explore the wonders of The Last Frontier.

Our Board currently consists of seven directors and is divided into three classes. The members of each class serve for staggered three-year terms.

## CORPORATE GOVERNANCE

### *Shareholder Engagement*

---

We believe that strong relationships with our shareholders are critical to our long-term success. Our shareholder outreach program is led by a cross-functional team including members of our Investor Relations, Environmental, Social and Governance (“ESG”) and Legal Departments. Through this year-round outreach, we solicit feedback on our executive compensation program, corporate governance, disclosure practices, sustainability practices, corporate social responsibility programs and long-term goals. We frequently include our Board members in our engagement meetings and share feedback with our entire Board.

At our 2021 Annual General Meeting, approximately 16.6% of our shareholders approved, on an advisory basis, the compensation of our NEOs in 2020 (our “2021 Say-on-Pay Vote”). We were disappointed in this result as the unprecedented and disproportionate impacts of the COVID-19 pandemic on our Company and industry drove the Compensation Committee to temporarily make changes to our compensation program to promote the stability and resilience of our Company. We engaged directly with our shareholders to discuss our compensation program in the Spring of 2021, both before and after our 2021 Annual General Meeting.

In response to our 2021 Say-on-Pay Vote, we further enhanced our engagement efforts by initiating additional compensation-related conversations with our shareholders from Summer 2021 through Spring 2022. Our former Chairperson of the Compensation Committee, Mr. John Chidsey, participated in the engagement in 2021, while our new Chairperson of the Compensation Committee, Mr. Curtis, participated in calls during 2022, following his appointment to the position. Our Executive Vice President, General Counsel and Assistant Secretary, Vice President, Assistant General Counsel and Vice President, Investor Relations, Corporate Communications & ESG also participated in the engagement process.

We initiated engagement about our compensation program with 40 of our top institutional holders, which included each institutional holder that held more than 0.5% of our outstanding shares as of year-end 2021. In some cases, the engagement efforts spanned multiple calls.

In response to shareholder feedback, we made several changes to our executive compensation program and refreshed the constitution of our Compensation Committee (including appointing a new Chairperson).

## Board Diversity

---

Our Board's commitment to seeking out women and minority candidates as well as candidates with diverse backgrounds is formalized in our Corporate Governance Guidelines. Under-represented minority ("URM") refers to individuals who identify as racially or ethnically diverse and at the beginning of 2021 included one individual who identified as LGBT. At the beginning of 2021, our Board members were 1/3<sup>rd</sup> female and 1/3<sup>rd</sup> URM. During 2021, one female director who identified as a URM and an additional director who identified as a URM resigned from our Board. We currently have 2 female directors and one director who identifies as a URM on our Board. Our Nominating and Governance Committee is currently working with a third-party search firm to identify additional well-qualified female and diverse candidates for consideration as potential Board candidates.

## Board of Directors

### Board Leadership Structure

**Chairperson:**  
**Russell W. Galbut**

Our Board believes its current leadership structure best serves the objectives of our Board's oversight of management, our Board's ability to carry out its roles and responsibilities on behalf of our shareholders, and our overall corporate governance. Our Board and each of its committees are currently led by independent directors, with our President and Chief Executive Officer separately serving as a member of our Board. Our Board believes that participation of our President and Chief Executive Officer as a director, while keeping the roles of President and Chief Executive Officer and Chairperson of the Board separate, provides the proper balance between independence and management participation at this time. By having a separate Chairperson of the Board, we maintain an independent perspective on our business affairs, and at the same time, through the President and Chief Executive Officer's participation as a director, our Board maintains a strong link between management and our Board. We believe this leadership structure promotes clear communication, enhances strategic planning, and improves implementation of corporate strategies. Our current leadership structure is:

## Board Meeting Attendance

During 2021, there were five meetings of our Board, five meetings of our Audit Committee, three meetings of our Compensation Committee, five meetings of our Nominating and Governance Committee and four meetings of our TESS Committee. Each of our directors attended more than 75% of the aggregate of all meetings of our Board and of any committees on which he or she served during 2021. Pursuant to our Corporate Governance Guidelines, in addition to regularly scheduled Board meetings, during 2021, our independent

directors held four regularly scheduled executive sessions without the presence of Company management. Our Chairperson of the Board presides at such executive sessions.

We do not have a formal policy regarding Board member attendance at the annual general meeting of shareholders. All of our then-current directors and director nominees attended the annual general meeting of shareholders in 2021 in person or telephonically.

## Board Committees

The standing committees of our Board include the Audit Committee, Compensation Committee, Nominating and Governance Committee and TESS Committee. Each committee has adopted a written charter and a copy of each committee charter is posted under “Corporate

Governance” on our website at [www.nclhld.com/investors](http://www.nclhld.com/investors). In addition to these committees, our Board may, from time to time, authorize additional Board committees to assist the Board in its responsibilities.

In addition, our Compensation Committee has the power to appoint and delegate matters to a subcommittee comprised of at least one member of our Compensation Committee. Our Compensation Committee does not currently intend to delegate any of its responsibilities to a subcommittee.

Our Compensation Committee is authorized to retain compensation consultants to assist in the review and analysis of the compensation of our executive officers. As further described under “Executive Compensation — Compensation Discussion and Analysis”, our Compensation Committee engaged Frederic W. Cook & Co., Inc. (“FW Cook”) to advise it regarding the amount and types of compensation that we provide to our executive officers, how our compensation practices compared to the compensation practices of other companies and to advise on matters related to our incentive compensation structures. Our Compensation Committee has assessed the independence of FW Cook and concluded that its engagement of FW Cook did not raise any conflict of interest.

### **Independence**

Mr. Scott Dahnke, who served on our TESS Committee from July 2020 through March 2021, and Ms. Thomas-Graham, who served on our TESS Committee through October 2021 were each considered independent during their service.

## The Nomination Process

Our Nominating and Governance Committee regularly evaluates our Board to ensure that our directors have the broad range of skills, expertise, industry knowledge and diversity of background and experience needed to support our long-term strategy. Prior to each annual general meeting of shareholders, our Nominating and Governance Committee recommends to our Board nominee candidates that it has found to be well-qualified,

willing and available to serve. In addition, our Nominating and Governance Committee recommends candidates to serve on our Board at other times during the year, as needed.

As described in our Corporate Governance Guidelines, our Nominating and Governance Committee seeks to recommend directors who: (1) understand elements

relevant to the success of a publicly traded company, (2) understand our business and (3) have a strong educational and professional background. In selecting director nominees, our Nominating and Governance Committee also considers the individual's independence, character, ability to exercise sound judgment and demonstrated leadership skills. The Board is also committed to seeking out women and minority candidates as well as candidates with diverse backgrounds, experiences and skills as part of each Board search the Company undertakes. Our Nominating and Governance Committee may engage a third-party search firm to assist it in identifying candidates for our Board. For example, our Nominating and Governance Committee is currently working with a third-party search firm to identify additional well-qualified female and diverse candidates for consideration as potential Board candidates.

Our Nominating and Governance Committee will identify and consider candidates suggested by outside directors, management and/or shareholders and evaluate them in accordance with its established criteria. Director

candidates recommended by shareholders will be considered in the same manner as recommendations from other sources. If a shareholder desires to recommend a director candidate for consideration by our Nominating and Governance Committee, recommendations should be sent in writing to the General Counsel and Assistant Secretary, Norwegian Cruise Line Holdings Ltd., 7665 Corporate Center Drive Miami, Florida 33126, together with appropriate biographical information concerning each proposed director candidate.

Our Nominating and Governance Committee may request additional information concerning the director candidate as it deems reasonably necessary to determine the eligibility and qualification of the director candidate to serve as a member of our Board. Shareholders who are recommending candidates for consideration by our Board in connection with the next annual general meeting of shareholders should submit their written recommendation no later than January 1 of the year of that meeting.

## *Director Independence*

---

Our Board has affirmatively determined that five of our seven directors, Mr. David M. Abrams, Ms. Stella David, Mr. Russell W. Galbut, Ms. Mary E. Landry and Mr. Harry C. Curtis, are independent under the applicable rules of the NYSE. Our Board determined that Mr. Adam M. Aron and Mr. Frank J. Del Rio are not independent. Our Board also determined that Mr. Scott Dahnke, Mr. Chad Leat, Ms. Pamela Thomas-Graham and Mr. John Chidsey, who resigned from our Board in

March 2021, August 2021, October 2021 and January 2022 were considered independent under the applicable rules of the NYSE during their respective times on our Board. In considering the independence of each director, our Board reviews information provided by each director and considers whether any director has a material relationship with us (either directly or as a partner, shareholder or officer of an organization that has a relationship with us).

## *Board and Committee Evaluations*

---

Each fall, our Nominating and Governance Committee leads our Board and its committees through a formal evaluation process. All members of our Board complete written questionnaires regarding the Board, its committee and general matters of strategy and focus. These questionnaires are designed to elicit information that will ultimately help improve the effectiveness of the Board and each committee. Board members are also encouraged to have one-on-one discussions with either the Chairperson of the Nominating and Governance Committee or the Chairperson of the Board regarding any feedback they may have regarding individual directors. The feedback from these questionnaires is

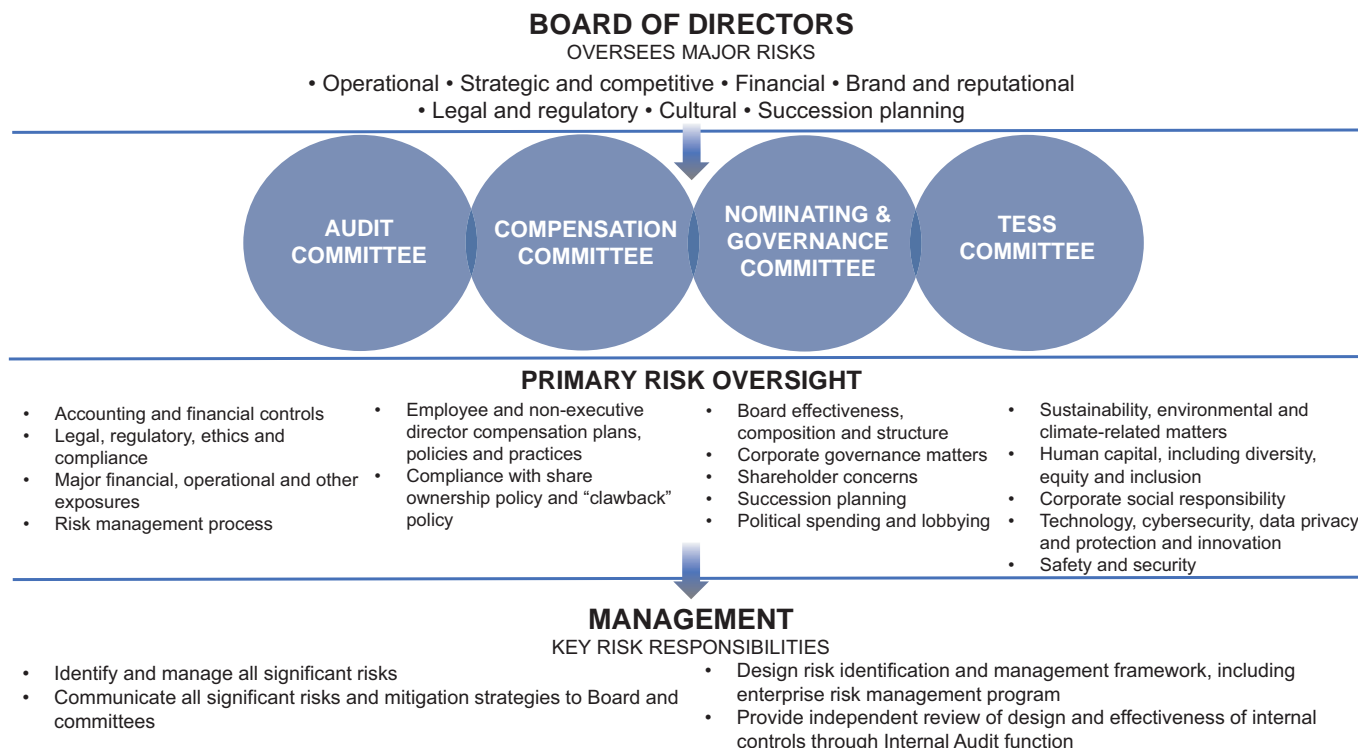

then analyzed and discussed by both the Nominating and Governance Committee and the full Board to ensure that appropriate steps are taken to address any opportunities for improvement. For example, previous evaluations resulted in:

- an increased focus on talent reviews and succession planning, including additional opportunities for Board members to engage with members of management in formal and informal settings,
- the formation of the TESS Committee, and
- the creation of a dedicated ESG Department.

## Board Risk Oversight

Our Board recognizes that effective risk oversight is critical to our long-term success and the fulfillment of its fiduciary duties to our shareholders. While our management team is responsible for the day-to-day management of our risks and implementing appropriate risk management strategies, our Board is responsible for

setting the correct tone at the top, fostering an appropriate culture of risk management, understanding our enumerated top risks and monitoring how management mitigates such risks. Our Board uses its committees to assist in their risk oversight function as described below.

At regular meetings of our Board, committee members report to the full Board regarding matters reported and discussed at committee meetings, including matters relating to risk assessment or risk management. Members of management provide regular reports to our Board, or its committees, regarding business operations, strategic planning, financial planning, cybersecurity, privacy, legal, environmental and climate-related matters, social and governance matters, compliance and regulatory matters, succession planning and human capital management, including any material risk to us relating to such matters. Our TESS Committee reviews metrics regarding our cybersecurity and privacy programs on at least a quarterly basis. Our President and Chief Executive Officer, Executive Vice President and Chief Financial Officer, Executive Vice President, General Counsel and Assistant Secretary and Executive Vice President, Chief Talent Officer regularly attend meetings of our Board and its committees when they are not in executive session, and often report on and or supplement discussions on matters that may not

be otherwise addressed.

Our Audit Committee also receives regular reports from our Senior Vice President of Internal Audit and Enterprise Risk Management, who facilitates our enterprise risk management process on behalf of management and our Audit Committee, to allow our major business risks to be assessed and managed appropriately. In addition, our management team is encouraged to communicate directly with directors regarding matters of interest, including matters related to risk, at times when meetings are not being held.

Our Board believes that the structure and assigned responsibilities described above provide the appropriate focus, oversight and communication of key risks we face. Our Board also believes that the processes it has established to administer our Board's risk oversight function would be effective under a variety of leadership frameworks and therefore do not have a material effect on our Board's leadership structure.

## Environmental, Social & Governance

Our global sustainability program, Sail & Sustain, is centered around our commitment to drive a positive impact on society and the environment while delivering on our vision to be the vacation of choice for everyone around the world. We visit nearly 500 destinations globally, allowing our guests to travel and explore the world, and our business is inextricably linked to the preservation of our planet and the protection of our shared resources. We recognize our ethical, social and environmental responsibilities and are committed to maintaining our high standards of operational excellence, achieving results the right way and creating value for all of our stakeholders.

Our environmental, social and governance (ESG) strategy is focused on five pillars: empowering people, reducing environmental impact, strengthening our communities, sailing safely and operating with integrity and accountability. The strategy was developed through cross-functional collaboration with key internal and external stakeholders and informed by our materiality assessment. As we continue our ESG journey, we look forward to building upon this foundation as we collectively chart a path towards a more sustainable future.

In 2021, our Company published its first ESG report including its first Sustainability Accounting Standards Board (SASB) index. Our Company also published its first Task Force on Climate-Related Financial Disclosures (TCFD) aligned disclosure in Spring 2022.

### Empowering People

It is our privilege to work in a community of nearly 35,000 team members around the globe. Our core mission is to provide exceptional vacation experiences delivered by passionate team members committed to world-class hospitality and innovation. To achieve this, it is crucial that each team member is empowered and has the opportunity to thrive.

We believe in fostering a culture of diversity, equity and inclusion to make our Company stronger through varied perspectives that are invaluable in today's dynamic global business environment. Our commitment to diversity, equity and inclusion begins at the top of our organization and is embedded at every level throughout our organization. To further demonstrate this commitment, our President and Chief Executive Officer, Mr. Del Rio, signed the CEO Action for Diversity & Inclusion pledge in March 2022. Key components of this pledge include, but are not limited to, cultivating environments that support open dialogue on complex conversations around diversity, equity and inclusion and engaging our Board when developing and evaluating diversity, equity and inclusion strategies.

In early 2022, we also launched a new diversity in leadership team member resource group, EMBRACE. The initial objectives of this group include promoting diversity of thought, journeys and perspectives within our management teams and serving as a feedback channel between front line team members and leadership.

We encourage the development of new female leaders through our mentorship program and our female executive networking group, Elevate. Our mentorship program encourages team members of all genders and backgrounds to develop leadership skills, cultivate relationships and identify growth opportunities.

All team members undergo mandatory unconscious bias, microaggressions and diversity and inclusion training. We also have long-term partnerships with the National Diversity Council and the International Women's Forum Fellows Program. We are committed to providing equal opportunity to all team members and our intolerance of any form of discrimination or harassment in the workplace is outlined in our Code of Ethical Business Conduct. In addition, we continue to expand upon our supplier diversity program as part of our commitment to facilitate and encourage the growth of small and diverse suppliers. In 2021, approximately 39% of total U.S. supply spending was with small businesses or businesses with minority, veteran or economically disadvantaged qualifications.

As a people-first organization, we believe in offering our team members programs and benefits that encourage them to advance their skills and achieve long-term financial stability. We offer a generous 401(k) plan for our shoreside employees which includes matching contributions equal to 100% of the first 3% and 50% of amounts greater than 3% to and including 10% of each participant's eligible contributions subject to certain

limitations. We actively foster a culture of learning and offer a variety of developmental courses for our team members. Our benefit programs also include student

loan repayment assistance and educational assistance for team members seeking degrees or professional certifications.

## Workforce Composition as of December 31, 2021

Gender Diversity <sup>(1)</sup>	Male	Female
All global shoreside team members	41%	59%
All global shoreside managers/above	52%	48%
All shipboard team members	78%	22%

Ethnic Diversity <sup>(2)</sup>	Non-URMs%	URMs%
All U.S. shoreside team members, who have self-identified	36%	64%
U.S. shoreside managers/above, who have self-identified	51%	49%

- (1) While we present male and female, we acknowledge this is not fully encompassing of all gender identities.
- (2) Under-represented minority (“URM”) is used to describe diverse populations, including Native American, Asian, Black, Hispanic/Latino and Native Hawaiian team members in the U.S. We do not generally track ethnicity/race for our shipboard team members as the majority are URMs from a U.S. perspective.

## Reducing Environmental Impact

In 2021, we announced our long-term climate action strategy and goal to reach carbon neutrality through reducing carbon intensity, identifying and investing in technology including exploring alternative fuels and implementing a voluntary carbon offset program. In addition to ongoing initiatives to reduce our emissions rate, we committed to offset three million metric tons of carbon dioxide equivalent (MTCO<sub>2</sub>e) over a three-year period beginning in 2021 to help bridge the gap in our decarbonization efforts until new technology becomes available. Our Company previously signed the Cruise Lines International Association (CLIA) historic commitment to reduce the carbon emissions rate industry-wide by 40% by 2030 from a 2008 baseline.

Looking forward, our Company is committed to accelerating its emissions reduction efforts. In early 2022, our Company implemented a formal governance structure to oversee our climate action and decarbonization strategy. We established a Decarbonization Executive Steering Committee, which is responsible for governing and steering the Company-wide climate action and decarbonization strategy. The committee is comprised of our President and Chief Executive Officer and other executive officers. To supplement the committee, a Decarbonization Action Group comprised of senior leaders across the organization was also created to enhance cross-collaboration and coordination in support of our Company’s climate action strategy and goals.

Our Company welcomed guests at its brand new state-of-the-art Norwegian Cruise Line flagship terminal at PortMiami in 2021. The terminal was recognized as the world’s first Leadership in Energy and Environmental

Design (“LEED”) Gold New Construction v4.0 cruise ship terminal. The 188,000 square foot terminal, which can accommodate cruise vessels carrying up to 5,000 cruise guests, optimizes energy performance, indoor air quality, water efficiencies and utilization of local materials and resources. Shore power capabilities at the terminal are expected to be completed by the Fall of 2023.

Other investments such as exhaust gas cleaning systems (“EGCS”) are an integral part of our Company’s long-term climate action strategy. In 2021, our Company successfully completed its nearly \$200 million, multi-year investment in EGCS, also known as “scrubbers”, on certain ships across its fleet. The new systems are aimed at improving the ships’ environmental footprint by significantly reducing emissions, including sulfur oxides and particulate matter, and improving air quality.

Our Company is committed to continually exploring additional avenues to further reduce its footprint and protect and preserve the environment.

## Sailing Safely

The health, safety and well-being of our guests and crew is our highest priority, not only on board our ships, but also in every destination we visit. We take great effort to maintain a healthy, safe and clean environment and have a stringent 24/7/365 public health and safety program in place. In response to the pandemic, we further strengthened our already rigorous health and safety protocols and established our SailSAFE health and safety program which was developed under the guidance of a team of globally recognized scientific and public health experts.

Our SailSAFE program is centered around three key pillars: (i) safety for our guests and crew, (ii) safety aboard our ships and (iii) safety ashore. Underscoring these pillars are thorough mobilization and response plans. When we returned to cruising in 2021, all guests and crew were required to be fully vaccinated, except where there were valid medical or religious exemptions.

In addition to the Healthy Sail Panel formed in 2020, we established the SailSAFE Global Health and Wellness Council in 2021. This Council, chaired by Dr. Scott Gottlieb, provides expert advice on the implementation, compliance with and continuous improvement of the SailSAFE program. The Council was created to complement the work of the Healthy Sail Panel to prepare for the safe resumption of cruise voyages and will continuously evaluate and identify ways to evolve health and safety standards utilizing the best technologies and information available.

### **Strengthening our Communities**

Dedication to family and community is one of our Company's core values. We support the global communities where we live and work through volunteerism and charitable giving throughout the year. In 2021, we donated over \$12 million in cash, cruise and other in-kind donations to various important causes.

In April 2021, we donated \$100,000 in Visa gift cards to help support the cruise members of the International Longshoremen's Association Local 1416 which saw 60% of their business wiped out nearly overnight due to the pandemic. The International Longshoremen's

### ***Succession Planning***

Succession planning is part of our culture. We have a year-round focus on providing team members with opportunities to develop their leadership skills and add to our bench of talent through various training initiatives. Our Nominating and Governance Committee, President and Chief Executive Officer and Executive Vice President, Chief Talent Officer engage in a formal process to identify, evaluate, and select potential successors for our President and Chief Executive Officer and other members of senior management. This review includes work with a third-party advisor to facilitate the succession planning process, the creation of

### ***Hedging, Pledging and Short Sale Prohibitions***

We have an insider trading policy, which, among other things, prohibits our senior officers, which includes those team members in positions at the Vice President and above level, and the members of our Board from engaging in any speculative transactions or in

Association Local 1416 has provided Long Shore Labor for the Miami-Dade County PortMiami for over 85 years. Longshoremen load and unload trains and ships from all over the world, including freighters and cruise ships. Local 1416 is a pillar of the local community, providing middle-class jobs and holding a historic position as the oldest Black union in Florida.

In May 2021, we provided \$10 million of cash support to Alaska port communities and organizations severely impacted by the ongoing cruise voyage suspension. Sixty percent of all tourism in Alaska is generated through cruise, which had been halted for more than a year, significantly impacting small businesses reliant on cruise tourism.

We also provided \$1 million of support to Jamaica to assist in COVID-19 recovery efforts. Jamaica was heavily reliant on tourism and saw a significant economic impact from the COVID-19 pandemic, especially due to the lack of cruise tourism for more than a year.

Team members also play an important role in our efforts and in 2019, donated over 1,000 hours giving back to our communities through events such as beach clean ups, Habitat for Humanity projects, and dinner services at the Camillus House Campus emergency housing facility. While in-person volunteer opportunities were limited in 2020 and 2021 due to the pandemic, we continued to give back including completing an all-virtual toy drive. To further support our community involvement efforts, in 2021, we began providing a paid volunteer day for U.S. shoreside team members.

development plans for senior leaders to help prepare them for future succession and contingency plans in the event our President and Chief Executive Officer is unable to serve for any reason, including death or disability. Members of management are also regularly invited to make presentations at Board and committee meetings and meet with directors in informal settings to allow our directors to form a more complete understanding of our executives' skills and character. This process culminates in an annual review of potential successors and future leadership with the entire Board.

# DIRECTOR COMPENSATION

## Director Compensation Program

Our Board is focused on attracting and retaining members with the expertise, background and experience needed to lead our Company. Under our Directors' Compensation Policy, each member of our Board who was not employed by us was entitled to receive the following cash compensation for their role on the Board, committees or oversight roles during 2021, as applicable:

Type of Retainer or Fee	Amount
Annual Cash Retainer	\$100,000
Out-of-Country Meeting Attendance <sup>(1)</sup>	\$ 10,000
Chairperson of the Board	\$125,000
Chairperson of the Audit Committee	\$ 35,000
Chairperson of the Compensation Committee	\$ 25,000
Chairperson of the Nominating and Governance Committee	\$ 20,000
Chairperson of the TESS Committee	\$ 20,000
Audit Committee Member Retainer <sup>(2)</sup>	\$ 15,000
SailSAFE Global Health and Wellness Council Oversight Fee <sup>(3)</sup>	\$ 75,000

- (1) For each Board or committee meeting located outside of such director's country of residence and attended in-person. Only one fee is payable for multiple meetings held on the same/consecutive days.
- (2) Chairperson of the Audit Committee is not eligible.
- (3) Annual retainer paid quarterly to the Chairperson of our TESS Committee for her oversight role as a Board liaison to our Company's SailSAFE Global Health and Wellness Council.

All annual retainers were pro-rated for partial years of service and payable in four quarterly installments. Each of our directors was also reimbursed for reasonable out-of-pocket expenses for attendance at Board and committee meetings.

Our directors had the right to elect to receive their \$100,000 annual cash retainers in the form of a restricted share unit ("RSU") award in lieu of cash. Any such RSU award was automatically granted on the

first business day of the calendar year and vested in one installment on the first business day of 2022.

In addition, each director was entitled to receive an annual RSU award on the first business day of 2021 valued at \$155,000 on the date of the award. Each director's annual RSU award vested in one installment on the first business day of the calendar year following the year the award was granted. Each director's annual RSU award would have been pro-rated if the director joined our Board after the first business day of the given year.

To enhance their understanding of our products, each director was invited to take one cruise with a guest of their choice on one of our Company's brands annually. The director was responsible for taxes and certain fees and any onboard spending.

Mr. Dahnke, who resigned in March 2021, elected not to receive equity compensation for his service on our Board in 2021. Mr. Del Rio, as an employee of our Company, was not entitled to receive any additional fees for his services as a director.

Following consultation with our Compensation Committee's independent compensation consultant, FW Cook, and to facilitate our Board's mission of attracting and retaining highly skilled directors, our Board determined it was appropriate to increase the following retainers effective January 1, 2022: annual equity retainer increased to \$195,000, Chairperson of our Board increased to \$175,000, Chairperson of our Compensation Committee increased to \$30,000, Chairperson of our TESS Committee increased to \$25,000, Audit Committee member increased to \$20,000. Our Board also discontinued the SailSAFE Global Health and Wellness Council Oversight Fee beginning in 2022.

The following table presents information on compensation to the following individuals for the services provided as a director during the year ended December 31, 2021.

The grant date fair value for the RSU awards was calculated as equal to the \$23.73 closing price of our ordinary shares on the date of grant, January 4, 2021, or in the case of Mr. Curtis, the \$26.53 closing price of our ordinary shares on October 13, 2021.

- (4) Ms. David elected to receive her full annual retainer in the form of RSU awards. Accordingly, she received 4,214 RSUs in lieu of her annual retainer for 2021. Mr. Abrams elected to receive \$50,000 of his full annual retainer in the form of RSU awards. Accordingly, he received 2,107 RSUs in lieu of \$50,000 of his annual retainer for 2021. The retainers that each of these directors elected to receive in RSUs are reported as though they had been paid in cash and not converted into RSUs.
- (5) Any cash compensation payable to Mr. Dahnke was paid directly to a non-investment fund affiliate of his employer.

## Director Share Ownership Policy

To reinforce our Board's philosophy that meaningful ownership in our Company provides greater alignment between our Board and our shareholders, our Board adopted a share ownership policy. The share ownership policy requires non-employee directors who receive compensation from our Company to own a number of our ordinary shares equal to three times their annual cash retainer, with such values determined annually based on the average daily closing price of our ordinary shares for the previous calendar year.

Non-employee directors have five years from their appointment to meet the requirements of the share ownership policy and are required to retain 50% of the net after-tax shares received in respect of equity awards until they are in compliance. All of our non-employee directors who receive compensation for their service as a director have exceeded or are on track to meet their objectives within the five-year period.

## PROPOSAL 2 — ADVISORY APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

We are providing our shareholders with the opportunity to vote, on a non-binding, advisory basis, on the compensation of our NEOs as disclosed in this Proxy Statement.

Our Compensation Committee made several changes to our compensation program in 2021 in response to our 2021 Say-on-Pay Vote and requests from our shareholders.

**Shareholders are strongly encouraged to read the “Compensation Discussion and Analysis,” which discusses in detail how our compensation policies and practices implement our compensation philosophy.**

We are asking our shareholders to indicate their support for our NEOs’ compensation as described in this Proxy Statement. The vote on this resolution, commonly known as a “Say-on-Pay Vote”, is not intended to address any specific element of compensation; rather, the vote relates to the overall compensation of our NEOs. The vote is advisory, which means that the vote is not binding on our Company, our Board or our Compensation Committee. However, our Compensation Committee, which is

responsible for designing and overseeing our executive compensation program, values the opinions expressed by our shareholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for our NEOs.

Pursuant to the requirements of Section 14A of the Exchange Act and the related rules of the SEC, our Board requests your advisory vote on the following resolution at the Annual General Meeting:

*RESOLVED*, that the shareholders of our Company approve, on an advisory basis, the overall compensation of our named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative disclosures set forth in the Proxy Statement for this Annual General Meeting.

Our current policy is to provide our shareholders with an opportunity to approve the compensation of our NEOs each year at the annual general meeting of shareholders. It is expected that the next such vote will occur at the 2023 annual general meeting of shareholders.

**OUR BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE “FOR” ADVISORY APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.**

# EXECUTIVE COMPENSATION

## *A Letter from Our Compensation Committee Chairperson*

---

April 28, 2022

Dear Fellow Shareholders,

I joined our Board in October 2021, during the most challenging period in our, and the broader cruise industry's history. Having carefully studied the industry for years as an equity analyst, it has been difficult to witness the unprecedented impact of the COVID-19 pandemic on our Company and its shareholders.

I became Chairperson of the Compensation Committee in January 2022. While I did not participate in developing the 2021 compensation programs disclosed in this Proxy Statement, I took the opportunity to gain as much knowledge as possible about the rationale behind the Compensation Committee's decisions from the former Chairperson of our Compensation Committee, John Chidsey.

John emphasized that the 2021 compensation programs were designed to address the concerns that shareholders expressed during a significant engagement process following the 2021 proxy season. In response to shareholder feedback, our Company prioritized performance-based pay in the 2021 compensation program by using financial, operational, and share price goals that focused our management team on positioning our Company for sustained success once the operating environment improved. Importantly, the 2021 compensation programs avoided non-performance-based pay elements including modifications to mid-performance cycle incentive plans and off-cycle retention grants and payments. Additional shareholder-aligned changes to the 2021 compensation programs included adding a stretch share price appreciation metric to our President and Chief Executive Officer's annual PSU award, as well as increasing the performance period for PSUs from two to three years. Although traditional financial performance metrics were difficult to set while our operations were still suspended due to regulations and the public health environment, our Compensation Committee selected performance metrics that would support our strategic goals and long-term growth strategy and focus our management team on laying the groundwork for a recovery in our business. We expect to return to using more traditional financial metrics as the operating environment continues to stabilize.

Since I took over as Chairperson in 2022, I've made it a top priority to attend as many engagement calls as possible so that I could hear about what shareholders would like to see in our compensation program going forward, directly from you. I'm excited to share the details of what we've been working on for 2022 during next year's proxy season, including the addition of an ESG metric focused on setting emissions reduction targets and the introduction of new financial metrics to our annual cash performance incentive.

We operate in an industry that requires thoughtful, experienced, nimble management teams who are able to navigate through unprecedented business challenges. I, along with the rest of the Board, want to do everything in our power to make sure we have a strong, dedicated and motivated management team to help steer us to smoother waters. Our management team has been tireless in their commitment to position our Company for a full recovery that will maximize shareholder value. Some of their important accomplishments have included returning 26 of our 28 ships to service, with the full fleet expected to be operating by Spring 2022, designing the industry leading SailSAFE health and safety program, extending debt maturities while lowering cash interest expense, retaining employees who are critical to our Company's recovery, ensuring continued progress on our nine newbuild ships on order, and releasing our inaugural ESG report, which presents our long-term sustainability goals. We remain committed to a pay-for-performance culture that aligns the interests of our management team with our shareholders. We believe that the changes made to our 2021 compensation programs demonstrate our commitment to paying for performance and listening to you, our shareholders.

Thank you for your continued support.

Sincerely,  
Harry C. Curtis, Chairperson of the Compensation Committee

## Compensation Discussion and Analysis

### The Great Cruise Comeback

After enduring nearly 500 days of suspended cruise operations due to the COVID-19 pandemic, our long-awaited Great Cruise Comeback officially commenced on July 25, 2021, with Norwegian Jade operating Greek Isles voyages out of Athens. We began 2021 with no ships in operation, but by the end of 2021, we successfully restarted 16 of our 28 ships, representing approximately 70% of our berth capacity, as part of our phased voyage resumption plan. Currently, 26 of our ships have resumed operations and we expect to return the remaining two ships to service during Spring 2022. The monumental task of recrewing and provisioning these ships, redeveloping itineraries in an ever-evolving public health environment and retraining our valued crew members on new health and safety protocols was the result of the unwavering dedication and hard work of our team members across the globe.

During this transitional year, our Board and management team focused on:

- returning our ships to revenue generating cruises while maintaining the health and safety of our guests and crew,
- protecting long-term brand integrity by prioritizing health and safety and maintaining pricing,
- pivoting to our medium and long-term financial recovery plan which included pursuing opportunistic refinancing, and
- enhancing our commitment to drive a positive impact on society and the environment through our global sustainability program, Sail & Sustain.

### Key 2021 Accomplishments

Safely returned 16 ships to revenue generating cruises

Unveiled comprehensive, science-backed SailSAFE Health and Safety Program, developed in conjunction with globally recognized experts

Extended debt maturities and lowered cash interest expense through a series of strategic balance sheet optimization transactions

Released inaugural ESG report, including industry's first SASB index and announced long-term climate action strategy and goal to reach carbon neutrality

*In a still uncertain operating environment, our management team focused on priorities that would drive long-term value for our shareholders.*

### Shareholder Outreach Regarding Compensation Program

We believe that a continuous engagement program is an integral part of delivering value to our shareholders. We maintain an active, year-round engagement program regarding finance, strategy and ESG topics which provides our shareholders with access to various members of our executive team and our Board.

At our 2021 Annual General Meeting, approximately 16.6% of our shareholders approved, on an advisory basis, the compensation of our NEOs in 2020. We were disappointed in this result as the unprecedented and disproportionate impacts of the COVID-19 pandemic on our Company and industry drove the Compensation Committee to temporarily make changes to our compensation program to promote the stability and

resilience of our Company. We engaged directly with our shareholders to discuss our compensation program in the Spring of 2021, both before and after our 2021 Annual General Meeting.

In response to our 2021 Say-on-Pay Vote, we further enhanced our engagement efforts by initiating additional compensation-related conversations with our shareholders from Summer 2021 through Spring 2022. Our former Chairperson of the Compensation Committee, Mr. Chidsey, participated in the engagement in 2021, while our new Chairperson of the Compensation Committee, Mr. Curtis, participated in calls during 2022, following his appointment to the position.

We initiated engagement about our compensation program with 40 of our top institutional holders, which included each institutional holder that held more than 0.5% of our outstanding shares as of year-end 2021. In some cases, the engagement efforts spanned multiple calls.

The results of this outreach were shared with the entire Board. The key feedback we received from shareholders at these meetings and our responses to the feedback included:

**2021 President & CEO Reported Compensation**

\* Please refer to “Long-Term Equity Incentive Compensation” and “Named Executive Officer Awards” for additional information.

## 2021 Named Executive Officers

Our NEOs for 2021 were:

Frank J. Del Rio	President and Chief Executive Officer
Mark A. Kempa	Executive Vice President and Chief Financial Officer
T. Robin Lindsay	Executive Vice President, Vessel Operations
Jason Montague	President and Chief Executive Officer, Regent Seven Seas Cruises
Harry Sommer	President and Chief Executive Officer, Norwegian Cruise Line

Our Compensation Committee determines all aspects of our executive compensation program and makes all compensation decisions affecting our NEOs. None of our NEOs are members of our Compensation Committee or otherwise had any role in determining the compensation of our other NEOs. Our Compensation Committee does consider the recommendations of Mr. Del Rio in setting compensation levels for NEOs besides himself.

### Elements of our Executive Compensation Program

#### Base Salaries

Each NEO is party to an employment agreement which provides a minimum base salary, subject to annual review by our Compensation Committee. Decisions regarding adjustments to base salaries are made at the discretion of our Compensation Committee, as all automatic base salary increases have been eliminated. Base salaries are used to attract and retain highly qualified executives. In reviewing base salary levels for our NEOs, our Compensation Committee considers the

following factors: job responsibilities, leadership and experience, value to our Company, the recommendations of our President and Chief Executive Officer (other than with respect to his own base salary) and the base salaries of executives in comparable positions at our Peer companies. Our Compensation Committee did not increase annual base salaries for 2021, but annual base salaries in 2021 reflect the discontinuation of the 20% reduction implemented during 2020.

NEO	2020 Base Salary <sup>(1)</sup>	2021 Base Salary <sup>(2)</sup>
Frank J. Del Rio	\$1,527,541	\$1,797,041
Mark A. Kempa	\$ 594,044	\$698,849
T. Robin Lindsay	\$ 594,044	\$698,849
Jason Montague	\$ 594,044	\$698,849
Harry Sommer	\$ 594,044	\$698,849

(1) For 2020, in order to preserve liquidity during the COVID-19 pandemic, our Compensation Committee, with the agreement of our NEOs, reduced annual base salaries for our NEOs by 20% beginning March 30, 2020.

(2) The temporary pandemic-related 20% base salary reduction was discontinued, effective January 4, 2021.

#### Annual Performance Incentives

Each of our NEOs is eligible for an annual cash performance incentive based on the attainment of performance objectives for the fiscal year. Annual cash performance incentives ensure that a portion of our NEOs' annual compensation is at risk, based on our performance against pre-established, objective targets. Our Compensation Committee uses annual cash performance incentives to motivate our NEOs to achieve our annual financial objectives and to attract and retain top executives.

**Target Annual Cash Performance Incentive Opportunities.** Our Compensation Committee annually establishes each NEO's, other than Mr. Del

Rio's, annual cash performance incentive opportunity by evaluating a variety of factors, including: (1) scope of responsibilities and position, (2) expertise and experience, (3) potential to achieve business objectives, (4) competitive compensation market data, including the bonus opportunities provided by our Peer Group (as defined below), (5) ability to create shareholder value and (6) recommendations of our President and Chief Executive Officer. Mr. Del Rio's annual cash bonus opportunity was developed by our Compensation Committee in connection with his employment agreement; however, the performance metrics are determined by our Compensation Committee each year, as discussed below.

**Corporate Performance Measures.** Each year, our Compensation Committee establishes the performance objectives for the annual cash performance incentives. The performance objectives are based on financial performance at the consolidated NCLH level as our Compensation Committee believes this structure most closely aligns the interests of our NEOs and our shareholders. The actual annual cash performance incentive earned by our NEOs is determined by our Compensation Committee based on the level of achievement of the pre-established corporate performance objectives. After the end of the year, our Compensation Committee reviews our actual performance against the target levels. Our Compensation Committee is required by our Plan terms to exercise its judgment whether to reflect or exclude the impact of extraordinary, unusual or infrequently occurring, or unforeseen events in determining the extent to which the performance measures are met.

Our Compensation Committee selected an average Annual Performance Incentive Adjusted NCC of \$135 million or less per month from January 2021 through December 2021 as the performance metric for our annual cash performance incentives. Our target was designed based on the result of pro-forma modeling which was reviewed by our Board and Compensation Committee. A definition of this metric is provided in "Terms Used in this Proxy Statement." At the time the

metric was selected, our cruise operations were still suspended, and we did not have any assurances of when we'd be able to resume regular voyages. However, our Compensation Committee was hopeful that cruise operations might resume in 2021 which would increase our costs, making the metric harder to achieve than it had been in the prior year. Our Compensation Committee selected this metric to motivate our management team to continue to conserve cash during the suspension of cruise operations which eventually resumed in July 2021. Our Compensation Committee believed that cash conservation was the most important financial goal that all members of the management team could contribute to during the suspension of operations and which would most directly correlate to shareholder value during the unprecedented crisis. Furthermore, the Compensation Committee believed it was important to focus the management team on continuing to operate as efficiently as possible once operations resumed. In setting this metric our Compensation Committee determined that there should not be any upside opportunity for any NEO for outperformance relative to target, as our Compensation Committee capped each NEO's bonus payment at target.

The following table summarizes the Annual Performance Incentive Adjusted NCC performance level and related payout opportunities. If the target level established was not achieved, no payouts would have been made.

Name	Average Annual Performance Incentive Adjusted NCC ≤ \$135 million per month	Target	Actual	% of Target
Frank J. Del Rio	\$3,600,000 (200% of base salary)	\$3,600,000	\$3,600,000	100%
Mark A. Kempa	\$700,000 (100% of base salary)	\$700,000	\$700,000	100%
T. Robin Lindsay	\$700,000 (100% of base salary)	\$700,000	\$700,000	100%
Jason Montague	\$700,000 (100% of base salary)	\$700,000	\$700,000	100%
Harry Sommer	\$700,000 (100% of base salary)	\$700,000	\$700,000	100%

From January 2021 through December 2021, our average Annual Performance Incentive Adjusted NCC per month was ~\$114 million, which reflected more savings than targeted and resulted in a payout at 100% of target. Even during the suspension of cruise voyages our ships require continuous maintenance and upkeep.

This reduction in expense was the result of significant efforts by the management team to both reduce costs during the suspension of operations and to maintain cost discipline as we began our phased restart of operations in July 2021.

## Long-Term Equity Incentive Compensation

The following table summarizes the equity awards our Compensation Committee granted in 2021 and how they accomplish our compensation objectives. Our Compensation Committee did not award any equity to our NEOs outside of the regular annual grants. However, our Compensation Committee delayed the timing of our annual equity awards from March 2021 to June 2021 to allow our shareholders to approve an increase in our authorized shares during our 2021 Annual General Meeting.

## EXECUTIVE COMPENSATION

Components of Long-Term Equity Incentive Compensation	What It Is	Why We Use It	2021 Weighting
Regular-cycle PSUs (performance share units), granted June 2021	<p>Opportunity to receive a specified number of shares based on achievement of performance objectives determined by our Compensation Committee.</p> <p>Includes an additional service requirement following the end of the performance period.</p>	<p>Focuses our NEOs on the achievement of key performance objectives over a multi-year period.</p> <p>Serves as a retention incentive.</p>	<p>CEO: 60% of total target June 2021 equity award</p> <p>Other NEOs: 33.3% of total target June 2021 equity award</p>
Regular-cycle RSUs (restricted share units), granted June 2021	<p>Right to receive a specified number of shares at the time the award vests.</p> <p>Value fluctuates with the price of our ordinary shares.</p> <p>Vests in annual installments over three years.</p>	<p>Aligns our NEOs' interests with those of our shareholders.</p> <p>Serves as a retention incentive.</p>	<p>CEO: 40% of total target June 2021 equity award</p> <p>Other NEOs: 66.7% of total target June 2021 equity award</p>

In determining the value granted to each NEO, our Compensation Committee considers each NEO's position, their expected contribution toward achieving our long-term objectives, a review of Peer Group compensation levels and recommendations of our President and Chief Executive Officer (other than with respect to his own compensation). Our Compensation Committee generally makes equity awards to our NEOs and other members of management once a year, but awards may be granted outside this annual grant cycle in connection with events such as hiring, promotion or extraordinary performance or other circumstances.

We use the terms target grant value and target award value for the PSUs and RSUs to describe the grant value approved by our Compensation Committee, which was historically equal to the target number of PSUs or RSUs awarded multiplied by the closing market price (or an average of closing market prices three days prior to the grant date) of our shares on the date of grant. This target grant value may in some cases be different than the accounting value of the PSU or RSU awards that we are required to report in the executive compensation tables that are included below.

### Named Executive Officer Awards

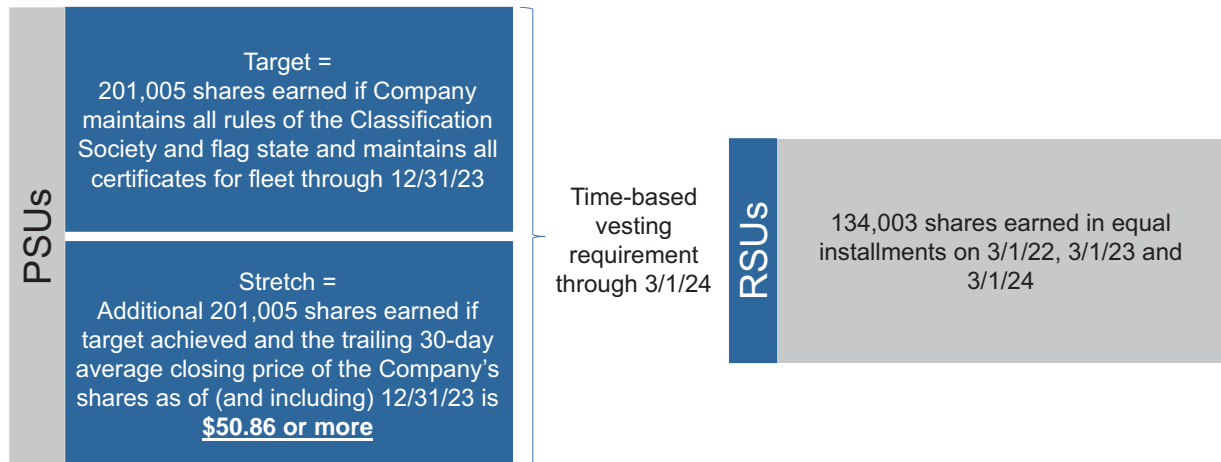

**Regular-Cycle President and Chief Executive Officer Awards.** Our President and Chief Executive Officer's equity award for 2021 is described below and definitions

In connection with the Compensation Committee's decision to delay the annual equity awards from March 1, 2021 to June 11, 2021 in order to provide time for the Company's shareholders to authorize an increase to the Company's authorized shares, the Compensation Committee determined that it would be appropriate to use the closing share price on March 1, 2021 (or in the case of our NEOs other than our CEO, the average of the closing share prices on February 24, 25 and 26, 2021) to determine the number of shares each NEO would be granted based on their target award values to prevent any disadvantage to the NEOs due to the delay in the timing for the grant. Consequently, the grant date fair values of the President and Chief Executive officer's target \$10 million annual grant and each NEO's target \$2 million annual grants are reported at a higher value in the "2021 Summary Compensation Table" based on the higher closing stock price of \$32.23 on June 11, 2021 versus the lower closing stock price of \$29.85 on March 1, 2021 or the average of the closing share prices on February 24, 25 and 26, 2021, \$29.86, respectively.

## President and Chief Executive Officer's 2021 Equity Grant

Awarded 6/11/21

In order to provide Mr. Del Rio with competitive, ongoing, long-term incentives that drive strong financial performance, and pursuant to his amended employment agreement from October 2020, Mr. Del Rio was entitled to an annual target award of RSUs and PSUs worth \$10 million as of the date of the award. As disclosed above, the reported value for his annual target award exceeds \$10 million due to the Compensation Committee's decision to use the closing stock price of \$29.85 on March 1, 2021 to determine the number of shares he received. Additionally, the "stretch" metric of his award which requires the Company to achieve a trailing 30-day average closing price as of and including December 31, 2023 of \$50.86 or more is reported in the "2021 Summary Compensation Table" at an amount over target due to the application of accounting principles. Such annual award was contractually required to be at least 60% performance based. By structuring the employment agreement this way, our Compensation Committee preserved the flexibility to structure a greater percentage of Mr. Del Rio's annual equity award as performance-based, while requiring that a minimum of 60% of Mr. Del Rio's annual equity award will be performance-based. Our Compensation Committee also preserved the flexibility to establish the applicable performance metrics and targets each year, thereby providing our Compensation Committee with discretion to choose a performance-based award structure each year that will best incentivize growth in long-term shareholder value. Our Compensation Committee chose to retain the March 1 vesting dates for the awards to avoid disadvantaging Mr. Del Rio as we typically grant awards in March of each year.

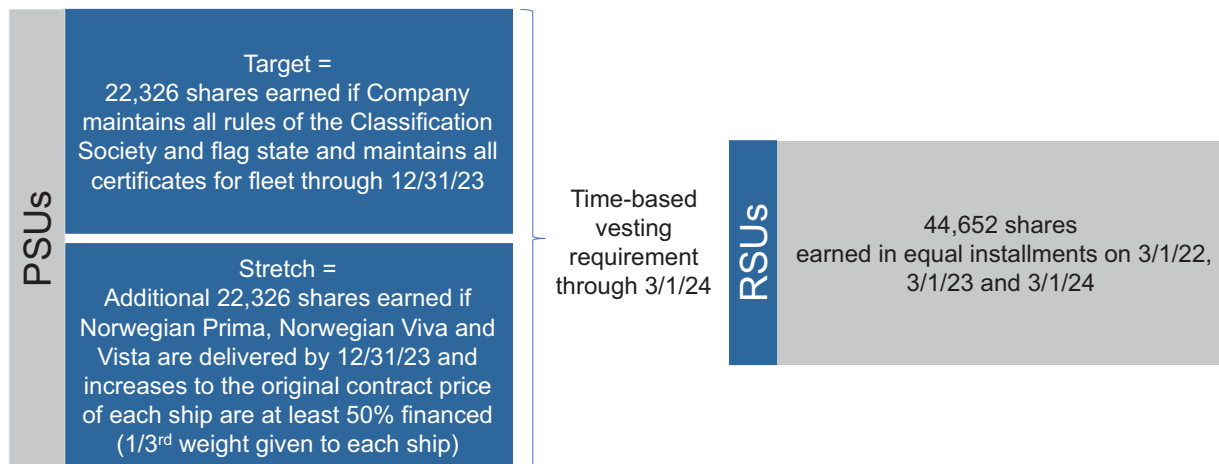

Mr. Del Rio's PSU award did not include a threshold metric. Our Compensation Committee chose the target metric because our ships require continuous maintenance and upkeep. Due to pressure on the broader cruise ecosystem, maintaining the vessels in our fleet has become and may continue to be more challenging. For example, it has become more difficult to schedule maintenance and repair with our shipyards on our desired timeframe due to COVID-19 protocols, travel restrictions, the impact of hostilities, inflation and supply chain disruption.

Our Compensation Committee chose the stretch metric because it represented a doubling of the Company's share price from \$25.43, the closing share price of the Company's shares on December 31, 2020. Our Compensation Committee implemented this metric in response to requests from shareholders and because in a time when it was still challenging to forecast reliable performance targets due to the uncertainty surrounding the COVID-19 pandemic, our Compensation Committee felt that this metric most closely aligned the President and Chief Executive Officer with the interests of shareholders.

**Regular-Cycle Other NEO Awards.** Our Compensation Committee, after consultations with FW Cook, determined that the annual equity awards made to our other NEOs should also consist of a combination of PSUs that may be earned based on performance and continued service through March 1, 2024 and time-based RSUs that vest in three equal, annual installments. Our other NEOs' equity awards for 2021 are described below.

## Other NEOs’ 2021 Equity Grants

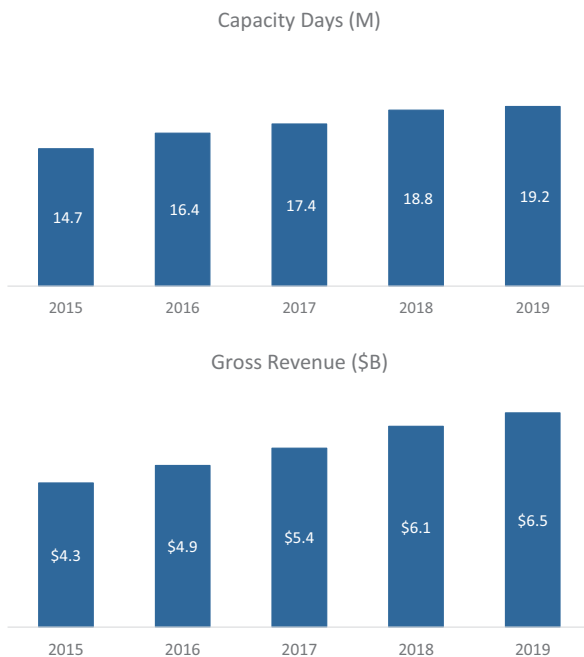

Awarded 6/11/21

Our other NEOs’ PSU awards did not include a threshold metric. Our Compensation Committee chose the target metric for the PSU awards made to our other NEOs for the reasons described above and to create consistency with our President and Chief Executive Officer’s PSU target metric. The stretch metric our Compensation Committee chose for our other NEOs was selected as the Committee felt that the delivery of our three newbuilds and appropriate financing arrangements to preserve cash would be critical elements of our Company’s success over the next three years. Historically, increases to our capacity through the acquisition of additional ships has translated to significant gains in revenue.

Our Compensation Committee expects to return to more traditional financial metrics over time as the impacts from the COVID-19 pandemic subside and the Company’s ability to make forward-looking financial projections increases. The number of shares awarded was determined by dividing a target grant value of \$2 million by the average closing share prices on February 24, 25 and 26, 2021. Our Compensation Committee chose to retain the March 1 vesting dates for the awards to avoid disadvantaging our other NEOs as we typically make awards in March of each year.

**CEO and Other NEO Prior Year PSU Payout Results.** Each year, our Compensation Committee spends a significant amount of time determining the appropriate performance metrics to motivate our executive team. Our Compensation Committee began discussing the March 2020 PSU awards in the fall of 2019, met to officially approve the awards on February 20, 2020 and the awards were granted on March 2, 2020. At the time the March 2020 PSU awards were approved, the COVID-19 pandemic was still in its nascency. Our Company had cancelled, modified or redeployed approximately 40 voyages in Asia which we expected would result in a limited impact to our Adjusted EPS and Adjusted ROIC due to the fact that the pandemic was not impacting the bulk of our itineraries. Our Compensation Committee was not yet aware that the situation would deteriorate rapidly, ultimately resulting in a suspension of all of our cruise voyages from March 13, 2020 through July 24, 2021. Following the suspension, we began a phased resumption of cruise voyages gradually adding capacity until our full fleet’s expected resumption of service in Spring 2022. The March 2020 PSUs awarded to our President and Chief Executive Officer and other NEOs could be earned based on Adjusted EPS growth and average Adjusted

ROIC for 2020 and 2021. The March 2020 PSUs were eligible to be paid out 0% to 200% based on stretch targets. The award agreements for the March 2020 PSUs required that our Adjusted EPS and Adjusted ROIC results be adjusted for certain extraordinary impacts that were outside of management's control, including the direct and indirect impacts of pandemics, to the extent any of the enumerated categories impacted Adjusted EPS by 1% or more. After giving effect to the required adjustment for the direct and indirect impacts of the COVID-19 pandemic, our Compensation Committee determined that our average Adjusted EPS growth for 2020 and 2021 was 6.75% and our average Adjusted ROIC for 2020 and 2021 was 10.75%, resulting in a payout for the March 2020 PSUs at target or Mr. Del Rio earning 158,050 ordinary shares out of a possible 316,100 that could have been earned if maximum performance levels were achieved and each of our other NEOs earning 18,482 ordinary shares out of a possible 36,964 that could have been earned if the maximum performance levels were achieved. The March 2020 PSUs continue to be subject to time-based vesting through March 1, 2023.

## Severance Arrangements and Change in Control Benefits

Each of our NEOs is employed pursuant to an employment agreement providing for severance payments and benefits upon an involuntary termination of the NEO's employment by us without "cause" or by him for "good reason," although Mr. Del Rio is not entitled to typical cash-based severance and his cash severance benefits are limited to a pro-rata bonus payment and reimbursement for continued medical coverage. The severance payments and benefits in each employment agreement were negotiated in connection with the execution of each employment agreement. In each case, our Compensation Committee determined that it was appropriate to provide the executive officer with severance payments and benefits under the circumstances in light of each of their respective positions with us, general competitive practices and as part of each of their overall compensation packages.

When negotiating each executive officer's severance payments and benefits, our Compensation Committee took into consideration an analysis of the severance payments and benefits provided to similarly situated executives at our Peer Group companies. The severance payments and benefits payable to each of our NEOs upon a qualifying termination of employment generally include a cash payment based on a multiple of his base salary (other than Mr. Del Rio), a pro-rata portion of any annual cash incentive actually earned for the year of termination of employment, continuation or payment in respect of certain benefits and, in certain cases only, accelerated or continued vesting of outstanding equity awards. We do not believe that our NEOs should be

## Benefits and Perquisites

We provide our NEOs with retirement benefits under our 401(k) Plan, participation in our medical, dental and insurance programs and vacation and other holiday pay, all in accordance with the terms of such plans and programs in effect and substantially on the same terms as those generally offered to our other employees (although vacation benefits may differ).

In addition, our NEOs receive a cash automobile allowance, a cruise benefit for Company cruises, including certain travel for immediate family, as well as coverage under an executive medical plan which provides reimbursement of certain extra medical, dental and vision expenses. We believe that the level and mix of perquisites we provide to our NEOs is consistent with market compensation practices.

Mr. Del Rio is also entitled to certain additional perquisites pursuant to the terms of his amended employment agreement consistent with his original employment agreement with Prestige.

entitled to any cash severance payments or benefits merely because of a change in control of our Company. Accordingly, none of our NEOs are entitled to any such payments or benefits upon the occurrence of a change in control of our Company unless there is an actual termination (other than for "cause") or constructive termination of employment for "good reason" just prior to or following the change in control (a "double-trigger" arrangement). Similarly, none of our NEOs are entitled to receive any automatic "single trigger" equity vesting upon the occurrence of a change in control of our Company, and severance protections for equity awards also require an actual termination (other than for "cause") or constructive termination of employment for "good reason" just prior to or following the change in control.

No NEO is entitled to receive a "gross-up" or similar payment for any potential change in control excise taxes, and, depending on what results in the best after-tax benefit for the executive, benefits may be "cut back" instead in such circumstances.

The material terms of these payments and benefits, are described in the "Potential Payments Upon Termination or Change in Control" section below.

## Peer Group

Our Compensation Committee believes that it is important to be informed about the pay practices and pay levels of comparable public companies with which

## EXECUTIVE COMPENSATION

we compete for top talent (our “Peer Group”). After considering the recommendations of FW Cook, our Compensation Committee determined that due to the significant impacts of the COVID-19 pandemic on the Company’s operations and financial performance and the broader effects of COVID-19 on the industries of many of our Company’s peers, that no changes would be made to our Company’s Peer Group for 2021. Our revenue of approximately \$648 million in 2021 reflects an approximately 90% decrease from our revenue of approximately \$6.5 billion in 2019. The decrease in revenue occurred because of the nearly 500 days of suspended cruise operations due to regulations and the public health environment. Because our Compensation Committee believes the impact to our

revenue will continue to lessen as the pandemic subsides, our Compensation Committee does not believe it would be beneficial to realign our peers with companies that have substantially lower revenues than our Company is expected to have once it fully resumes operations. Ultimately, the companies we compete with for talent will more closely reflect the companies included in our Peer Group pre-pandemic. Additionally, we need to attract and retain executives who can run businesses with the scope and scale our Company had pre-pandemic.

Our Peer Group for 2021 included the following companies:

• Alaska Air Group, Inc.	• Hyatt Hotels Corporation	• Royal Caribbean Cruises Ltd.
• Caesars Entertainment, Inc.	• JetBlue Airways Corporation	• Spirit Airlines, Inc.
• Carnival Corporation	• Las Vegas Sands Corp.	• Travel + Leisure Co. (formerly, Wyndham Destinations, Inc.)
• Darden Restaurants, Inc.	• MGM Resorts International	• Wynn Resorts, Limited
• Expedia Group, Inc.	• Marriott International, Inc.	• YUM! Brands, Inc.
• Hilton Worldwide Holdings Inc.	• Penn National Gaming, Inc.	

We used the following methodology when we originally selected our Peer Group. Carnival Corporation and Royal Caribbean Cruises Ltd. were selected because we believe these cruise lines are the two public companies most similar to our Company and with whom we most directly compete for talent. We then considered a range of publicly traded companies in the following industries which reflect elements of our business or have similar business characteristics such as:

- hotels, resorts and cruise lines,
- airlines,

- casinos and gaming,
- restaurants and
- internet and direct marketing retail.

We evaluated the companies in these categories by focusing on companies with market capitalizations ranging from approximately 0.3x to 3.0x our market capitalization and with revenues ranging from approximately 0.3x to 3.0x our trailing annual revenue measured as of October 2019.

## Objectives and Philosophy of our Executive Compensation Program

### Attract and retain top talent in a competitive market

We strive to be an employer of choice for individuals with the specific skill sets and experience required for the cruise industry.

### Motivate employees with clear, NCLH-level goals

We believe that clear, NCLH-level goals motivate management to work together as a team towards shared objectives.

### Compensation opportunities align executives with shareholders

We align management with shareholders by providing a majority of compensation in equity and by choosing NCLH incentive compensation performance metrics that we believe drive long-term value for our shareholders.

## Role of Shareholder Say-on-Pay Votes

Each year, we provide our shareholders the opportunity to cast an advisory vote on the compensation of our NEOs (also known as a say-on-pay vote). At our annual general meeting in May 2021, approximately 16.6% of the votes cast were in favor of the 2020 compensation of our NEOs. We were disappointed in this result as the unprecedented and disproportionate impacts of the COVID-19 pandemic on our Company and industry drove the Compensation Committee to temporarily make changes to our compensation program to promote the stability and resilience of our Company. This vote was also in contrast to the results of our say-on-pay votes in prior years, where we received substantial support from shareholders on our say-on-pay votes. As described elsewhere in this Proxy Statement, we engaged in extensive shareholder outreach efforts following the 2021 Say-on-Pay Vote. In response to shareholder feedback, we made several changes to our executive compensation program that were designed to address shareholder concerns, and we also refreshed the constitution of our Compensation Committee (including appointing a new Chairperson).

When making future compensation decisions for our NEOs, our Compensation Committee will continue to consider the opinions that our shareholders express through the results of these say-on-pay votes and through direct engagement with our shareholders.

## Role of Compensation Consultant

Pursuant to its charter, our Compensation Committee has the authority to engage its own advisors to assist in carrying out its responsibilities.

Since May 2017, our Compensation Committee has retained FW Cook to provide guidance on executive and non-employee director compensation matters.

Based on a consideration of the factors set forth in the rules of the SEC and the listing standards of the NYSE, our Compensation Committee determined that FW Cook satisfied the independence criteria under the rules and listing standards and that their relationship with and the work performed by FW Cook, on behalf of our Compensation Committee, did not raise any conflict of interest. Other than its work on behalf of our Compensation Committee, FW Cook has not performed any other services for us.

## Share Ownership Policy

To reinforce our Board's philosophy that meaningful executive ownership in our Company provides greater alignment between management and our shareholders, our Board adopted a share ownership policy in 2017. In April 2022, following a holistic review of our share

ownership policy, our Board increased the amount required to be held by our Chief Executive Officer as demonstrated in the table below. The share ownership policy, which applies to all of our NEOs and certain executive officers, is as follows:

Position	Value of Share Ownership Prior to April 25, 2022*	Value of Share Ownership Effective April 25, 2022*
Chief Executive Officer	5 times annual base salary	<b>Increased to 6 times</b> annual base salary
Brand Presidents and Executive Vice Presidents	3 times annual base salary	3 times annual base salary
Senior Vice Presidents	1 times annual base salary	1 times annual base salary

\* Values are determined annually based on the average daily closing price of our ordinary shares for the previous calendar year.

All of our NEOs currently exceed the required share ownership amounts. Executive officers have five years from the date they first become subject to the share ownership policy to meet the requirements and are required to retain 50% of the net after-tax shares received in respect of equity awards until they are in compliance. Unexercised stock options and PSUs do not count towards the share ownership policy amounts unless, in the case of PSUs, the performance criteria have been met.

## Clawback Policy

Under our clawback policy, our Board or Compensation Committee may, if permitted by law, require the reimbursement or cancellation of all or a portion of any equity awards or cash incentive payments to any current or former employee, including our NEOs, who received such incentive awards or payments if: (1) such employee received a payment of incentive compensation that was predicated upon the achievement of specified financial results that were the subject of a subsequent accounting restatement due to material non-compliance with any financial reporting requirement, or (2) such employee engaged in misconduct including certain violations of our Code of Ethical Business Conduct or breaches of any confidentiality, non-competition, or non-solicitation agreements such employee has entered into with us. Each prong of the policy is separate, and clawback is not limited to accounting restatements.

### Compensation Risk Assessment

We have conducted a risk assessment of our compensation policies and practices and concluded that such policies and practices do not create risks that are reasonably likely to have a material adverse effect on our Company. In particular, our Compensation Committee believes that the design of our annual performance incentive programs and long-term equity incentives provide an effective and appropriate mix of incentives to ensure our compensation program is focused on long-term shareholder value creation and does not encourage the taking of short-term risks at the expense of long-term results.

The Compensation Committee of the Board has reviewed and discussed with management the disclosures contained in the Compensation Discussion and Analysis section of this Proxy Statement. Based upon this review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis section be included in this Proxy Statement.

- (1) For 2021, the temporary pandemic-related 20% base salary reduction was discontinued, effective January 4, 2021.
- (2) For 2021, the amounts reported in the “Stock Awards” column reflect the grant-date fair value under FASB ASC Topic 718 of the RSUs and PSUs granted to our NEOs in 2021. The fair value of the time-based RSUs is equal to the closing market price of our shares on the date of grant. The June 11, 2021 PSU awards granted to Mr. Del Rio vest between 0% and 200% based on performance and market conditions. The fair value of PSUs granted to Mr. Del Rio is reported based upon the closing market price of our shares on the grant date and the use of a Monte-Carlo simulation valuation technique to directly incorporate the market condition into the grant-date fair value of the award. The grant-date fair value of the award was 150.42% of the closing market price of our ordinary shares at the time of grant. The value of the annual PSU awards granted to Mr. Del Rio on June 11, 2021 assuming maximum achievement is \$9,744,722. The June 11, 2021 PSU awards granted to Mr. Kempa, Mr. Lindsay, Mr. Montague and Mr. Sommer vest between 0% and 200% based on performance conditions. The fair value of PSUs granted to Mr. Kempa, Mr. Lindsay, Mr. Montague and Mr. Sommer is reported based on the probable outcome of the performance conditions at the time of grant, which was 100%, and the closing market price of our ordinary shares on the date of grant. The value of the annual PSU awards granted on June 11, 2021 assuming maximum achievement of 200% would have been as follows: Mr. Kempa, Mr. Lindsay, Mr. Montague and Mr. Sommer — \$1,439,134. All RSUs and PSUs reported in this table were awarded under our Plan.
- (3) For 2021, the amounts reported in the “Non-Equity Incentive Plan Compensation” column reflect the annual cash performance incentives paid under our Plan based on performance during 2021, as described in “Compensation Discussion and Analysis.”

- The amounts reported in these columns represent the range of possible payouts under our Plan's annual cash performance incentive program based on performance during 2021, as described in "Compensation Discussion and Analysis." For 2021, the target performance level was achieved and payable to our NEOs.
- The fair value of the time-based RSUs is equal to the closing market price of our shares on the date of grant. The fair value of PSUs not subject to a Market Condition is reported based on the probable outcome of the performance conditions at the time of grant and the closing market price of our ordinary shares on the date of grant. The June 11, 2021 PSU grants for Mr. Kempa, Lindsay, Montague and Sommer were valued at 100% of target. The June 11, 2021 PSU grant for Mr. Del Rio was valued as described in footnote 4. All RSUs and PSUs reported in this table were awarded under our Plan.
- Reflects RSU awards that will vest in equal installments on March 1, 2022, 2023 and 2024.
- The fair value of Mr. Del Rio's June 11, 2021 PSU award is estimated on the date of grant using a Monte-Carlo model. The overall payout of the award is dependent upon the achievement of the target operational goal (the "Target Operation Metric") modified by the achievement of a specified share price appreciation over the performance period (the "Market Condition") as described in "Compensation Discussion and Analysis — Long-Term Equity Incentive Compensation — Named Executive Officer Awards." The grant date fair value of the Market Condition of the award was determined using a Monte Carlo simulation in accordance with the requirements of ASC 718. This amount was then combined with the probable outcome of the Target Operation Metric portion of the award to get the total fair value of the award.
- Reflects PSU awards that will vest as described in "Compensation Discussion and Analysis — Long-Term Equity Incentive Compensation — Named Executive Officer Awards."

## Employment Agreements for NEOs — Salary, Annual Cash Performance Incentive Opportunity and Equity

### Frank J. Del Rio

Mr. Del Rio is employed as our President and Chief Executive Officer pursuant to an employment agreement with us that was amended and restated on October 1, 2020. Mr. Del Rio's amended and restated employment agreement extended the term of his employment by three additional years, until December 31, 2023. Mr. Del Rio's amended employment agreement provides for a minimum annual base salary of \$1,800,000, subject to periodic review. Mr. Del Rio's target annual cash performance incentive is 200% of his base salary, which beginning in 2022 will be subject to a maximum limit of 400% of his base annual salary. Mr. Del Rio is entitled to a \$2,000 monthly car allowance and certain maintenance and fuel expenses and certain other personal benefits each year. The amended and restated employment agreement also provides for participation in employee benefit plans and perquisite programs generally available to our executive officers, including an executive medical plan.

Mr. Del Rio's amended employment agreement entitles him to annual RSU awards that have an award date value of not less than \$10.0 million, with such actual

target number of RSUs being determined by multiplying the number of RSUs by the closing price of an ordinary share of our Company on the applicable date of award. At least 60% of each such award is contractually required to be subject to performance-based vesting requirements that will be determined by our Compensation Committee.

In connection with signing his amended and restated employment agreement and extending his employment by an additional three years, Mr. Del Rio received a one-time grant of 346,020 RSUs in October 2020 which will vest in one installment on October 1, 2023 and an inducement award of approximately \$2.8 million in 2020. If Mr. Del Rio's employment had been terminated by us for "cause" or he had voluntarily resigned his employment without "good reason" (as such terms are defined in his amended and restated employment agreement) prior to December 31, 2021, Mr. Del Rio would have been required to repay 100% of the cash inducement award.

severance date, payable over a 12-month period in accordance with our regular payroll cycle practices following termination;

- payment of a pro-rata portion of any annual cash incentive actually earned for the year of termination; and
- continuation of medical and dental coverage for him and his eligible dependents on substantially the same terms and conditions in effect on his termination of employment until the first to occur of: (1) 18 months following termination; (2) the date of his death; (3) the date he becomes eligible for coverage under the health plan of a future employer; or (4) the date our Company is no longer obligated to offer him COBRA continuation coverage.

If we terminate Mr. Lindsay's or Mr. Montague's employment without cause, if Mr. Lindsay or Mr. Montague terminates his employment for good reason, or if Mr. Lindsay's or Mr. Montague's employment terminates by reason of the expiration of their respective terms of employment on December 31, 2024 or December 31, 2023, or their death or disability, for any awards granted after February 2022, (i) all then outstanding, unvested RSUs subject only to time-based vesting will vest in full, and (ii) all then outstanding, unvested PSUs subject to performance-based vesting will vest based on performance through the date of termination, as determined by our Compensation Committee. Furthermore, Mr. Lindsay and Mr. Montague will be entitled to receive any incentive bonus earned for the 2024 or 2023 calendar year, respectively, based on actual performance, provided that Mr. Lindsay or Mr. Montague remains employed through the end of December 31, 2024 or December 31, 2023, respectively.

In addition, if in connection with a change in control of our Company, we terminate Mr. Lindsay's or Mr. Montague's employment without "cause," or he terminates his employment for "good reason," in addition to the payments and benefits described above, all of

Mr. Lindsay's and Mr. Montague's outstanding and unvested equity awards granted under the Plan, or any successor equity plan, will receive full accelerated vesting.

The employment agreements for Mr. Lindsay and Mr. Montague provide that if any of the foregoing severance payments or benefits would be a parachute payment subject to any excise taxes pursuant to Section 4999 of the Code, his payments and benefits will be reduced and "cut back" to the extent that such reduction results in a better net after tax result to him.

Each of Mr. Lindsay's and Mr. Montague's, right to receive the severance payments and benefits described above is subject to him executing a release of claims in favor of our Company.

**Severance Benefits — Other Terminations — Mr. Lindsay and Mr. Montague.** In the event that Mr. Lindsay's or Mr. Montague's employment is terminated for death or disability, he will receive accelerated vesting for all time-based RSU awards granted from 2020 through 2021 and a pro-rata portion of the target amount of any outstanding, unvested PSU awards granted from 2020 through 2021.

In the event that Mr. Lindsay's or Mr. Montague's, employment is terminated by us for any other reason (by us for "cause" or by the NEO other than for "good reason"), he will only be entitled to receive his accrued obligations.

**Restrictive Covenants — All Other NEOs.** Pursuant to each of Mr. Kempa's, Mr. Lindsay's, Mr. Montague's and Mr. Sommer's, employment agreements, each NEO has agreed not to disclose any confidential information of our Company and our affiliates at any time during or after his employment with us. In addition, each NEO has agreed that for a period of two years after his employment terminates, he will not compete with the business of our Company or our affiliates and will not solicit the employees or guests of our Company or our affiliates.

- (1) The amount disclosed was determined by taking the value (calculated based on our closing share price of \$20.74 as of December 31, 2021) associated with (i) the unvested, outstanding RSUs awarded to Mr. Del Rio in March 2019 and 2020, October 2020 and June 2021 (ii) the number of outstanding PSUs awarded to Mr. Del Rio in March 2019 which had been earned and were still subject to time-based vesting and (iii) the maximum number of outstanding PSUs awarded to Mr. Del Rio in March 2020 and June 2021 (which is an assumed amount as the actual PSU vesting will depend on actual performance results achieved).
- (2) The amount disclosed was determined by taking the value (calculated based on our closing share price of \$20.74 as of December 31, 2021) associated with Mr. Del Rio's aggregate outstanding and unvested RSUs, market-based RSUs and PSUs subject to acceleration as of December 31, 2021. For outstanding PSUs awarded in March 2019, the amount is based on the PSUs that have been earned, which were still subject to time-based vesting. For outstanding PSUs awarded in March 2020 and June 2021, the amount assumes the maximum number of outstanding PSUs awarded to Mr. Del Rio (which is an assumed amount as the actual PSU vesting will depend on actual performance results achieved).
- (3) The amount disclosed was determined by taking the value (calculated based on our closing share price of \$20.74 as of December 31, 2021) associated with each NEO's outstanding and unvested RSUs and PSUs subject to acceleration as of December 31, 2021 in the event of death or disability, but not retirement. For outstanding PSUs awarded in March 2020, July 2020 and June 2021, the amount assumes the target number of outstanding PSUs awarded to each NEO pro-rated through December 31, 2021 in accordance with the terms of the relevant award agreements.
- (4) The amount disclosed was determined by taking the value (calculated based on our closing share price of \$20.74 as of December 31, 2021) associated with each NEO's outstanding and unvested RSUs and PSUs subject to acceleration as of December 31, 2021. For outstanding PSUs awarded in March 2019, the amount is based on the number of outstanding PSUs earned by each NEO, which were still subject to time-based vesting. For outstanding PSUs awarded in March 2020, July 2020 and June 2021, the amount assumes the maximum number of outstanding PSUs awarded to each NEO (which is an assumed amount as the actual PSU vesting will depend on actual performance results achieved).

## Compensation Committee Interlocks and Insider Participation

Messrs. John W. Chidsey, Russell W. Galbut and Chad A. Leat and Ms. Stella David served on our Compensation Committee during 2021. None of the members of our Compensation Committee was an officer or employee of our Company during the last fiscal year or was formerly an officer of our Company. During the last fiscal year, none of our executive officers served as: (1) a member of the compensation committee (or other committee of the board of directors performing equivalent functions or, in the absence of any such committee, the entire board

of directors) of another entity, one of whose executive officers served on our Compensation Committee; (2) a director of another entity, one of whose executive officers served on our Compensation Committee, or (3) a member of the compensation committee (or other committee of the board of directors performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served on our Board.

## Pay Ratio Disclosure

Under Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, we are required to provide the ratio of the annual total compensation of Mr. Del Rio, our President and Chief Executive Officer, to the annual total compensation of the median employee of the Company other than our President and Chief Executive Officer (the “Pay Ratio Disclosure”).

To provide context for this disclosure, it is important to understand the unique circumstances of our employee population. Our shipboard employees are an essential part of our operations and comprise approximately 90% of our workforce, while shoreside employees make up the remainder. Due to maritime requirements and the practical implications of employment on ships with worldwide operations, our shipboard employees receive certain accommodations that are not typically provided to shoreside employees including housing and meals while on the ship and medical care for any injuries or illnesses that occur while in the service of the ship. These accommodations are free of cost to each shipboard employee. Additionally, because our shipboard employees are away from home for extended periods of time while on the ship, they do not work for the entire year. For example, a shipboard employee will typically work between six to ten months out of the year. Our shipboard employees also generally reside outside of the U.S., where the cost of living may be significantly lower than in the U.S. Pursuant to the rules governing our Pay Ratio Disclosure, we do not annualize payment for our shipboard employees in the normal course of our cruise operations. However, as discussed below, we have annualized pay for shipboard employees who were on an unpaid leave of absence for the majority of 2021 due to the suspension of our cruise operations that ended in July 2021 with our phased relaunch of ships.

We believe that there have been no changes to our employee population or compensation arrangements since last year that would result in a significant change to

the Pay Ratio Disclosure and our median employee was still employed with the Company during 2021. When we originally identified the median employee for 2020, we used the following methodology:

- We evaluated the compensation distribution of all of our employees and determined that our median employee would be a shipboard employee due to the number of shipboard employees versus shoreside employees.
- We selected four representative ships from our fleet.
- We used total annual fixed cash pay pursuant to payroll records for the period of time during 2020 before our crew returned home due to the suspension of cruise voyages for each of the four ships for each employee as of December 31, 2020, as our consistently applied compensation measure.
- We then selected the median employee from this representative sample of our shipboard employees.

To determine the annual total compensation of our median employee for 2021:

- We calculated the daily rate of pay for the median employee by dividing the total annual pay for the period after the employee resumed work at the end of August 2021 by the number of days from the time the median employee resumed working through the end of 2021 and multiplying by an assumed number of days at sea, 278, which would be the typical number of days such an employee in that position would work in a given year.

The median employee was a full-time employee located on one of our ships with an annual total compensation of \$19,319 for 2021, calculated in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, which includes fixed cash pay, overtime pay, gratuities, and shipboard pension. Mr. Del Rio’s annual total

## EXECUTIVE COMPENSATION TABLES

compensation for 2021 was \$19,668,768. Based on this information, for 2021, the ratio of the compensation of Mr. Del Rio to the annual total compensation of the median employee was estimated to be approximately 1,018 to 1.

The Pay Ratio Disclosure presented above is a reasonable estimate. Because the SEC rules for identifying the median employee and calculating the pay

ratio allow companies to use different methodologies, exemptions, estimates and assumptions, the Pay Ratio Disclosure may not be comparable to the pay ratio reported by other companies.

### *Equity Compensation Plan Information*

We currently maintain two equity compensation plans: the Plan and the Employee Stock Purchase Plan (the "ESPP").

The following table summarizes our equity plan information as of December 31, 2021.

- (2) Calculated exclusive of outstanding RSU awards.
- (3) Represents 6,781,066 ordinary shares available under the Plan and 1,345,450 ordinary shares available under the ESPP. The amount available under the ESPP includes 145,138 shares that were subject to purchase during the purchase period ended December 31, 2021. All of the ordinary shares available under the Plan may be granted in the form of options, share appreciation rights, share bonuses, restricted shares, share units, performance shares, phantom shares, dividend equivalents and other forms of awards available under the Plan. This table does not reflect the 7,000,000 additional shares that will be available under the Plan if shareholders approve the Plan proposal.

# PROPOSAL 3 — APPROVAL OF AMENDMENT TO 2013 PERFORMANCE INCENTIVE PLAN

## General

---

Our Company's long-term incentive compensation program is implemented under the Norwegian Cruise Line Holdings Ltd. 2013 Performance Incentive Plan (or the "Plan"). The Plan emphasizes achievement of long-term performance and shareholder value creation.

On April 25, 2022, our Board approved amending and restating the Plan, subject to approval by our shareholders. At the Annual General Meeting, our shareholders will be asked to approve the following amendments set forth in the amended and restated Plan:

- **Increase in Aggregate Share Limit.** The Plan currently limits the aggregate number of our ordinary shares that may be delivered pursuant to all awards granted under the Plan to 32,375,106 shares. The proposed amendments would increase this limit by an additional 7,000,000 shares so that the new aggregate share limit for the Plan would be 39,375,106 shares. The proposed amendments would also increase the limit on the number of shares that may be delivered pursuant to "incentive stock options" granted under the Plan by 7,000,000 shares for a new limit of 39,375,106 incentive stock options. For purposes of clarity, any shares that are delivered pursuant to incentive stock options also count against (and are not in addition to) the aggregate Plan share limit described above.
- **Extension of Plan Term.** The Plan is currently scheduled to expire on February 15, 2031. The proposed amendments provide for the term of the Plan to be extended until April 25, 2032, ten years from the date the proposed amended Plan was approved by our Board.

As of March 11, 2022, a total of 18,082,496 ordinary shares were then subject to outstanding awards granted under the Plan, and only 1,079,091 ordinary shares were then available for new award grants under the Plan (assuming that all outstanding performance-based awards are paid out at the maximum performance level). The proposed amendments would increase the available shares under the Plan by 7,000,000 shares. Based solely on the closing price of the Company's ordinary shares as reported by the New York Stock Exchange on April 1, 2022, the maximum aggregate market value of the additional 7,000,000 new shares that could be issued under the Plan is approximately \$152.7 million.

Our Company believes that incentives and share-based awards focus employees on the objective of creating shareholder value and promoting the success of our Company, and that incentive compensation plans like the Plan are an important attraction, retention and motivation tool for participants in the Plan. Our Board believes that the number of shares currently available under the Plan does not give our Company sufficient authority and flexibility to adequately provide for future incentives. Our Board believes that the additional shares give our Company greater flexibility to structure future incentives and better attract, retain and award key employees.

If shareholders do not approve this Plan proposal, the current share limits under the Plan will continue in effect and the Plan term will not be extended.

## Key Features of the Plan

---

Some of the key features of the Plan are highlighted below. This section is qualified in its entirety by the full text of the Plan, which appears as Appendix A to this Proxy Statement.

- **No Evergreen or Option Reload Feature.** The Plan does not include any "evergreen feature" that automatically increases the shares available for issuance under the Plan each year. The Plan also does not include any provision for the grant of reload options.
- **No Repricings or Buyouts Without Shareholder Approval.** The Plan expressly prohibits our Company from repricing or buying-out options and stock appreciation rights ("SARs") without shareholder approval.
- **Change in Control Definition.** The change in control provisions under the Plan require the actual occurrence of a qualifying transaction.
- **No "Single Trigger" Change in Control Provision.** The Plan does not require automatic vesting of outstanding awards upon the occurrence

of a change in control of our Company. Instead, outstanding awards may be assumed, exchanged, or otherwise continued following the change in control, and outstanding awards will only vest if they are not assumed, exchanged or otherwise continued and terminate in connection with the change in control, or if the terms of the individual awards require accelerated vesting.

- **No Change in Control Gross-Ups.** The Plan does not include any gross-up payment for golden parachute excise taxes that may be triggered under Sections 280G and 4999 of the Code as a result of a change in control of the Company.
- **No Liberal Share Recycling Provisions for Options and SARs.** Any shares that are not issued or delivered as a result of the net settlement of an outstanding option or SAR, or any shares that are not issued or are tendered back to our Company

as payment for any options or SARs, as well as any shares withheld or tendered to satisfy tax withholding obligations related to options or SARs, as well as any shares repurchased with the proceeds of any option exercise price, will not again be available for new grants under the Plan. In addition, the gross number of shares for which a SAR award is exercised, and not the number of shares actually issued, will count against the share limits of the Plan.

- **Vesting Requirements for Dividends and Dividend Equivalents.** Any dividends and/or dividend equivalents on unvested awards are subject to termination and forfeiture to the same extent as the corresponding portion of the unvested award to which they relate.

Please see the following section for a more detailed summary of the principal terms of the Plan.

## Summary Description of the Plan

The principal terms of the Plan are summarized below. The following summary is qualified in its entirety by the full text of the Plan, which appears as Appendix A to this Proxy Statement.

**Purpose.** The purpose of the Plan is to promote the success of our Company and to increase shareholder value by providing an additional means for us to attract, motivate, retain and reward selected employees and other eligible persons through the grant of awards. Equity-based awards are also intended to further align the interests of award recipients and our shareholders.

**Administration.** Our Board or one or more committees appointed by our Board will administer the Plan. Our Board has delegated general administrative authority for the Plan to our Compensation Committee. A committee may delegate some or all of its authority with respect to the Plan to another committee of directors, and certain limited authority to grant awards to employees may be delegated to one or more officers of our Company. (The appropriate acting body, be it our Board, a committee within its delegated authority, or an officer within his or her delegated authority, is referred to in this proposal as the “Administrator”).

The Administrator has broad authority under the Plan, including, without limitation, the authority:

- to select eligible participants and determine the type(s) of award(s) that they are to receive;
- to grant awards and determine the terms and conditions of awards, including the price (if any) to be paid for the shares or the award and, in the case

of share-based awards, the number of shares to be offered or awarded;

- to determine any applicable vesting and exercise conditions for awards (including any applicable performance-based targets), or determine that no delayed vesting or exercise is required, and to accelerate or extend the vesting or exercisability or extend the term of any or all outstanding awards;
- to cancel, modify, or waive our Company’s rights with respect to, or modify, discontinue, suspend, or terminate any or all outstanding awards, subject to any required consents;
- subject to the other provisions of the Plan, to make certain adjustments to an outstanding award and to authorize the conversion, succession or substitution of an award;
- to determine the method of payment of any purchase price for an award or ordinary shares delivered under the Plan, as well as any tax-related items with respect to an award, which may be in the form of cash, check, or electronic funds transfer, by the delivery of already-owned ordinary shares or by a reduction of the number of shares deliverable pursuant to the award, by services rendered by the recipient of the award, by notice and third party payment or cashless exercise on such terms as the Administrator may authorize, or any other form permitted by law;
- to modify the terms and conditions of any award, establish sub-plans and agreements and determine different terms and conditions that the Administrator

## PROPOSAL 3 — APPROVAL OF AMENDMENT TO 2013 PERFORMANCE INCENTIVE PLAN

deems necessary or advisable to comply with laws in the countries where our Company or one of its subsidiaries operates or where one or more eligible participants reside or provide services;

- to approve the form of any award agreements used under the Plan; and
- to construe and interpret the Plan, make rules for the administration of the Plan, and make all other determinations necessary or advisable for the administration of the Plan.

**No Repricing.** In no case (except due to an adjustment to reflect a share split or other event referred to under “Adjustments” below, or any repricing that is approved by our shareholders) will the Administrator (1) amend an outstanding option or share appreciation right to reduce the exercise price or base price of the award, (2) cancel, exchange, or surrender an outstanding option or share appreciation right in exchange for cash or other awards for the purpose of repricing the award, or (3) cancel, exchange, or surrender an outstanding option or share appreciation right in exchange for an option or share appreciation right with an exercise or base price that is less than the exercise or base price of the original award.

**Eligibility.** Persons eligible to receive awards under the Plan include officers or employees of our Company or any of its subsidiaries, directors of our Company, and certain consultants and advisors to our Company or any of its subsidiaries. Currently, approximately 1,167 officers and employees of our Company and its subsidiaries (including all of our NEOs), and each of our Company’s six non-employee directors, are considered eligible under the Plan.

**Authorized Shares; Limits on Awards.** The maximum number of ordinary shares that may be issued or transferred pursuant to awards under the Plan equals 32,375,106 shares. If shareholders approve this Plan proposal, the maximum number of ordinary shares that may be issued or transferred pursuant to awards under the Plan will be 39,375,106 shares, an increase of 7,000,000 additional shares.

The following other limit is also contained in the Plan:

- The maximum number of shares that may be delivered pursuant to options qualified as incentive stock options granted under the Plan is 32,375,106 shares. If shareholders approve this Plan proposal, this limit on incentive stock options granted under the Plan will be 39,375,106 shares, an increase of 7,000,000 additional shares.

Following are other rules under the Plan for counting shares against the applicable share limits of the Plan:

- To the extent that an award is settled in cash or a form other than ordinary shares, the shares that

would have been delivered had there been no such cash or other settlement will not be counted against the share limit and will be available for subsequent awards under the Plan.

- In the event that ordinary shares are delivered in respect of a dividend equivalent right, the actual number of shares delivered with respect to the award will be counted against the share limits of the Plan. For purposes of clarity, if 1,000 dividend equivalent rights are granted and outstanding when our Company pays a dividend, and 100 shares are delivered in payment of those rights with respect to that dividend, 100 shares will be counted against the share limits of the Plan.
- Shares that are subject to or underlie awards that expire or for any reason are cancelled or terminated, are forfeited, fail to vest, are settled without the issuance of shares, or for any other reason are not paid or delivered in shares under the Plan will again be available for subsequent awards under the Plan.
- Shares that are not issued or delivered as a result of the net settlement of an outstanding option or share appreciation right or are exchanged by a participant or withheld by our Company as full or partial payment in connection with any option or share appreciation right granted under the Plan, as well as any shares exchanged by a participant or withheld by our Company to satisfy the tax withholding obligations related to any option or share appreciation right granted under the Plan, as well as any shares repurchased with the proceeds of any option exercise price will not be available for subsequent awards under the Plan. To the extent that shares are delivered pursuant to the exercise of a share appreciation right or option, the number of underlying shares as to which the exercise related will be counted against the share limits of the Plan, as opposed to only counting the shares issued. For purposes of clarity, if a share appreciation right relates to 100,000 shares and is exercised at a time when the payment due to the participant is 15,000 shares, 100,000 shares will be counted against the share limits of the Plan.
- Shares that are not issued or exchanged by a participant or withheld by our Company to pay the purchase price of an award granted under the Plan other than an option or share appreciation right, as well as any shares exchanged or withheld to satisfy the tax withholding obligations related to any award other than an option or share appreciation right, will not be counted against the share limit and will be available for subsequent awards under the Plan.

- The Plan generally provides that ordinary shares issued in connection with awards that are granted by or become obligations of our Company through the assumption of awards (or in substitution for awards) in connection with an acquisition of another company will not count against the ordinary shares available for issuance under the Plan.
- Our Company may not increase the applicable share limits of the Plan by repurchasing ordinary shares on the market (by using cash received through the exercise of options or otherwise).

**Types of Awards.** The Plan authorizes options, share appreciation rights, and other forms of awards granted or denominated in our Company’s ordinary shares or units of our Company’s ordinary shares, as well as cash bonus awards. The Plan retains flexibility to offer competitive incentives and to tailor benefits to specific needs and circumstances. Any award may be structured to be paid or settled in cash.

An option is the right to purchase ordinary shares at a future date at a specified price per share (the “exercise price”). The per share exercise price of an option generally may not be less than the fair market value of an ordinary share on the date of grant. The maximum term of an option is ten years from the date of grant. An option may either be an incentive stock option or a nonqualified stock option. Incentive stock option benefits are taxed differently from nonqualified stock options, as described under “U.S. Federal Income Tax Consequences of Awards Under the Plan” below. Incentive stock options are also subject to more restrictive terms and are limited in amount by the Code and the Plan. Incentive stock options may only be granted to employees of our Company or a subsidiary.

A share appreciation right is the right to receive payment of an amount equal to the excess of the fair market value of an ordinary share on the date of exercise of the share appreciation right over the base or exercise price of the share appreciation right. The base price or exercise price will be established by the Administrator at the time of grant of the share appreciation right and generally may not be less than the fair market value of an ordinary share on the date of grant. Share appreciation rights may be granted in connection with other awards or independently. The maximum term of a share appreciation right is ten years from the date of grant.

The other types of awards that may be granted under the Plan include, without limitation, share bonuses, restricted shares, performance shares, share units or phantom shares (which are contractual rights to receive ordinary shares, or cash based on the fair market value of an ordinary share), dividend equivalents which represent the right to receive a payment based on the

dividends paid on an ordinary share over a stated period of time, or similar rights to purchase or acquire shares, and cash awards.

Any awards under the Plan may be fully-vested at grant or may be subject to time- and/or performance-based vesting requirements.

**Dividend Equivalents.** The Administrator may provide that awards under the Plan (other than options or share appreciation rights) earn dividends or dividend equivalents based on the amount of dividends paid on outstanding ordinary shares, provided that as to any dividend equivalent rights granted in connection with an award granted under the Plan that is subject to any vesting requirements, no dividend equivalent payment will be made unless the related vesting conditions of the award are satisfied (or, in the case of a restricted share or similar award where the dividend must be paid as a matter of law, the dividend payment will be subject to forfeiture or repayment, as the case may be, if the related vesting conditions are not satisfied).

**Assumption and Termination of Awards.** If an event occurs in which our Company does not survive (or does not survive as a public company in respect of its ordinary shares), including, without limitation, a dissolution, merger, combination, consolidation, exchange of securities, or other reorganization, or a sale of all or substantially all of the business, shares or assets of our Company, awards then-outstanding under the Plan will not automatically become fully vested pursuant to the provisions of the Plan so long as such awards are assumed, substituted, exchanged for or otherwise continued. However, if awards then-outstanding under the Plan are to be terminated in such circumstances (without being assumed or substituted for), such awards would generally become fully vested, subject to any exceptions that the Administrator may provide for in an applicable award agreement (such as for awards subject to performance-based vesting requirements). The Administrator also has the discretion to establish other change in control provisions with respect to awards granted under the Plan. For example, the Administrator could provide for the acceleration of vesting or payment of an award in connection with a corporate event or in connection with a termination of the award holder’s employment. For the treatment of outstanding equity awards held by the NEOs in connection with a termination of employment and/or a change in control of our Company, please see the “Potential Payments Upon Termination or Change in Control” above in this Proxy Statement.

**Transfer Restrictions.** Subject to certain exceptions contained in Section 5.7 of the Plan, awards under the Plan generally are not transferable by the recipient other than by will or the laws of descent and distribution and are generally exercisable, during the recipient’s

lifetime, only by the recipient. Any amounts payable or shares issuable pursuant to an award generally will be paid only to the recipient or the recipient's beneficiary or representative. The Administrator has discretion, however, to establish written conditions and procedures for the transfer of awards to other persons or entities, provided that such transfers comply with applicable federal and state securities laws and are not made for value (other than nominal consideration, settlement of marital property rights, or for interests in an entity in which more than 50% of the voting securities are held by the award recipient or by the recipient's family members).

**Adjustments.** As is customary in incentive plans of this nature, each share limit and the number and kind of shares available under the Plan and any outstanding awards, as well as the exercise or purchase prices of awards, and performance targets under certain types of performance-based awards, are subject to adjustment in the event of certain reorganizations, mergers, combinations, recapitalizations, share splits, share dividends, or other similar events that change the number or kind of shares outstanding, and extraordinary dividends or distributions of property to the shareholders.

**Discretion to Accelerate.** The Administrator has discretion to accelerate the vesting of any award under the Plan, in circumstances it determines to be appropriate.

## *U.S. Federal Income Tax Consequences of Awards Under the Plan*

---

The U.S. federal income tax consequences of the Plan under current federal law, which is subject to change, are summarized in the following discussion of the general tax principles applicable to the Plan. This summary is not intended to be exhaustive and, among other considerations, does not describe the deferred compensation provisions of Section 409A and 457A of the Code to the extent an award is subject to and does not satisfy those rules, nor does it describe state, local, or international tax consequences.

With respect to nonqualified stock options, our Company is generally entitled to deduct, and the participant recognizes taxable income in, an amount equal to the difference between the option exercise price and the fair market value of the shares at the time of exercise. With respect to incentive stock options, our Company is generally not entitled to a deduction nor does the participant recognize income at the time of exercise, although the participant may be subject to the U.S. federal alternative minimum tax.

The current federal income tax consequences of other awards authorized under the Plan generally follow certain basic patterns: nontransferable restricted shares

**No Limit on Other Authority.** The Plan does not limit the authority of our Board or any committee to grant awards or authorize any other compensation, with or without reference to our Company's ordinary shares, under any other plan or authority.

**Termination of or Changes to the Plan.** Our Board may amend or terminate the Plan at any time and in any manner. Shareholder approval for an amendment will be required only to the extent then required by applicable law or deemed necessary or advisable by our Board. Unless terminated earlier by our Board and subject to any extension that may be approved by shareholders, the authority to grant new awards under the Plan will terminate on February 15, 2031. If shareholders approve this Plan proposal, the term of the Plan will be extended to April 25, 2032. Outstanding awards, as well as the Administrator's authority with respect thereto, generally will continue following the expiration or termination of the Plan. Generally speaking, outstanding awards may be amended by the Administrator (except for a repricing), but the consent of the award holder is required if the amendment (or any Plan amendment) materially and adversely affects the holder.

subject to a substantial risk of forfeiture results in income recognition equal to the excess of the fair market value over the price paid (if any) only at the time the restrictions lapse (unless the recipient elects to accelerate recognition as of the date of grant); and bonuses, share appreciation rights, cash and share-based performance awards, dividend equivalents, share units, and other types of awards are generally subject to tax at the time of payment. In each of the foregoing cases, our Company will generally have a corresponding deduction at the time the participant recognizes income.

If an award is accelerated under the Plan in connection with a "change in control" (as this term is used under the Code), our Company may not be permitted to deduct the portion of the compensation attributable to the acceleration ("parachute payments") if it exceeds certain threshold limits under the Code (and certain related excise taxes may be triggered). Furthermore, under Section 162(m) of the Code, the aggregate compensation in excess of \$1,000,000 payable to current or former NEOs of our Company may not be deductible by our Company in certain circumstances.

## *Specific Benefits Under the Plan*

---

Our Company has not approved any awards that are conditioned upon shareholder approval of the Plan. Our Company is not currently considering any other specific award grants under the Plan, other than the annual grants of restricted share unit awards to our non-employee directors described in the following paragraph. If the proposed amendments to the Plan had been in existence in 2021, our Company expects that its award grants for 2021 would not have been substantially different from those actually made in that year under the Plan. For information regarding share-based awards granted to our NEOs during 2021, see the material under the heading “Executive Compensation.”

As described under “Director Compensation” above, our Directors’ Compensation Policy, effective January 1, 2022, provides for each non-employee director to receive an annual restricted share unit award valued at \$195,000 to be awarded on the first business day of each calendar year. The number of shares subject to each award is determined by dividing \$195,000 by the closing price of our ordinary shares on the grant date. Assuming, for illustrative purposes only, that the price of

the ordinary shares used for the conversion of the dollar amount set forth above into shares is \$30, the number of shares subject to restricted share unit awards that would be allocated to the Company’s six non-employee directors as a group pursuant to the annual grant formula is 390,000 shares. This figure represents the aggregate number of shares that would be subject to the annual grants under the director equity grant program for calendar years 2023 through 2032 (the ten remaining years in the term of the Plan, assuming the term is extended) based on that assumed share price and a number of other assumptions, including, without limitation, that there are no new eligible directors, there continue to be six eligible directors seated, no eligible non-employee director waives his or her right to receive any annual grant and there are no changes to the awards granted under the director equity grant program.

Our President and Chief Executive Officer is also entitled to annual equity awards pursuant to his amended and restated employment agreement as described under “Executive Compensation Tables — Employment Agreements for NEOs — Salary, Annual Cash Performance Incentive Opportunity and Equity.”

## *Potential Dilution*

---

The following paragraphs include additional information to help shareholders assess the potential dilutive impact of our Company’s equity awards and the Plan. As of the date hereof, the Plan is our Company’s only equity compensation plan (other than our Company’s Employee Stock Purchase Plan). Our Company’s Employee Stock Purchase Plan (the “ESPP”) is intended as a qualified employee share purchase plan under Section 423 of the Code. The ESPP generally provides for broad-based participation by employees of our Company (and certain of its subsidiaries) and affords employees who elect to participate an opportunity to purchase ordinary shares at a discount. Certain information regarding the number of ordinary shares available for issuance under our Company’s ESPP is included under the heading “Equity Compensation Plan Information” in this Proxy Statement. The discussion that follows in this “Potential Dilution” section does not include any shares that have been purchased under, may be purchased in the current purchase period under, or that remain available

for issuance or delivery under the ESPP.

“Overhang” refers to the number of ordinary shares that are subject to outstanding awards or remain available for new award grants. The following table shows the total number of ordinary shares that were subject to outstanding restricted share and restricted share unit awards granted under the Plan, that were subject to outstanding options granted under the Plan, and that were then available for new award grants under the Plan as of March 11, 2022. For awards subject to performance-based vesting requirements, such as the PSUs (as described above under “Executive Compensation — Compensation Discussion and Analysis — Long-Term Equity Incentive Compensation”), the number of shares presented is based on achieving the maximum level of performance, even though the actual share payout for these awards may be less than the maximum number below.

## PROPOSAL 3 — APPROVAL OF AMENDMENT TO 2013 PERFORMANCE INCENTIVE PLAN

<b>Overhang</b>	<b>As of March 11, 2022</b>
Shares subject to outstanding restricted share and restricted share unit awards (excluding performance-based and market based vesting awards)	10,105,754
Shares subject to outstanding performance-based vesting restricted share and restricted share unit awards	3,220,481
Shares subject to outstanding market-based vesting restricted share and restricted share unit awards	50,000
Shares subject to outstanding options (excluding performance-based and market based vesting options) <sup>(1)</sup>	4,383,345
Shares subject to outstanding performance-based vesting options <sup>(1)</sup>	114,583
Shares subject to outstanding market-based vesting options <sup>(1)</sup>	208,333
<b>Shares available for new award grants</b>	<b>1,079,091</b>

(1) As of March 11, 2022, our 4,706,261 outstanding options granted under the Plan had a weighted-average exercise price of \$52.43, and a weighted-average remaining life of 3.21 years.

The weighted-average number of ordinary shares issued and outstanding in each of the last three fiscal years was 214,929,977 shares issued and outstanding in 2019; 254,728,932 shares issued and outstanding in 2020; and 365,449,967 shares issued and outstanding in 2021. The number of ordinary shares issued and outstanding as of April 1, 2022 was 419,100,690 shares.

“Burn rate” refers to the number of shares that are subject to awards that we grant over a particular period of time. The total number of ordinary shares subject to awards that our Company granted under the Plan in each of the last three fiscal years are as follows:

- 2,391,777 shares in 2019 (which was 1.1% of the weighted-average number of ordinary shares issued and outstanding in 2019), of which 1,929,495 shares were subject to restricted share and restricted share unit awards (excluding performance-based and market-based vesting awards), 462,282 shares were subject to performance-based vesting restricted share and restricted share unit awards, 0 shares were subject to market-based vesting restricted share and restricted share unit awards, 0 shares were subject to options (excluding performance-based and market-based vesting options), 0 shares were subject to performance-based vesting options, and 0 shares were subject to market-based vesting options; and
- 6,325,721 shares in 2020 (which was 2.5% of the weighted-average number of ordinary shares issued and outstanding in 2020), of which 5,380,123 shares were subject to restricted share and restricted share unit awards (excluding performance-based and market-based vesting awards), 945,598 shares were subject to performance-based vesting restricted share and restricted share unit awards, 0 shares were subject to market-based vesting restricted share and restricted share unit awards, 0 shares were subject

to options (excluding performance-based and market-based vesting options), 0 shares were subject to performance-based vesting options, and 0 shares were subject to market-based vesting options.

- 3,874,351 shares in 2021 (which was 1.1% of the weighted-average number of ordinary shares issued and outstanding in 2021), of which 3,137,453 shares were subject to restricted share and restricted share unit awards (excluding performance-based and market-based vesting awards), 736,898 shares were subject to performance-based vesting restricted share and restricted share unit awards, 0 shares were subject to market-based vesting restricted share and restricted share unit awards, 0 shares were subject to options (excluding performance-based and market-based vesting options), 0 shares were subject to performance-based vesting options, and 0 shares were subject to market-based vesting options.

Thus, the total number of ordinary shares subject to awards granted under the Plan per year over the last three fiscal years (2019, 2020 and 2021) has been, on average, 1.5% of the weighted-average number of ordinary shares issued and outstanding for this period. Performance-based vesting awards have been included above in the year in which the award was granted by our Board or Compensation Committee.

The total number of ordinary shares that were subject to awards granted under the Plan that terminated or expired, and thus became available for new award grants under the Plan, in each of the last three fiscal years are as follows: 552,528 in 2019, 1,013,921 in 2020 and 419,779 in 2021. The total number of ordinary shares that were subject to awards granted under the Plan and that were withheld to cover tax withholding obligations related to restricted share and restricted share unit awards and thus became available for new award grants

under the Plan, in each of the last three fiscal years are as follows: 379,319 in 2019, 431,039 in 2020 and 562,294 in 2021. Shares subject to Plan awards that terminated or expired and became available for new award grants under the Plan have been included when information is presented in this Plan proposal on the number of shares available for new award grants under the Plan.

Our Compensation Committee anticipates that the 7,000,000 additional shares requested for the Plan (together with the shares available for new award grants under the Plan on the Annual General Meeting date and assuming usual levels of shares becoming available for new awards as a result of forfeitures of outstanding awards) will provide the Company with flexibility to continue to grant equity awards under the Plan through approximately the end of 2023 (reserving sufficient shares to cover potential payment of performance-based awards at maximum payment levels). However, this is only an estimate, in our Company's judgment, based on current circumstances. The total number of shares

that are subject to our Company's award grants in any one year or from year-to-year may change based on a number of variables, including, without limitation, the value of our Company's ordinary shares (since higher share prices generally require that fewer shares be issued to produce awards of the same grant date fair value), changes in competitors' compensation practices or changes in compensation practices in the market generally, changes in the number of employees, changes in the number of directors and officers, whether and the extent to which vesting conditions applicable to equity-based awards are satisfied, acquisition activity and the need to grant awards to new employees in connection with acquisitions, the need to attract, retain and incentivize key talent, the type of awards our Company grants, and how our Company chooses to balance total compensation between cash and equity-based awards.

The closing market price for a share of the Company's ordinary shares as of April 1, 2022 was \$21.82 per share.

### *Aggregate Equity Awards Previously Granted Under the Plan*

---

As of December 31, 2021, awards covering 33,464,970 ordinary shares had been granted under the Plan. (This number of shares includes shares subject to awards that expired or terminated without having been exercised and paid and became available for new award grants under the Plan.) The following table shows

information regarding the distribution of all awards among the persons and groups identified below, option exercises and restricted share or unit vesting prior to that date, and option and unvested restricted share or unit holdings as of that date.

## Vote Required for Approval of Amendment to 2013 Performance Incentive Plan

Our Board believes that the adoption of the amendments to the Plan will promote the interests of our Company and our shareholders and will help our Company and its subsidiaries continue to be able to attract, retain and reward persons important to our success.

All members of our Board and all of our Company's executive officers are eligible for awards under the Plan

and thus have a personal interest in the approval of the Plan.

Approval of the amendments to the Plan requires the affirmative vote of a majority of the votes cast on this proposal at the Annual General Meeting.

## Board Recommendation

**OUR BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE “FOR” APPROVAL OF THE AMENDMENT TO OUR 2013 PERFORMANCE INCENTIVE PLAN AS DESCRIBED ABOVE AND SET FORTH IN APPENDIX A.**

## PROPOSAL 4 — RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has appointed PwC to serve as our independent registered public accounting firm for the year ending December 31, 2022. As required by our bye-laws and applicable law, the appointment of PwC and the fixing of PwC’s remuneration must be approved by our shareholders at the Annual General Meeting. If shareholders do not ratify the appointment of PwC and our Audit Committee’s determination of PwC’s remuneration, our Audit Committee will consider the appointment of another independent registered public accounting firm. In addition, even if shareholders ratify our Audit Committee’s selection, our Audit Committee, in its discretion, may still appoint a different independent registered public accounting firm if it believes that such a change would be in the best interests of our Company and its shareholders.

A representative of PwC is expected to attend the Annual General Meeting. The representative will have the opportunity to make a statement if he or she desires to do so, and is expected to be available to answer appropriate questions.

Fees for professional services rendered by PwC for our Company for the years ended December 31, 2021 and 2020 were:

	Total Fees	
	Year Ended December 31,	
	2021	2020
	(in thousands)	
Audit fees	\$4,480	\$6,174
Audit-related fees	1,050	1,450
Tax fees	646	2,968
All other fees	8	2
<b>Total</b>	<b>\$6,184</b>	<b>\$10,594</b>

The audit fees for the years ended December 31, 2021 and 2020 relate to the aggregate fees billed by PwC in connection with the audit of our financial statements and related internal control over financial reporting.

### Board Recommendation

**OUR BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE “FOR” RATIFICATION OF THE APPOINTMENT OF PWC AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2022 AND THE AUDIT COMMITTEE’S DETERMINATION OF PWC’S REMUNERATION.**

The audit-related fees for the years ended December 31, 2021 and 2020 were related to the issuance of comfort letters.

Tax fees for the year ended December 31, 2021 were related to tax return preparation and other tax compliance services and for 2020 were related to tax advice, including consultations regarding the tax impact of the capital transactions carried out in 2020 (approximately \$2.1 million) and tax return preparation and other tax compliance services (approximately \$840 thousand).

All other fees for the years ended December 31, 2021 and 2020 included fees related to the PwC annual on-line subscription research tool.

Pursuant to the terms of its charter, our Audit Committee must pre-approve all audit and permitted non-audit services to be performed by our independent registered public accounting firm. Such pre-approval can be given as part of our Audit Committee’s approval of the scope of the engagement of the independent registered public accounting firm or on an individual basis. Our Audit Committee is authorized to delegate the pre-approval of audit and permitted non-audit services to one or more of its members, provided that any decisions to pre-approve any audit or non-audit services pursuant to this authority must be presented to our full Audit Committee at its next scheduled meeting. Our Audit Committee pre-approved all of the non-audit services provided by our independent registered public accounting firm in 2021 and 2020.

Our Audit Committee has considered and determined that the services provided by PwC are compatible with maintaining PwC’s independence.

# AUDIT COMMITTEE REPORT

The Audit Committee of the Board assists the Board in performing its oversight responsibilities for our financial reporting process, audit process and internal controls as more fully described in the written charter of the Audit Committee. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. Our independent registered public accounting firm, PricewaterhouseCoopers LLP, is responsible for performing an independent audit of our consolidated financial statements and internal control over financial reporting in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States) and for issuing a report thereon.

In the performance of its oversight function, the Audit Committee reviewed and discussed our audited consolidated financial statements for the year ended December 31, 2021 with management and with PricewaterhouseCoopers LLP. In addition, the Audit Committee discussed with PricewaterhouseCoopers LLP the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board and the SEC, which includes, among other items, matters related to the conduct of the audit of our financial statements. The Audit Committee has also received and reviewed the written disclosures and the letter from PricewaterhouseCoopers LLP required by the applicable requirements of the Public Company Accounting Oversight Board regarding PricewaterhouseCoopers LLP's communications with the Audit Committee concerning independence, and has discussed with PricewaterhouseCoopers LLP its independence and considered whether the non-audit services provided by PricewaterhouseCoopers LLP are compatible with maintaining its independence.

Based on the review and discussions with management and PricewaterhouseCoopers LLP, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2021 filed with the SEC.

# SHAREHOLDER PROPOSAL

A shareholder has submitted the following proposal, which will be voted on at our Annual General Meeting if properly presented by the shareholder proponent or by a qualified representative on behalf of the shareholder proponent. We will furnish, orally or in writing, as requested, the name, address and claimed share ownership of the shareholder that submitted this proposal promptly upon oral or written request to our Company's General Counsel and Assistant Secretary.

Pursuant to SEC rules, we are reprinting the proposal and supporting statement in our Proxy Statement as they were submitted to us. We do not believe that certain assertions in this shareholder proposal about our Company are correct, but we have not attempted to refute all of these inaccuracies. Our Board has recommended a vote against this proposal for the reasons set forth under "Board's Statement in Opposition."

## PROPOSAL 5 — SHARE RETENTION

The Comptroller of the State of New York has notified us that it intends to submit the following proposal at our Annual General Meeting. As explained below, our Board unanimously recommends that you vote "AGAINST" this shareholder proposal. The Comptroller of the State of New York has indicated that it beneficially owned approximately 348,200 of our ordinary shares as

of November 23, 2021 and continues to hold shares in our Company. We will provide their address promptly upon a shareholder's oral or written request. We are not responsible for the accuracy or content of the proposal, which is presented as received from the proponent pursuant to SEC rules.

### Share Retention and Share Retention

**RESOLVED:** Shareholders of Norwegian Cruise Line Holdings Ltd. ("Company") urge the Compensation Committee of the Board of Directors ("Committee") to disclose if, and how, it seeks to require that named executive officers retain a significant percentage of shares acquired through equity compensation programs until reaching normal retirement age.

In its discretion, the Committee may wish to consider:

- Defining normal retirement age based on the Company's qualified retirement plan with the largest number of participants,

- Adopting a share holding period requirement of at least one year after they retire or separate from the Company,<sup>1</sup> and
- Whether this supplements any other share ownership requirements that have been established for senior executives.

This policy should be implemented so as not to violate the Company's existing contractual obligations or the terms of any compensation or benefit plan currently in effect.

### SUPPORTING STATEMENT:

Equity-based compensation is an important component of senior executive compensation at our Company. While we encourage the use of equity-based compensation for senior executives, we are concerned that our Company's senior executives are generally free to sell shares received from equity compensation plans after meeting targets.

We are especially concerned given in 2021 83% of the Company's shareholders voted to oppose the compensation of the Company's named executive officers ("say-on-pay" vote).

Our proposal seeks to better link executive compensation with long-term performance by requiring meaningful retention of shares senior executives receive from the Company's equity compensation plans. Requiring named executives to hold a significant percentage of shares obtained through equity compensation plans until they reach retirement age, regardless of when the executive retires, will better align the interests of executives with the interests of shareholders and the Company.

<sup>1</sup> <https://www.cii.org/files/ciicorporategovernancepolicies/20190918NewExecCompPolicies.pdf>

In addition, in April 2018, Norwegian authorized a three-year, \$1 billion share repurchase program<sup>2</sup> and as of November 2019 had spent \$750 million under that program repurchasing the Company's common stock.<sup>3</sup>

When Company senior executives sell their shares during a share buyback, it may send a mixed message to shareholders — on one hand, the Board may convey that the company stock is undervalued enough to make the buyback worthwhile while management is indicating that it is valued highly enough to be worth selling.

In our opinion, the Company's current share ownership guidelines for senior executives do not go far enough to ensure that the Company's equity compensation plans

## BOARD'S STATEMENT IN OPPOSITION:

Our Board recommends a vote AGAINST this proposal because it:

- would not provide any additional benefit to our shareholders,
- could negatively impact our ability to attract talent, and
- could incentivize executives we wish to retain to prematurely separate from our Company in order to access their capital.

Requiring that our executive officers retain a set percentage of shares they receive each year until they reach normal retirement age or separate from our Company would be burdensome to our executives and place undue restrictions on our Compensation Committee's ability to design a compensation program that drives long-term value for our Company while also attracting and retaining top talent. Currently, a significant portion of our executive officers' total compensation is variable and paid in the form of a performance-based cash bonus and long-term incentive ("LTI") equity awards, which typically do not fully vest until three years after the grant date. For example, our CEO's reported compensation for 2021 was approximately 28% cash and approximately 72% equity. Our Board believes that this focus on performance-based compensation and LTI awards that are earned and increase in value only if our share price increases is the best way to incentivize our executives to build sustained shareholder value and that, accordingly, our existing compensation design already aligns the interests of executives with the interests of shareholders and our Company. Our Board further believes that requiring executives to hold our shares until retirement or separation from our Company — regardless of the value

continue to build stock ownership by senior executives over the long term. We believe that requiring senior executives to only hold shares equal to a set target loses effectiveness over time. After satisfying these target holding requirements, senior executives are free to sell all the additional shares they receive in equity compensation. We believe that requiring executives to retain a portion of all annual stock awards provides incentives to avoid short-term thinking and to promote long-term, sustainable value.

of their existing stock ownership — would be unnecessarily burdensome to our executives and would not provide meaningful additional incentive.

This proposal is also not consistent with current market practices, and our Board believes that implementation of this proposal would negatively affect our ability to retain and attract high-performing executives. As of March 17, 2022, we were not aware of any company in our Peer Group that had adopted the policy described in the proposal. Our President and Chief Executive Officer has already reached retirement age and our Board has been making significant efforts to develop and source the next generation of leaders for our Company through its succession planning program. This proposal inappropriately assumes that all senior executive candidates have similar financial standing and would not need to access a substantial portion of their compensation until they retire. As our Board seeks new candidates for our executive roles, including candidates that come from diverse backgrounds and circumstances, we are concerned that implementing a hold through retirement policy could discourage otherwise qualified executives who might have legitimate need to access that portion of their compensation prior to retirement from accepting employment with us. Additionally, adopting this proposal could actually encourage executives to resign from their positions prematurely in order to access this component of their compensation and could hinder our executives' ability to properly conduct tax planning strategies. Due to the devastating impacts of the COVID-19 pandemic on the cruise industry, which resulted in nearly 500 days of suspended operations for our Company due to the public health environment and regulatory restrictions, it is more important than ever that our policies are consistent with

the cruise industry and broader market to ensure we can attract and retain talent in a difficult operating environment.

Under our Share Ownership Policy, unexercised stock options and PSUs do not count towards the Share Ownership Policy unless, in the case of PSUs, the performance criteria have been met and the PSUs have been earned. Our Share Ownership Policy further includes a retention condition, requiring each executive officer to retain 50% of the net after-tax shares received in respect of equity awards unless the executive is in compliance with the Share Ownership Policy. These additional features of our Share Ownership Policy further promote meaningful ownership of our ordinary shares by our executives.

Our robust Share Ownership Policy already requires that our executive officers hold a significant number of our shares. We require all of our NEOs and certain executive officers to hold a number of our ordinary shares at least equal to the following multiples of their annual base salary:

- Chief Executive Officer — five times<sup>4</sup>
- Brand Presidents and Executive Vice Presidents — three times
- Senior Vice Presidents — one times

### *Board Recommendation*

---

**OUR BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE “AGAINST” THIS PROPOSAL BECAUSE IT IS NOT NECESSARY, WOULD NOT PROVIDE ANY ADDITIONAL BENEFIT TO OUR SHAREHOLDERS AND COULD NEGATIVELY IMPACT OUR ABILITY TO ATTRACT AND RETAIN TALENT.**

See the section titled “Executive Compensation — Compensation Discussion and Analysis — Share Ownership Policy”. As of March 17, 2022, our President and Chief Executive Officer’s holdings pursuant to our Share Ownership Policy significantly exceeded the requirement under our Share Ownership Policy, with 1,380,395 shares or a value of approximately \$27 million (assuming the closing share price of \$19.69 on March 17, 2022) being counted pursuant to the policy, which represented share ownership of over 13 times his annual base salary.

In addition, our policies prohibit our executive officers from entering into transactions designed to minimize the risk of owning our shares, including hedging our shares, pledging their shares as collateral for loans or holding shares in a margin account.

Our Board believes that our executive compensation program, together with our Share Ownership Policy and other policies, effectively align the interests of our executive officers with the interests of our shareholders and incentivizes our executive officers to drive long-term shareholder value. For the reasons described above, our Board believes this proposal could be detrimental to our ability to attract the next generation of leaders to our Company and is not in the best interests of our shareholders or our Company.

<sup>4</sup> Prior to April 25, 2022. The multiple was increased to six times, effective April 25, 2022.

# SHARE OWNERSHIP INFORMATION

## Security Ownership of Certain Beneficial Owners and Management

The table below sets forth information regarding the beneficial ownership of our equity securities as of April 1, 2022 (except where another date is indicated) by:

- each person that is known by us to be a beneficial owner of more than 5% of our outstanding equity securities;
- each of our NEOs;
- each of our current directors and director nominees; and
- all current directors and current executive officers as a group.

There were 419,100,690 ordinary shares issued and outstanding as of April 1, 2022.

The amounts and percentages of our ordinary shares beneficially owned are reported on the basis of regulations of the SEC governing the determination of beneficial ownership of securities (including as further

described in the footnotes to the following table). Under the rules of the SEC, a person is deemed to be a “beneficial owner” of a security if that person has or shares “voting power,” which includes the power to vote or to direct the voting of such security, or “investment power,” which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days. Under these rules, more than one person may be deemed a beneficial owner of the same securities and a person may be deemed a beneficial owner of securities as to which he or she has no economic interest. Except as otherwise indicated in the footnotes below and as subject to applicable community property laws, each of the beneficial owners has, to our knowledge, sole voting and investment power with respect to the indicated ordinary shares. Unless indicated otherwise, the address of each individual listed in the table is c/o Norwegian Cruise Line Holdings Ltd., 7665 Corporate Center Drive, Miami, Florida 33126.

# CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

## *Review and Approval of Related Party Transactions*

---

Pursuant to its charter, our Audit Committee is responsible for the review and approval of all related party transactions; however, our Audit Committee does not have a written policy regarding the approval of related party transactions. As part of its review and approval of a related party transaction, our Audit Committee considers:

- the nature of the related party's interest in the transaction;
- the material terms of the transaction, including the amount involved and type of transaction;
- the importance of the transaction to the related party and to us;
- whether the transaction would impair the judgment of a director or executive officer to act in our best interest; and
- any other matters our Audit Committee deems appropriate.

## *Relationships and Transactions*

---

NCL Corporation Ltd., as issuer, our Company, as guarantor, and U.S. Bank National Association, as trustee were all parties to an indenture, dated May 28, 2020 (the "Indenture") related to the \$400 million aggregate principal amount of exchangeable notes due 2026 ("2026 Exchangeable Notes"), which were held by LC9 Skipper, L.P. LC9 Skipper, L.P. was a beneficial owner of more than 5% of our outstanding ordinary shares during 2021 until the Repurchase (as defined below) on March 9, 2021. Based on the initial exchange rate, LC9 Skipper, L.P. beneficially owned approximately 10% of our outstanding ordinary shares as of December 31, 2020. The initial exchange rate in the 2026 Exchangeable Notes could have been adjusted in the event of certain make-whole fundamental changes or tax redemption events (each, as described in the Indenture), but the maximum number of our ordinary shares issuable upon an exchange in the event of such an adjustment would not have exceeded 46,577,947. The 2026 Exchangeable Notes also contained certain anti-dilution provisions that could subject the exchange rate to additional adjustment if certain events occur.

We, NCL Corporation Ltd. and LC9 Skipper, L.P. also entered into an investor rights agreement dated May 28, 2020 (the "Investor Rights Agreement") which provided that, among other things, LC9 Skipper, L.P. was entitled to nominate one person who would be appointed to our Board until the first date on which LC9 Skipper, L.P. no longer beneficially owned in the aggregate at least 50% of the number of our ordinary shares issuable upon exchange of the 2026 Exchangeable Notes beneficially owned by LC9 Skipper, L.P. in the aggregate as of May 28, 2020 (subject to certain adjustments).

The Investor Rights Agreement also provided for customary registration rights for LC9 Skipper, L.P. and its affiliates, including demand and piggyback registration rights, contained customary transfer restrictions and provided that LC9 Skipper, L.P. and its affiliates were

subject to a voting agreement with respect to certain matters during a specified period of time.

In a privately negotiated transaction between NCL Corporation Ltd. and LC9 Skipper, L.P., NCL Corporation Ltd. agreed to repurchase all of the outstanding 2026 Exchangeable Notes for an aggregate repurchase price of approximately \$1.03 billion (the "Repurchase"). On March 9, 2021, in connection with the settlement of the Repurchase, the Trustee cancelled the aggregate principal amount outstanding under the 2026 Exchangeable Notes and confirmed that NCL Corporation Ltd. had satisfied and discharged its obligations under the Indenture. In connection with the Repurchase, we and LC9 Skipper, L.P. agreed to terminate the Investor Rights Agreement effective upon the consummation of the Repurchase. Notwithstanding the termination, we and LC9 Skipper, L.P. agreed that certain provisions related to indemnification and expense reimbursement would survive in accordance with their terms.

Mr. Kyle Lindsay, who is the son of our Executive Vice President, Vessel Operations, Mr. T. Robin Lindsay, is our Director, Electrical Services. From January 1, 2021 through April 1, 2022, Mr. Kyle Lindsay's total compensation was \$229,281, which includes his base salary, annual cash bonus for 2021 and his equity awards for 2021 and 2022, which vest over three-year periods. He is eligible to participate in our general employee benefit plans.

Mr. Frank A. Del Rio, who is the son of our President and Chief Executive Officer, Mr. Frank J. Del Rio, is our Chief Sales and Marketing Officer, Oceania Cruises. Mr. Frank A. Del Rio rejoined our Company on March 21, 2022 and is entitled to an annual base salary of \$450,000, an automobile allowance of \$1,200 per month and is eligible to receive annual cash bonuses and equity awards and pursuant to his contract with our Company.

## ABOUT THE ANNUAL GENERAL MEETING AND VOTING

### *Who may vote?*

---

Each ordinary share outstanding as of the close of business on April 1, 2022 (the “record date”) is entitled to one vote at our Annual General Meeting. At the close of business on April 1, 2022, 419,100,690 of our ordinary shares were outstanding and entitled to vote. The ordinary shares are our only outstanding class of equity securities that are entitled to vote at the Annual General Meeting. Our bye-laws provide that no one person or group of related persons, may own, or be deemed to own, more than 4.9% of our ordinary shares, whether measured by vote, value or number, unless such ownership is approved by our Board (the “4.9% limit”). Any outstanding shares held in excess of the 4.9% limit will be transferred to and held in a trust. The trustee will be entitled to vote the excess shares on behalf of the

beneficiary. See “Item 1 — Business — Taxation — U.S. Income Taxation — Exemption of International Shipping Income under Section 883 of the Code” in our 2021 Annual Report for further information.

At the Annual General Meeting, you may vote all of the ordinary shares owned by you as of the close of business on the record date. These ordinary shares include ordinary shares that are (1) held of record directly in your name and (2) held for you as the beneficial owner through a broker, bank, or other nominee. There are some distinctions between ordinary shares held of record and ordinary shares owned beneficially as described herein.

### *What do I do if I am a shareholder of record?*

---

If your ordinary shares are registered directly in your name with our Company or our transfer agent, American Stock Transfer & Trust Company, LLC, you are considered the shareholder of record with respect to those ordinary shares, and the proxy materials were sent directly to you by us. If you previously requested to

receive printed proxy materials, we have sent a proxy card for you to use. As the shareholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the Annual General Meeting. See “How do I vote?” below.

### *What do I do if I am a beneficial owner?*

---

If your ordinary shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of ordinary shares held in “street name,” and the proxy materials were forwarded to you by your broker, bank or other nominee. If you previously requested to receive printed proxy materials,

your broker, bank or other nominee has sent a voting instruction form that you may use. As the beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote the shares in your account, and you are also invited to attend the Annual General Meeting. See “How do I vote?” below.

### *What are the requirements to attend the Annual General Meeting?*

---

You are invited to attend the Annual General Meeting if you are a shareholder of record or a beneficial owner as of the record date, or you hold a valid legal proxy for the Annual General Meeting. If you are a shareholder of record, you must present a government-issued photo identification, such as a valid driver’s license, and the name on your photo identification will be verified against the list of shareholders as of the record date for admission to the Annual General Meeting. If you hold your ordinary shares through a broker, bank or other nominee, you will need to provide proof of beneficial ownership by bringing either a copy of the Notice

of Internet Availability or voting instruction form provided to you by your broker, bank or other nominee, a copy of your brokerage statement showing your ordinary share ownership as of the record date, or other similar evidence of ownership as of the record date, as well as a government-issued photo identification, such as a valid driver’s license. The name on your photo identification and your proof of ownership must match. If you hold a valid legal proxy to vote a shareholder’s ordinary shares at the Annual General Meeting, you will also be asked to present a government-issued photo identification, such as a valid driver’s license, and the name on your

photo identification and legal proxy must match for admission to the Annual General Meeting.

Please note that cameras, sound or video recording equipment, smartphones or other similar equipment, electronic devices, large bags, briefcases or packages

may not be allowed (or their use may be restricted) in the meeting room. Security measures at the Annual General Meeting may also include bag searches and hand-wand searches.

**Q** *How do I vote?*

## Voting in Person

Ordinary shares held in your name as the shareholder of record may be voted in person at the Annual General Meeting. Ordinary shares for which you are the beneficial owner but not the shareholder of record may be voted in person at the Annual General Meeting only if you obtain a legal proxy from the broker, bank or nominee

that holds your shares giving you the right to vote the shares in person at the meeting. **Even if you plan to attend the Annual General Meeting, we recommend that you also vote your ordinary shares as described below so that your vote will be counted if you later decide not to attend the meeting.**

## Voting Without Attending the Annual General Meeting

Whether you hold shares directly as a shareholder of record or beneficially in street name, you may vote your ordinary shares without attending the Annual General Meeting. You may vote by granting a proxy or, for ordinary shares held in street name, by submitting voting instructions to your broker, bank or nominee. You may also submit a proxy or voting instructions by telephone or using the Internet as outlined on your Notice of Internet

Availability, proxy card or voting instruction form. Please see your Notice of Internet Availability, proxy card or the information your bank, broker, or other nominee provided to you for more information on these options. Votes cast by Internet or telephone have the same effect as votes cast by submitting a written proxy card or voting instruction form.

### How to Vote in Advance

**Your vote is important. Please vote as soon as possible by one of the methods shown below. Be sure to have your proxy card, voting instruction form or Notice of Internet Availability of Proxy Materials in hand:**

**By telephone**

You can vote your shares by calling the number provided in the proxy card or voting instruction form

**By Internet**

You can vote your shares online at [www.proxyvote.com](http://www.proxyvote.com)

**By mail**

Complete, sign, date and return your proxy card or voting instruction form in the postage-paid envelope provided

## Deadline for Voting

If you are a shareholder of record, your proxy must be received by telephone or the Internet by 11:59 p.m. Eastern Time on June 15, 2022 in order for your ordinary shares to be voted at the Annual General Meeting.

However, if you are a shareholder of record and you received a copy of the proxy materials by mail, you may instead mark, sign and date the proxy card you received

and return it in the accompanying prepaid and addressed envelope so that it is received by us before the Annual General Meeting in order for your ordinary shares to be voted at the Annual General Meeting. If you hold your ordinary shares in street name, please provide your voting instructions by the deadline specified by the broker, bank or other nominee that holds your shares.

### *How will my shares be voted?*

---

Our Board has appointed Mr. Mark A. Kempa and Ms. Faye Ashby to serve as proxy holders to vote your shares according to the instructions you submit. If you properly submit a proxy but do not specify your voting choice on one or more of the items listed in the accompanying Notice of Annual General Meeting of Shareholders, your shares will be voted as follows:

- ✓ **FOR** the election of each of the two nominees for Class III director (Proposal No. 1);
- ✓ **FOR** the approval, on a non-binding, advisory basis, of the compensation of our named executive officers (Proposal No. 2);
- ✓ **FOR** the approval of an amendment to our Plan, including an increase in the number of shares available for grant under our Plan (Proposal No. 3);
- ✓ **FOR** the ratification of the appointment of PwC as our independent registered public accounting firm for the year ending December 31, 2022 and the determination of PwC's remuneration by our Audit Committee (Proposal No. 4); and
- ✗ **AGAINST** the shareholder proposal submitted by the Comptroller of the State of New York regarding the retention of shares by company executives (Proposal No. 5).

If you hold your ordinary shares in street name through a brokerage account and you do not submit voting instructions to your broker, your broker may generally

vote your ordinary shares in its discretion on routine matters. However, a broker cannot vote ordinary shares held in street name on non-routine matters unless the broker receives voting instructions from the street name holder. The proposal to ratify the appointment of PwC as our independent registered public accounting firm for the year ending December 31, 2022 and our Audit Committee's determination of PwC's remuneration (Proposal No. 4) is considered routine under applicable rules, while all of the other items to be submitted for a vote of shareholders at the Annual General Meeting are considered non-routine. Accordingly, if you hold your ordinary shares in street name through a brokerage account and you do not submit voting instructions to your broker, your broker may exercise its discretion to vote your ordinary shares on Proposal No. 4, but will not be permitted to vote your ordinary shares on any of the other items at the Annual General Meeting. If your broker exercises this discretion, your ordinary shares will be counted as present for the purpose of determining the presence of a quorum at the Annual General Meeting and will be voted on Proposal No. 4 in the manner directed by your broker, but your shares will constitute "broker non-votes" on each of the other items at the Annual General Meeting. Broker non-votes will not be counted as a vote cast with respect to Proposal Nos. 1, 2, 3 and 5 and therefore will not be counted in determining the outcome of such items.

### *What matters will be presented?*

---

We are not aware of any matters to be presented for a vote at the Annual General Meeting other than those described in this Proxy Statement. If any matters not described in this Proxy Statement are properly

presented at the meeting, your proxy, if properly submitted, gives authority to the proxy holders to vote your ordinary shares in accordance with their judgment.

## Q What constitutes a quorum?

A quorum refers to the number of persons that must be in attendance at an annual general meeting of shareholders and the percentage of the total issued voting shares that must be represented at such meeting in order to lawfully conduct business. The presence of two or more persons, present in person or by proxy, holding in excess of 50% of the total issued ordinary shares entitled to vote will form a quorum for the transaction of business at the Annual General Meeting. Shares represented by properly submitted proxies

that reflect abstentions or broker non-votes will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum. If the persons present or represented by proxy at the Annual General Meeting constitute the holders of less than a majority of the outstanding ordinary shares entitled to vote as of the record date, the chairperson of the Annual General Meeting may adjourn the meeting to a subsequent date for the purpose of obtaining a quorum.

## Q What is the vote required for proposals on the agenda?

The following summary describes the vote required to approve each of the proposals at the Annual General Meeting assuming a quorum has been established for the transaction of business at the meeting.

### **Election of Class III Directors (Proposal No. 1).**

Pursuant to our bye-laws, each director nominee receiving an affirmative majority of the votes cast with respect to his election will be elected as a Class III director. The majority voting standard does not apply, however, where the number of persons validly proposed for election as a director is greater than the number of directors to be elected. In such circumstances, directors will instead be elected by a plurality of the votes cast, meaning that the persons receiving the highest number of votes, up to the total number of directors to be elected at the meeting, will be elected.

At the Annual General Meeting, the number of director nominees validly proposed for election as a Class III director equals the number of directors to be elected. Therefore, in accordance with the majority voting standard, director nominees will be elected at the Annual General Meeting by an affirmative majority of the votes cast. Shareholders are not permitted to cumulate their shares for the purpose of electing directors.

For purposes of this proposal, abstentions and broker non-votes are not counted as votes cast and therefore will not be counted in determining the outcome of the election of directors.

### **All Other Proposals (Proposals No. 2, 3, 4 and 5).**

Pursuant to our bye-laws, the affirmative vote of a majority of the votes cast on the proposal at the meeting is required to approve each of Proposal No. 2 (advisory approval of the compensation of our named executive officers), Proposal No. 3 (approval of an amendment to our Plan, including an increase in the number of shares available for grant under our Plan), Proposal No. 4 (ratification of the appointment of PwC as our independent registered public accounting firm and the Audit Committee's determination of PwC's remuneration) and Proposal No. 5 (approval of the shareholder proposal). Notwithstanding this vote standard required by our bye-laws, Proposal No. 2 and Proposal No. 4 are advisory in nature and therefore not binding on our Company. Our Board will consider the outcome of the vote on each of these items in considering what action, if any, should be taken in response to the vote by shareholders. For purposes of these proposals, abstentions and broker non-votes, if any, are not counted as votes cast and therefore will not be counted in determining the outcome of any of these proposals.

Prior to the Annual General Meeting, we will select two or more inspectors of election for the meeting. Such inspectors will determine the number of ordinary shares represented at the Annual General Meeting, the existence of a quorum and the validity and effect of proxies. They will also receive and tabulate ballots and votes and determine the results thereof.

## Q Can I revoke a proxy?

If you are a shareholder of record, you may revoke your proxy at any time before the Annual General Meeting by delivering a written notice of revocation to our General Counsel and Assistant Secretary at 7665 Corporate Center Drive, Miami, Florida 33126, prior to the Annual

General Meeting, by submitting a later-dated proxy via the Internet, by telephone or by mail by the deadline specified on the Notice of Internet Availability or proxy card (only your latest proxy submitted prior to the Annual General Meeting will be counted), or by attending the

Annual General Meeting and voting in person. If your shares are held in street name through a bank, broker or other nominee, you may change any previous voting instructions by submitting new voting instructions to the bank, broker or nominee holding your shares by the deadline specified on the Notice of Internet Availability or voting instruction form or by attending the Annual

General Meeting and voting in person if you have obtained a legal proxy from the bank, broker or nominee giving you the right to vote the shares at the Annual General Meeting. Attendance at the Annual General Meeting will not by itself constitute a revocation of any proxy or voting instructions.

## Important Information and Dates Related to the 2023 Annual General Meeting

In order for a shareholder proposal to be eligible for inclusion in our proxy statement under the rules of the SEC for next year's 2023 annual general meeting of shareholders, the written proposal must be received by the General Counsel and Assistant Secretary of our Company at our offices no later than December 29, 2022 and must comply with the requirements of Rule 14a-8 of the Exchange Act. If we change the date of the 2023 annual general meeting of shareholders by more than 30 days from the anniversary of this year's meeting, shareholder proposals must be received a reasonable time before we begin to print and mail our proxy materials for the 2023 annual general meeting of shareholders.

Our bye-laws provide that in order for a shareholder proposal to be presented at our 2023 annual general meeting of shareholders, including shareholder nominations for candidates for election as directors, written notice to the General Counsel and Assistant Secretary of our Company of such shareholder proposal or director nomination must be received at our executive offices not earlier than the close of business on the 120th day and not later than the close of business on the 90th day prior to the first anniversary date of the preceding annual general meeting of shareholders. This requirement is independent of and in addition to the notice required under SEC rules for inclusion of a shareholder proposal in our proxy materials. As a result, shareholders who intend to present proposals or director nominations at the 2023 annual general meeting of shareholders under these provisions must give written notice of the proposal to our General Counsel and

Assistant Secretary no earlier than February 16, 2023, and no later than March 18, 2023. However, if the date of the 2023 annual general meeting of shareholders is a date that is more than 30 days before or more than 60 days after June 16, 2023, the anniversary date of the 2022 Annual General Meeting, notice by a shareholder of a proposal must be received no earlier than the close of business on the 120th day prior to the date of the 2023 annual general meeting of shareholders and no later than the close of business on the later of the 90th day prior to the 2023 annual general meeting of shareholders, or if the first public announcement of the 2023 annual general meeting of the shareholders is less than 100 days prior to such meeting date, the 10th day after the public announcement of such date.

Our bye-laws require that a shareholder must provide certain information concerning the proposing person, the nominee and the proposal, as applicable. Nominations and proposals not meeting the requirements set forth in our bye-laws will not be entertained at the 2023 annual general meeting of shareholders. Shareholders should contact our General Counsel and Assistant Secretary in writing at 7665 Corporate Center Drive, Miami, Florida 33126 to obtain additional information as to the proper form and content of shareholder nominations or proposals.

In addition, a shareholder who intends to solicit proxies in support of director nominees other than our Board's nominees at the 2023 annual general meeting of shareholders must provide written notice to our General Counsel and Assistant Secretary setting forth the information required by Rule 14a-19 under the Exchange

Act, unless the required information has been provided in a preliminary or definitive proxy statement filed by the shareholder. Such written notice must be provided in accordance with Rule 14a-19 no later than April 17, 2023. If the date of the 2023 annual general meeting of shareholders is a date that is more than 30 days from the anniversary date of the 2022 Annual General Meeting, a shareholder's written notice must be received by

the later of 60 days prior to the date of the 2023 annual general meeting of shareholders or the 10th calendar day following the day on which public announcement of the date of the 2023 annual general meeting of shareholders is first made. The notice requirement under Rule 14a-19 is in addition to the applicable notice requirements under our bye-laws as described above.

# APPENDIX A — AMENDMENT TO THE 2013 PERFORMANCE INCENTIVE PLAN

## NORWEGIAN CRUISE LINE HOLDINGS LTD. AMENDED AND RESTATED 2013 PERFORMANCE INCENTIVE PLAN

(Effective April 25, 2022)

### 1. PURPOSE OF PLAN

The purpose of this Norwegian Cruise Line Holdings Ltd. Amended and Restated 2013 Performance Incentive Plan (this “**Plan**”) of Norwegian Cruise Line Holdings Ltd., a company organized under the laws of Bermuda (the “**Company**”), is to promote the success of the Company and to increase shareholder value by providing an additional means through the grant of awards to attract, motivate, retain and reward selected employees and other eligible persons.

### 2. ELIGIBILITY

The Administrator (as such term is defined in Section 3.1) may grant awards under this Plan only to those persons that the Administrator determines to be Eligible Persons. An “**Eligible Person**” is any person who is either: (a) an officer (whether or not a director) or employee of the Company or one of its Subsidiaries; (b) a director of the Company or one of its Subsidiaries; or (c) an individual consultant or advisor who renders or has rendered bona fide services (other than services in connection with the offering or sale of securities of the Company or one of its Subsidiaries in a capital-raising transaction or as a market maker or promoter of securities of the Company or one of its Subsidiaries) to the Company or one of its Subsidiaries and who is selected to participate in this Plan by the Administrator; provided, however, that a person who is otherwise an Eligible Person under clause (c) above may participate in this Plan only if such participation would not adversely affect either the Company’s eligibility to use Form S-8 to register under the Securities Act of 1933, as amended (the “**Securities Act**”), the offering and sale of shares issuable under this Plan by the Company or the Company’s compliance with any other applicable laws. An Eligible Person who has been granted an award (a “participant”) may, if otherwise eligible, be granted additional awards if the Administrator shall so determine. As used herein, “**Subsidiary**” means any Company or other entity a majority of whose outstanding voting shares or voting power is beneficially owned directly or indirectly by the Company; and “**Board**” means the Board of Directors of the Company.

### 3. PLAN ADMINISTRATION

**3.1 The Administrator.** This Plan shall be administered by and all awards under this Plan shall be authorized by the Administrator. The “**Administrator**” means the Board or one or more committees appointed by the Board or another committee (within its delegated authority) to administer all or certain aspects of this Plan. Any such committee shall be comprised solely of one or more directors or such number of directors as may be required under applicable law. A committee may delegate some or all of its authority to another committee so constituted. The Board or a committee comprised solely of directors may also delegate, to the extent permitted by applicable law, to one or more officers of the Company, its powers under this Plan (a) to designate the officers and employees of the Company and its Subsidiaries who will receive grants of awards under this Plan, and (b) to determine the number of shares subject to, and the other terms and conditions of, such awards. The Board may delegate different levels of authority to different committees with administrative and grant authority under this Plan. Unless otherwise provided in the Bylaws of the Company or the applicable charter of any Administrator: (a) a majority of the members of the acting Administrator shall constitute a quorum, and (b) the vote of a majority of the members present assuming the presence of a quorum or the unanimous written consent of the members of the Administrator shall constitute action by the acting Administrator.

**3.2 Powers of the Administrator.** Subject to the express provisions of this Plan, the Administrator is authorized and empowered to do all things necessary or desirable in connection with the authorization of awards and the administration of this Plan (in the case of a committee or delegation to one or more officers, within the authority delegated to that committee or person(s)), including, without limitation, the authority to:

- (a) determine eligibility and, from among those persons determined to be eligible, the particular Eligible Persons who will receive an award under this Plan;

## APPENDIX A — AMENDMENT TO THE 2013 PERFORMANCE INCENTIVE PLAN

- (b) grant awards to Eligible Persons, determine the price (if any) at which securities will be offered or awarded and the number of securities to be offered or awarded to any of such persons, determine the other specific terms and conditions of such awards consistent with the express limits of this Plan, establish the installments (if any) in which such awards shall become exercisable or shall vest (which may include, without limitation, performance and/or time-based schedules), or determine that no delayed exercisability or vesting is required, establish any applicable performance targets, determine the circumstances in which any performance-based goals (or the applicable measure of performance) will be adjusted and the nature and impact of any such adjustment, and establish the events of termination or reversion of such awards;
- (c) approve the forms of award agreements (which need not be identical either as to type of award or among participants);
- (d) construe and interpret this Plan and any agreements defining the rights and obligations of the Company, its Subsidiaries, and participants under this Plan, make any and all determinations under this Plan and any such agreements, further define the terms used in this Plan, and prescribe, amend and rescind rules and regulations relating to the administration of this Plan or the awards granted under this Plan;
- (e) cancel, modify, or waive the Company's rights with respect to, or modify, discontinue, suspend, or terminate any or all outstanding awards, subject to any required consent under Section 8.6.5;
- (f) accelerate, waive or extend the vesting or exercisability or extend the term of any or all such outstanding awards (in the case of options or share appreciation rights, within the maximum ten-year term of such awards) in such circumstances as the Administrator may deem appropriate (including, without limitation, in connection with a termination of employment or services or other events of a personal nature) subject to any required consent under Section 8.6.5;
- (g) adjust the number of Ordinary Shares subject to any award, adjust the price of any or all outstanding awards or otherwise change previously imposed terms and conditions, in such circumstances as the Administrator may deem appropriate, in each case subject to Sections 4 and 8.6 (and subject to the no repricing provision below);
- (h) determine the date of grant of an award, which may be a designated date after but not before the date of the Administrator's action (unless otherwise designated by the Administrator, the date of grant of an award shall be the date upon which the Administrator took the action granting an award);
- (i) determine whether, and the extent to which, adjustments are required pursuant to Section 7 hereof and authorize the termination, conversion, substitution or succession of awards upon the occurrence of an event of the type described in Section 7;
- (j) acquire or settle (subject to Sections 7 and 8.6) rights under awards in cash, shares of equivalent value, or other consideration (subject to the no repricing provision below); and
- (k) determine the fair market value of the Ordinary Shares or awards under this Plan from time to time and/or the manner in which such value will be determined.

Notwithstanding the foregoing and except for an adjustment pursuant to Section 7.1 or a repricing approved by shareholders, in no case may the Administrator (1) amend an outstanding option or SAR to reduce the exercise price or base price of the award, (2) cancel, exchange, or surrender an outstanding option or SAR in exchange for cash or other awards for the purpose of repricing the award, or (3) cancel, exchange, or surrender an outstanding option or SAR in exchange for an option or SAR with an exercise or base price that is less than the exercise or base price of the original award.

**3.3 Binding Determinations.** Any determination or other action taken by, or inaction of, the Company, any Subsidiary, or the Administrator relating or pursuant to this Plan (or any award made under this Plan) and within its authority hereunder or under applicable law shall be within the absolute discretion of that entity or body and shall be conclusive and binding upon all persons. Neither the Board nor any other Administrator, nor any member thereof or person acting at the direction thereof, shall be liable for any act, omission, interpretation, construction or determination made in good faith in connection with this Plan (or any award made under this Plan), and all such persons shall be entitled to indemnification and reimbursement by the Company in respect of any claim, loss, damage or expense (including, without limitation, attorneys' fees) arising or resulting therefrom to the fullest extent permitted by law and/or under any directors and officers liability insurance coverage that may be in effect from time to time.

- 3.4 *Reliance on Experts.*** In making any determination or in taking or not taking any action under this Plan, the Administrator may obtain and may rely upon the advice of experts, including employees and professional advisors to the Company. No director, officer or agent of the Company or any of its Subsidiaries shall be liable for any such action or determination taken or made or omitted in good faith.
- 3.5 *Delegation.*** The Administrator may delegate ministerial, non-discretionary functions to individuals who are officers or employees of the Company or any of its Subsidiaries or to third parties.

#### **4. SHARES SUBJECT TO THE PLAN; SHARE LIMITS**

- 4.1 *Shares Available.*** Subject to the provisions of Section 7.1, the shares that may be delivered under this Plan shall be shares of the Company's authorized but unissued ordinary shares and any ordinary shares held as treasury shares. For purposes of this Plan, "**Ordinary Shares**" shall mean the ordinary shares of the Company and such other securities or property as may become the subject of awards under this Plan, or may become subject to such awards, pursuant to an adjustment made under Section 7.1.
- 4.2 *Share Limits.*** The maximum number of Ordinary Shares that may be delivered pursuant to awards granted to Eligible Persons under this Plan is 39,375,106 shares (the "**Share Limit**").

The following limit also applies with respect to awards granted under this Plan:

- (a) The maximum number of Ordinary Shares that may be delivered pursuant to options qualified as incentive stock options granted under this Plan is 39,375,106 shares.

Each of the foregoing numerical limits is subject to adjustment as contemplated by Section 4.3, Section 7.1, and Section 8.10.

- 4.3 *Awards Settled in Cash, Reissue of Awards and Shares.*** To the extent that an award granted under this Plan is settled in cash or a form other than Ordinary Shares, the shares that would have been delivered had there been no such cash or other settlement shall not be counted against the shares available for issuance under this Plan. In the event that Ordinary Shares are delivered in respect of a dividend equivalent right granted under this Plan, the actual number of shares delivered with respect to the award shall be counted against the share limits of this Plan (including, for purposes of clarity, the limits of Section 4.2 of this Plan). (For purposes of clarity, if 1,000 dividend equivalent rights are granted and outstanding when the Company pays a dividend, and 50 shares are delivered in payment of those rights with respect to that dividend, 50 shares shall be counted against the share limits of this Plan). Shares that are subject to or underlie awards granted under this Plan which expire or for any reason are cancelled or terminated, are forfeited, fail to vest, or for any other reason are not paid or delivered under this Plan shall again be available for subsequent awards under this Plan. Shares that are not issued or delivered as a result of the net settlement of any option or share appreciation right under this Plan, shares that are exchanged by a participant or withheld by the Company as full or partial payment in connection with any option or share appreciation right under this Plan, as well as any shares exchanged by a participant or withheld by the Company or one of its Subsidiaries to satisfy the tax withholding obligations related to any option or share appreciation right under this Plan, as well as any Ordinary Shares repurchased with the proceeds of any option exercise price shall not be available for subsequent awards under this Plan. To the extent that Ordinary Shares are delivered pursuant to the exercise of a share appreciation right or option granted under this Plan, the number of underlying shares as to which the exercise related shall be counted against the applicable share limits under Section 4.2, as opposed to only counting the shares issued. (For purposes of clarity, if a share appreciation right relates to 100,000 shares and is exercised at a time when the payment due to the participant is 15,000 shares, 100,000 shares shall be charged against the applicable share limits under Section 4.2 with respect to such exercise.) Shares that are exchanged by a participant or withheld by the Company as full or partial payment in connection with any award under this Plan other than any option or share appreciation right, as well as any shares exchanged by a participant or withheld by the Company or one of its Subsidiaries to satisfy the tax withholding obligations related to any award under this Plan other than any option or share appreciation right, shall be available for subsequent awards under this Plan. Refer to Section 8.10 for application of the foregoing share limits with respect to assumed awards.
- 4.4 *Reservation of Shares; No Fractional Shares; Minimum Issue.*** The Company shall at all times reserve a number of Ordinary Shares sufficient to cover the Company's obligations and contingent obligations to deliver shares with respect to awards then outstanding under this Plan (exclusive of any dividend equivalent obligations to the extent the Company has the right to settle such rights in cash). No fractional shares shall be delivered under

this Plan. The Administrator may pay cash in lieu of any fractional shares in settlements of awards under this Plan. No fewer than 100 shares may be purchased on exercise of any award (or, in the case of share appreciation or purchase rights, no fewer than 100 rights may be exercised at any one time) unless the total number purchased or exercised is the total number at the time available for purchase or exercise under the award.

## 5. AWARDS

**5.1 *Type and Form of Awards.*** The Administrator shall determine the type or types of award(s) to be made to each selected Eligible Person. Awards may be granted singly, in combination or in tandem. Awards also may be made in combination or in tandem with, in replacement of, as alternatives to, or as the payment form for grants or rights under any other employee or compensation plan of the Company or one of its Subsidiaries. The types of awards that may be granted under this Plan are (subject, in each case, to the no repricing provisions of Section 3.2):

**5.1.1 *Options.*** An option is the grant of a right to purchase a specified number of Ordinary Shares during a specified period as determined by the Administrator. An option may be intended as an incentive stock option within the meaning of Section 422 of the Code (an “ISO”) or a nonqualified option (an option not intended to be an ISO). The award agreement for an option will indicate if the option is intended as an ISO; otherwise it will be deemed to be a nonqualified option. The maximum term of each option (ISO or nonqualified) shall be ten (10) years. The per share exercise price for each option shall be not less than 100% of the fair market value of an Ordinary Share on the date of grant of the option. When an option is exercised, the exercise price for the shares to be purchased shall be paid in full in cash or such other method permitted by the Administrator consistent with Section 5.5.

**5.1.2 *Additional Rules Applicable to ISOs.*** To the extent that the aggregate fair market value (determined at the time of grant of the applicable option) of shares with respect to which ISOs first become exercisable by a participant in any calendar year exceeds \$100,000, taking into account both Ordinary Shares subject to ISOs under this Plan and shares subject to ISOs under all other plans of the Company or one of its Subsidiaries (or any parent or predecessor Company to the extent required by and within the meaning of Section 422 of the Code and the regulations promulgated thereunder), such options shall be treated as nonqualified options. In reducing the number of options treated as ISOs to meet the \$100,000 limit, the most recently granted options shall be reduced first. To the extent a reduction of simultaneously granted options is necessary to meet the \$100,000 limit, the Administrator may, in the manner and to the extent permitted by law, designate which Ordinary Shares are to be treated as shares acquired pursuant to the exercise of an ISO. ISOs may only be granted to employees of the Company or one of its subsidiary corporations (for this purpose, the term “subsidiary” is used as defined in Section 424(f) of the Code, which generally requires an unbroken chain of ownership of at least 50% of the total combined voting power of all classes of stock of each subsidiary in the chain beginning with the Company and ending with the subsidiary in question). There shall be imposed in any award agreement relating to ISOs such other terms and conditions as from time to time are required in order that the option be an “incentive stock option” as that term is defined in Section 422 of the Code. No ISO may be granted to any person who, at the time the option is granted, owns (or is deemed to own under Section 424(d) of the Code) outstanding Ordinary Shares possessing more than 10% of the total combined voting power of all classes of shares of the Company, unless the exercise price of such option is at least 110% of the fair market value of the shares subject to the option and such option by its terms is not exercisable after the expiration of five years from the date such option is granted.

**5.1.3 *Share Appreciation Rights.*** A share appreciation right or “SAR” is a right to receive a payment, in cash and/or Ordinary Shares, equal to the excess of the fair market value of a specified number of Ordinary Shares on the date the SAR is exercised over the “base price” of the award, which base price shall be set forth in the applicable award agreement and shall be not less than 100% of the fair market value of an Ordinary Share on the date of grant of the SAR. The maximum term of a SAR shall be ten (10) years.

**5.1.4 *Other Awards; Dividend Equivalent Rights.*** The other types of awards that may be granted under this Plan include: (a) share bonuses, restricted shares, performance shares, share units, phantom shares, or similar rights to purchase or acquire shares, whether at a fixed or variable price (or no price) or fixed or variable ratio related to the Ordinary Shares, and any of which may (but need not) be fully vested at grant or vest upon the passage of time, the occurrence of one or more events, or the satisfaction of performance criteria or other conditions, or any combination thereof; (b) any similar securities with a value derived from the value of or related to the Ordinary Shares and/or returns thereon; or (c) cash awards. Dividend equivalent rights may be granted as a separate award or in connection with another award under this Plan; provided, however, that dividend equivalent

rights may not be granted in connection with a stock option or SAR granted under this Plan. In addition, any dividends and/or dividend equivalents as to the unvested portion of any award granted under this Plan will be subject to termination and forfeiture to the same extent as the corresponding portion of the unvested award to which they relate in the event the applicable vesting requirements are not satisfied.

**5.1.5 Incentive Bonus Awards.** The types of cash awards that may be granted under this Plan include the opportunity to receive a payment for the Company's fiscal year, or any other performance period established by the Administrator, based on the achievement of specific performance goals (which may include subjective goals) established by the Administrator in its sole discretion. Any applicable performance goals may be based on either the performance of the Company or any of its Subsidiaries or divisions on an absolute or relative basis, or on individual performance, as determined by the Administrator in its sole discretion. Unless otherwise determined by the Administrator, any participant granted an incentive bonus award pursuant to this Section 5.1.5 must remain continuously employed by the Company or one of its Subsidiaries through the last day of the applicable performance period in order for the incentive bonus award to become payable. Any payments becoming payable pursuant to this Section 5.1.5 will be paid in the calendar year following the calendar year in which the applicable performance period ends, unless deferred in accordance with the requirements of Section 409A and Section 457A of the Code.

## 5.2 [Reserved]

**5.3 Award Agreements.** Each award shall be evidenced by either (1) a written award agreement in a form approved by the Administrator and executed by the Company by an officer duly authorized to act on its behalf, or (2) an electronic notice of award grant in a form approved by the Administrator and recorded by the Company (or its designee) in an electronic recordkeeping system used for the purpose of tracking award grants under this Plan generally (in each case, an "award agreement"), as the Administrator may provide and, in each case and if required by the Administrator, executed or otherwise electronically accepted or deemed accepted by the recipient of the award in such form and manner as the Administrator may require. The Administrator may authorize any officer of the Company (other than the particular award recipient) to execute any or all award agreements on behalf of the Company. The award agreement shall set forth the material terms and conditions of the award as established by the Administrator consistent with the express limitations of this Plan.

**5.4 Settlements.** Payment of awards may be in the form of cash, Ordinary Shares, other awards or combinations thereof as the Administrator shall determine, and with such restrictions as it may impose.

**5.5 Consideration for Ordinary Shares or Awards.** The purchase price (if any) for any award granted under this Plan or the Ordinary Shares to be delivered pursuant to an award, as applicable, may be paid by means of any lawful consideration as determined by the Administrator, including, without limitation, one or a combination of the following methods:

- services rendered by the recipient of such award;
- cash, check payable to the order of the Company, or electronic funds transfer;
- notice and third party payment in such manner as may be authorized by the Administrator;
- the delivery of previously owned Ordinary Shares;
- by a reduction in the number of shares otherwise deliverable pursuant to the award; or
- subject to such procedures as the Administrator may adopt, pursuant to a "cashless exercise" with a third party who provides financing for the purposes of (or who otherwise facilitates) the purchase or exercise of awards.

In no event shall any shares newly-issued by the Company be issued for less than the minimum lawful consideration for such shares or for consideration other than consideration permitted by applicable law. Ordinary Shares used to satisfy the exercise price of an option shall be valued at their fair market value on the date of exercise. The Company will not be obligated to deliver any shares unless and until it receives full payment of the exercise or purchase price therefor and any related withholding obligations under Section 8.5 and any other conditions to exercise or purchase have been satisfied. Unless otherwise expressly provided in the applicable award agreement, the Administrator may at any time eliminate or limit a participant's ability to pay the purchase or exercise price of any award or shares by any method other than cash payment to the Company.

**5.6 Definition of Fair Market Value.** For purposes of this Plan, “fair market value” shall mean, unless otherwise determined or provided by the Administrator in the circumstances, the closing price (in regular trading) for an Ordinary Share on the New York Stock Exchange (the “**Exchange**”) for the date in question or, if no sales of Ordinary Shares were reported on the Exchange on that date, the closing price (in regular trading) for an Ordinary Share on the Exchange for the next preceding day on which sales of Ordinary Shares were reported on the Exchange. The Administrator may, however, provide with respect to one or more awards that the fair market value shall equal the closing price (in regular trading) for an Ordinary Share on the Exchange on the last trading day preceding the date in question or the average of the high and low trading prices of an Ordinary Share on the Exchange for the date in question or the most recent trading day. If the Ordinary Shares are no longer listed or are no longer actively traded on the Exchange as of the applicable date, the fair market value of the Ordinary Shares shall be the value as reasonably determined by the Administrator for purposes of the award in the circumstances. The Administrator also may adopt a different methodology for determining fair market value with respect to one or more awards if a different methodology is necessary or advisable to secure any intended favorable tax, legal or other treatment for the particular award(s) (for example, and without limitation, the Administrator may provide that fair market value for purposes of one or more awards will be based on an average of closing prices (or the average of high and low daily trading prices) for a specified period preceding the relevant date).

**5.7 Transfer Restrictions.**

**5.7.1 Limitations on Exercise and Transfer.** Unless otherwise expressly provided in (or pursuant to) this Section 5.7 or required by applicable law: (a) all awards are non-transferable and shall not be subject in any manner to sale, transfer, anticipation, alienation, assignment, pledge, encumbrance or charge; (b) awards shall be exercised only by the participant; and (c) amounts payable or shares issuable pursuant to any award shall be delivered only to (or for the account of) the participant.

**5.7.2 Exceptions.** The Administrator may permit awards to be exercised by and paid to, or otherwise transferred to, other persons or entities pursuant to such conditions and procedures, including limitations on subsequent transfers, as the Administrator may, in its sole discretion, establish in writing. Any permitted transfer shall be subject to compliance with applicable federal and state securities laws and shall not be for value (other than nominal consideration, settlement of marital property rights, or for interests in an entity in which more than 50% of the voting interests are held by the Eligible Person or by the Eligible Person’s family members).

**5.7.3 Further Exceptions to Limits on Transfer.** The exercise and transfer restrictions in Section 5.7.1 shall not apply to:

- (a) transfers to the Company (for example, in connection with the expiration or termination of the award),
- (b) the designation of a beneficiary to receive benefits in the event of the participant’s death or, if the participant has died, transfers to or exercise by the participant’s beneficiary, or, in the absence of a validly designated beneficiary, transfers by will or the laws of descent and distribution,
- (c) subject to any applicable limitations on ISOs, transfers to a family member (or former family member) pursuant to a domestic relations order if approved or ratified by the Administrator,
- (d) if the participant has suffered a disability, permitted transfers or exercises on behalf of the participant by his or her legal representative, or
- (e) the authorization by the Administrator of “cashless exercise” procedures with third parties who provide financing for the purpose of (or who otherwise facilitate) the exercise of awards consistent with applicable laws and any limitations imposed by the Administrator.

**5.8 International Awards.** One or more awards may be granted to Eligible Persons who provide services to the Company or one of its Subsidiaries outside of the United States. Any awards granted to such persons may be granted pursuant to the terms and conditions of any applicable sub-plans, if any, appended to this Plan and approved by the Administrator.

**6. EFFECT OF TERMINATION OF EMPLOYMENT OR SERVICE ON AWARDS**

**6.1 General.** The Administrator shall establish the effect of a termination of employment or service on the rights and benefits under each award under this Plan and in so doing may make distinctions based upon, inter alia, the cause of termination and type of award. If the participant is not an employee of the Company or one of its

Subsidiaries and provides other services to the Company or one of its Subsidiaries, the Administrator shall be the sole judge for purposes of this Plan (unless a contract or the award otherwise provides) of whether the participant continues to render services to the Company or one of its Subsidiaries and the date, if any, upon which such services shall be deemed to have terminated.

- 6.2 Events Not Deemed Terminations of Service.** Unless the express policy of the Company or one of its Subsidiaries, or the Administrator, otherwise provides, or except as otherwise required by applicable law, the employment relationship shall not be considered terminated in the case of (a) sick leave, (b) military leave, or (c) any other leave of absence authorized by the Company or one of its Subsidiaries, or the Administrator; provided that, unless reemployment upon the expiration of such leave is guaranteed by contract or law or the Administrator otherwise provides, such leave is for a period of not more than three months. In the case of any employee of the Company or one of its Subsidiaries on an approved leave of absence, continued vesting of the award while on leave from the employ of the Company or one of its Subsidiaries may be suspended until the employee returns to service, unless the Administrator otherwise provides or applicable law otherwise requires. In no event shall an award be exercised after the expiration of the term set forth in the applicable award agreement.
- 6.3 Effect of Change of Subsidiary Status.** For purposes of this Plan and any award, if an entity ceases to be a Subsidiary of the Company a termination of employment or service shall be deemed to have occurred with respect to each Eligible Person in respect of such Subsidiary who does not continue as an Eligible Person in respect of the Company or another Subsidiary that continues as such after giving effect to the transaction or other event giving rise to the change in status, unless the Subsidiary that is sold, spun off or otherwise divested (or its successor or a direct or indirect parent of such Subsidiary or successor) assumes the Eligible Person's award(s) in connection with the transaction.

## 7. ADJUSTMENTS; ACCELERATION

- 7.1 Adjustments.** Subject to Section 7.2, upon (or, as may be necessary to effect the adjustment, immediately prior to): any reclassification, recapitalization, share split (including a share split in the form of a share dividend) or reverse share split; any merger, combination, consolidation, or other reorganization; any spin-off, split-up, or similar extraordinary dividend distribution in respect of the Ordinary Shares; or any exchange of Ordinary Shares or other securities of the Company, or any similar, unusual or extraordinary corporate transaction in respect of the Ordinary Shares; then the Administrator shall equitably and proportionately adjust (1) the number and type of Ordinary Shares (or other securities) that thereafter may be made the subject of awards (including the specific share limits, maximums and numbers of shares set forth elsewhere in this Plan), (2) the number, amount and type of Ordinary Shares (or other securities or property) subject to any outstanding awards, (3) the grant, purchase, or exercise price (which term includes the base price of any SAR or similar right) of any outstanding awards, and/or (4) the securities, cash or other property deliverable upon exercise or payment of any outstanding awards, in each case to the extent necessary to preserve (but not increase) the level of incentives intended by this Plan and the then-outstanding awards.

Unless otherwise expressly provided in the applicable award agreement, upon (or, as may be necessary to effect the adjustment, immediately prior to) any event or transaction described in the preceding paragraph or a sale of all or substantially all of the business or assets of the Company as an entirety, the Administrator shall equitably and proportionately adjust the performance standards applicable to any then-outstanding performance-based awards to the extent necessary to preserve (but not increase) the level of incentives intended by this Plan and the then-outstanding performance-based awards.

It is intended that, if possible, any adjustments contemplated by the preceding two paragraphs be made in a manner that satisfies applicable U.S. legal, tax (including, without limitation and as applicable in the circumstances, Section 424 of the Code, Section 409A and Section 457A of the Code and accounting (so as to not trigger any charge to earnings with respect to such adjustment) requirements.

Without limiting the generality of Section 3.3, any good faith determination by the Administrator as to whether an adjustment is required in the circumstances pursuant to this Section 7.1, and the extent and nature of any such adjustment, shall be conclusive and binding on all persons.

- 7.2 Corporate Transactions — Assumption and Termination of Awards.** Upon the occurrence of any of the following: any merger, combination, consolidation, or other reorganization in connection with which the Company does not survive (or does not survive as a public company in respect of its Ordinary Shares); any exchange of

Ordinary Shares or other securities of the Company in connection with which the Company does not survive (or does not survive as a public company in respect of its Ordinary Shares); a sale of all or substantially all the business, shares or assets of the Company in connection with which the Company does not survive (or does not survive as a public company in respect of its Ordinary Shares); a dissolution of the Company; or any other event in which the Company does not survive (or does not survive as a public company in respect of its Ordinary Shares); then the Administrator may make provision for a cash payment in settlement of, or for the assumption, substitution or exchange of any or all outstanding share-based awards or the cash, securities or property deliverable to the holder of any or all outstanding share-based awards, based upon, to the extent relevant under the circumstances, the distribution or consideration payable to holders of the Ordinary Shares upon or in respect of such event. Upon the occurrence of any event described in the preceding sentence, then, unless the Administrator has made a provision for the substitution, assumption, exchange or other continuation or settlement of the award or the award would otherwise continue in accordance with its terms in the circumstances: (1) unless otherwise provided in the applicable award agreement, each then-outstanding option and SAR shall become fully vested, all restricted shares then outstanding shall fully vest free of restrictions, and each other award granted under this Plan that is then outstanding shall become payable to the holder of such award; and (2) each award shall terminate upon the related event; provided that the holder of an option or SAR shall be given reasonable advance notice of the impending termination and a reasonable opportunity to exercise his or her outstanding vested options and SARs (after giving effect to any accelerated vesting required in the circumstances) in accordance with their terms before the termination of such awards (except that in no case shall more than ten days' notice of the impending termination be required and any acceleration of vesting and any exercise of any portion of an award that is so accelerated may be made contingent upon the actual occurrence of the event).

Without limiting the preceding paragraph, in connection with any event referred to in the preceding paragraph or any change in control event defined in any applicable award agreement, the Administrator may, in its discretion, provide for the accelerated vesting of any award or awards as and to the extent determined by the Administrator in the circumstances.

The Administrator may adopt such valuation methodologies for outstanding awards as it deems reasonable in the event of a cash or property settlement and, in the case of options, SARs or similar rights, but without limitation on other methodologies, may base such settlement solely upon the excess if any of the per share amount payable upon or in respect of such event over the exercise or base price of the award.

In any of the events referred to in this Section 7.2, the Administrator may take such action contemplated by this Section 7.2 prior to such event (as opposed to on the occurrence of such event) to the extent that the Administrator deems the action necessary to permit the participant to realize the benefits intended to be conveyed with respect to the underlying shares. Without limiting the generality of the foregoing, the Administrator may deem an acceleration and/or termination to occur immediately prior to the applicable event and, in such circumstances, will reinstate the original terms of the award if an event giving rise to an acceleration and/or termination does not occur.

Without limiting the generality of Section 3.3, any good faith determination by the Administrator pursuant to its authority under this Section 7.2 shall be conclusive and binding on all persons.

**7.3 Other Acceleration Rules.** The Administrator may override the provisions of Section 7.2 by express provision in the award agreement and may accord any Eligible Person a right to refuse any acceleration, whether pursuant to the award agreement or otherwise, in such circumstances as the Administrator may approve. The portion of any ISO accelerated in connection with an event referred to in Section 7.2 (or such other circumstances as may trigger accelerated vesting of the award) shall remain exercisable as an ISO only to the extent the applicable \$100,000 limitation on ISOs is not exceeded. To the extent exceeded, the accelerated portion of the option shall be exercisable as a nonqualified option under the Code.

**7.4 Discretion to Accelerate.** The Administrator shall have the discretion to accelerate the vesting of any award in circumstances it determines to be appropriate (whether in connection with a transaction, termination of employment or for any other reason).

## 8. OTHER PROVISIONS

**8.1 Compliance with Laws.** This Plan, the granting and vesting of awards under this Plan, the offer, issuance and delivery of Ordinary Shares, and/or the payment of money under this Plan or under awards are subject to compliance with all applicable laws, rules and regulations (including but not limited to state and federal securities

law and federal margin requirements) and to such approvals by any listing, regulatory or governmental authority as may, in the opinion of counsel for the Company, be necessary or advisable in connection therewith. The person acquiring any securities under this Plan will, if requested by the Company or one of its Subsidiaries, provide such assurances and representations to the Company or one of its Subsidiaries as the Administrator may deem necessary or desirable to assure compliance with all applicable legal and accounting requirements.

**8.2 No Rights to Award.** No person shall have any claim or rights to be granted an award (or additional awards, as the case may be) under this Plan, subject to any express contractual rights (set forth in a document other than this Plan) to the contrary.

**8.3 No Employment/Service Contract.** Nothing contained in this Plan (or in any other documents under this Plan or in any award) shall confer upon any Eligible Person or other participant any right to continue in the employ or other service of the Company or one of its Subsidiaries, constitute any contract or agreement of employment or other service or affect an employee's status as an employee at will, nor shall interfere in any way with the right of the Company or one of its Subsidiaries to change a person's compensation or other benefits, or to terminate his or her employment or other service, with or without cause. Nothing in this Section 8.3, however, is intended to adversely affect any express independent right of such person under a separate employment or service contract other than an award agreement.

**8.4 Plan Not Funded.** Awards payable under this Plan shall be payable in shares or from the general assets of the Company, and no special or separate reserve, fund or deposit shall be made to assure payment of such awards. No participant, beneficiary or other person shall have any right, title or interest in any fund or in any specific asset (including Ordinary Shares, except as expressly otherwise provided) of the Company or one of its Subsidiaries by reason of any award hereunder. Neither the provisions of this Plan (or of any related documents), nor the creation or adoption of this Plan, nor any action taken pursuant to the provisions of this Plan shall create, or be construed to create, a trust of any kind or a fiduciary relationship between the Company or one of its Subsidiaries and any participant, beneficiary or other person. To the extent that a participant, beneficiary or other person acquires a right to receive payment pursuant to any award hereunder, such right shall be no greater than the right of any unsecured general creditor of the Company.

**8.5 Tax Withholding.** Upon any exercise, vesting, or payment of any award, or upon the disposition of Ordinary Shares acquired pursuant to the exercise of an ISO prior to satisfaction of the holding period requirements of Section 422 of the Code, or upon any other tax withholding event with respect to any award, the Company or one of its Subsidiaries shall have the right at its option to:

- (a) require the participant (or the participant's personal representative or beneficiary, as the case may be) to pay or provide for payment of any applicable amount of any taxes which the Company or one of its Subsidiaries may be required or permitted to withhold with respect to such award event or payment; or
- (b) deduct from any amount otherwise payable in cash (whether related to the award or otherwise) to the participant (or the participant's personal representative or beneficiary, as the case may be) any applicable amount of any taxes which the Company or one of its Subsidiaries may be required or permitted to withhold with respect to such award event or payment.

In any case where a tax is required to be withheld in connection with the delivery of Ordinary Shares under this Plan, the Administrator may in its sole discretion (subject to Section 8.1) require or grant (either at the time of the award or thereafter) to the participant the right to elect, pursuant to such rules and subject to such conditions as the Administrator may establish, that the Company reduce the number of shares to be delivered by (or otherwise reacquire) the appropriate number of shares, valued in a consistent manner at their fair market value or at the sales price in accordance with authorized procedures for cashless exercises, necessary to satisfy any applicable withholding obligation on exercise, vesting or payment.

**8.6 Effective Date, Termination and Suspension, Amendments.**

**8.6.1 Effective Date.** This Plan was originally effective as of January 7, 2013, the date of its original approval by the Board (the "Effective Date"). This amended version of this Plan is effective as of April 25, 2022, the date this amended version of this Plan was approved by the Board (the "Amendment Date"). This Plan shall be submitted for and subject to shareholder approval no later than twelve months after the Amendment Date. Unless earlier terminated by the Board and subject to any extension that may be approved by shareholders, this Plan shall terminate at the close of business on the day before the tenth anniversary of the Amendment Date. After the

termination of this Plan either upon such stated expiration date or its earlier termination by the Board, no additional awards may be granted under this Plan, but previously granted awards (and the authority of the Administrator with respect thereto, including the authority to amend such awards) shall remain outstanding in accordance with their applicable terms and conditions and the terms and conditions of this Plan.

**8.6.2 Board Authorization.** The Board may, at any time, terminate or, from time to time, amend, modify or suspend this Plan, in whole or in part. No awards may be granted during any period that the Board suspends this Plan.

**8.6.3 Shareholder Approval.** To the extent then required by applicable law or any applicable listing agency or required under Sections 422 or 424 of the Code to preserve the intended tax consequences of this Plan, or deemed necessary or advisable by the Board, any amendment to this Plan shall be subject to shareholder approval.

**8.6.4 Amendments to Awards.** Without limiting any other express authority of the Administrator under (but subject to) the express limits of this Plan, the Administrator by agreement or resolution may waive conditions of or limitations on awards to participants that the Administrator in the prior exercise of its discretion has imposed, without the consent of a participant, and (subject to the requirements of Sections 3.2 and 8.6.5) may make other changes to the terms and conditions of awards. Any amendment or other action that would constitute a repricing of an award is subject to the limitations set forth in Section 3.2.

**8.6.5 Limitations on Amendments to Plan and Awards.** No amendment, suspension or termination of this Plan or amendment of any outstanding award agreement shall, without written consent of the participant, affect in any manner materially adverse to the participant any rights or benefits of the participant or obligations of the Company under any award granted under this Plan prior to the effective date of such change. Changes, settlements and other actions contemplated by Section 7 shall not be deemed to constitute changes or amendments for purposes of this Section 8.6.

**8.7 Privileges of Share Ownership.** Except as otherwise expressly authorized by the Administrator, a participant shall not be entitled to any privilege of share ownership as to any Ordinary Shares not actually delivered to and held of record by the participant. Except as expressly required by Section 7.1 or otherwise expressly provided by the Administrator, no adjustment will be made for dividends or other rights as a shareholder for which a record date is prior to such date of delivery.

### **8.8 Governing Law; Construction; Severability.**

**8.8.1 Choice of Law.** This Plan, the awards, all documents evidencing awards and all other related documents shall be governed by, and construed in accordance with the laws of Bermuda.

**8.8.2 Severability.** If a court of competent jurisdiction holds any provision invalid and unenforceable, the remaining provisions of this Plan shall continue in effect.

#### **8.8.3 Plan Construction.**

(a) Rule 16b-3. It is the intent of the Company that the awards and transactions permitted by awards be interpreted in a manner that, in the case of participants who are or may be subject to Section 16 of the Exchange Act, qualify, to the maximum extent compatible with the express terms of the award, for exemption from matching liability under Rule 16b-3 promulgated under the Exchange Act. Notwithstanding the foregoing, the Company shall have no liability to any participant for Section 16 consequences of awards or events under awards if an award or event does not so qualify.

**8.9 Captions.** Captions and headings are given to the sections and subsections of this Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of this Plan or any provision thereof.

**8.10 Share-Based Awards in Substitution for Options or Awards Granted by Other Company.** Awards may be granted to Eligible Persons in substitution for or in connection with an assumption of employee options, SARs, restricted shares or other share-based awards granted by other entities to persons who are or who will become Eligible Persons in respect of the Company or one of its Subsidiaries, in connection with a distribution, merger or other reorganization by or with the granting entity or an affiliated entity, or the acquisition by the Company or one of its Subsidiaries, directly or indirectly, of all or a substantial part of the shares or assets of the employing

entity. The awards so granted need not comply with other specific terms of this Plan, provided the awards reflect only adjustments giving effect to the assumption or substitution consistent with the conversion applicable to the Ordinary Shares in the transaction and any change in the issuer of the security. Any shares that are delivered and any awards that are granted by, or become obligations of, the Company, as a result of the assumption by the Company of, or in substitution for, outstanding awards previously granted by an acquired company (or previously granted by a predecessor employer (or direct or indirect parent thereof) in the case of persons that become employed by the Company or one of its Subsidiaries in connection with a business or asset acquisition or similar transaction) shall not be counted against the Share Limit or other limits on the number of shares available for issuance under this Plan.

- 8.11 Non-Exclusivity of Plan.** Nothing in this Plan shall limit or be deemed to limit the authority of the Board or the Administrator to grant awards or authorize any other compensation, with or without reference to Ordinary Shares, under any other plan or authority.
- 8.12 No Corporate Action Restriction.** The existence of this Plan, the award agreements and the awards granted hereunder shall not limit, affect or restrict in any way the right or power of the Board or the shareholders of the Company to make or authorize: (a) any adjustment, recapitalization, reorganization or other change in the capital structure or business of the Company or any Subsidiary, (b) any merger, amalgamation, consolidation or change in the ownership of the Company or any Subsidiary, (c) any issue of bonds, debentures, capital, preferred or prior preference shares ahead of or affecting the capital shares (or the rights thereof) of the Company or any Subsidiary, (d) any dissolution or liquidation of the Company or any Subsidiary, (e) any sale or transfer of all or any part of the assets or business of the Company or any Subsidiary, or (f) any other corporate act or proceeding by the Company or any Subsidiary. No participant, beneficiary or any other person shall have any claim under any award or award agreement against any member of the Board or the Administrator, or the Company or any employees, officers or agents of the Company or any Subsidiary, as a result of any such action.
- 8.13 Other Company Benefit and Compensation Programs.** Payments and other benefits received by a participant under an award made pursuant to this Plan shall not be deemed a part of a participant's compensation for purposes of the determination of benefits under any other employee welfare or benefit plans or arrangements, if any, provided by the Company or any Subsidiary, except where the Administrator expressly otherwise provides or authorizes in writing. Awards under this Plan may be made in addition to, in combination with, as alternatives to or in payment of grants, awards or commitments under any other plans or arrangements of the Company or its Subsidiaries.
- 8.14 Clawback Policy.** The awards granted under this Plan are subject to the terms of the Company's recoupment, clawback or similar policy as it may be in effect from time to time, as well as any similar provisions of applicable law, any of which could in certain circumstances require repayment or forfeiture of awards or any Ordinary Shares or other cash or property received with respect to the awards (including any value received from a disposition of the shares acquired upon payment of the awards).
