

Algernon NeuroScience Engages Netcapital Securities for Planned Regulation A Financing

VANCOUVER, British Columbia, March 06, 2025 (GLOBE NEWSWIRE) -- Algernon Pharmaceuticals Inc. (the "Company" or "AGN Pharma") (CSE: AGN) (FRANKFURT: AGW0) (OTCQB: AGNPF), a Canadian clinical stage pharmaceutical development company, is pleased to announce that its wholly owned subsidiary Algernon NeuroScience (AGN Neuro), has appointed Netcapital Securities Inc. ("Netcapital Securities"), a FINRA-registered broker-dealer, for its planned Regulation A (Reg A) offering. Netcapital plans to provide broker-dealer and administrative services, excluding underwriting and placement agent services, in connection with this offering.

AGN Neuro has filed a Form 1-A with the U.S. Securities and Exchange Commission (SEC), though the offering has not yet been qualified or declared effective by the SEC. AGN Neuro intends to use proceeds from the offering to advance its R&D initiatives, including conducting a randomized, double-blind, placebo-controlled Phase 2a DMT study of 40 actual stroke patients in the third quarter of 2025 in Hungary. The Principal Investigator of the study will be Dr. Sándor Nardai of the National Institute of Mental Health, Neurology and Neurosurgery in Budapest, one of Europe's leading stroke experts.

"We are pleased that Algernon NeuroScience has selected Netcapital Securities as its broker-dealer to provide critical compliance and operational support for this offering," said Martin Kay, CEO at Netcapital Inc.

"We look forward to working with the team at Netcapital Securities as we advance through the SEC qualification process for our planned Reg A offering," said Christopher J. Moreau, CEO of Algernon NeuroScience.

The securities referenced in the planned Reg A offering may not be sold, nor may offers to buy be accepted, before the offering statement filed with the SEC is qualified. This press release is for informational purposes only and does not constitute an offer to sell or a solicitation of an offer to buy any securities. Any offers, solicitations, or sales of securities will be made only by means of an offering circular that meets the requirements of Regulation A.

No money or other consideration is being solicited at this time, and if sent in response, it will not be accepted. There is no assurance that the SEC will qualify the offering or that Algernon NeuroScience will successfully raise capital. Investing in early-stage companies involves significant risks, and prospective investors should carefully review all offering materials and risk disclosures before making an investment decision.

The Company also announces a grant of 1,405,000 restricted share units pursuant to its RSU Plan (each, an "RSU") to certain executives and directors, of the Company. Each RSU entitles the recipient to receive one common share of the Company or a cash payment equal

to the equivalent of one common share of the Company on vesting. The RSUs vest on the date of grant.

The Company has also granted 1,000,000 stock options exercisable at \$0.09 for five years from the date of grant to certain executives and directors of the Company. The stock options vest on the date of grant.

The Company's 10% rolling stock option plan dated for reference September 11, 2015, as amended on May 21, 2024, and the Company's 10% rolling restricted share unit plan dated for reference July 23, 2020, as amended on May 21, 2024, were ratified and approved by the shareholders of the Company at its last annual general meeting held on July 10, 2024. Under CSE policy, Shareholders approved the continuation of both Plans until July 10, 2027. The Plans were attached as Schedules B and C respectively to the Information Circular for the July 10, 2024 meeting, and can be accessed under the Company's SEDAR+ corporate profile at www.sedarplus.ca.

The RSUs and stock options are subject to approval by regulatory authorities.
