**Forward-Looking Statements:** This Supplemental Information contains forward-looking statements within the meaning of the U.S. federal securities laws. We make statements in this Supplemental Information that are forward-looking statements, which are usually identified by the use of words such as “anticipates,” “believes,” “estimates,” “expects,” “intends,” “may,” “plans” “projects,” “seeks,” “should,” “will,” and variations of such words or similar expressions. Our forward-looking statements reflect our current views about our plans, intentions, expectations, strategies and prospects, which are based on the information currently available to us and on assumptions we have made. Although we believe that our plans, intentions, expectations, strategies and prospects as reflected in or suggested by our forward-looking statements are reasonable, we can give no assurance that our plans, intentions, expectations, strategies or prospects will be attained or achieved and you should not place undue reliance on these forward-looking statements. Additionally, unforeseen factors emerge from time to time, and we cannot predict which factors will arise or their ultimate impact on our business or the extent to which any such factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. One of these factors is the outbreak of the novel coronavirus (COVID-19), the impact of which is difficult to fully assess at this time due to, among other factors, uncertainty regarding the severity and duration of the outbreak domestically and internationally and the effectiveness of efforts to contain the spread of the virus and its resulting direct and indirect impact on the U.S. economy and economic activity. Furthermore, actual results may differ materially from those described in the forward-looking statements and may be affected by a variety of risks and factors. Any forward-looking statement speaks only as of the date on which it is made. New risks and uncertainties arise over time, and it is not possible for us to predict those events or how they may affect us. Except as required by law, we are not obligated to, and do not intend to, update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

**Definitions and Reconciliations:** For definitions of certain terms used throughout this Supplemental Information, including certain non-GAAP financial measures, refer to the Glossary on pages 20-21. For reconciliations of the non-GAAP financial measures to the most directly comparable U.S. GAAP measures, refer to page 10.

1) Annualized base rent is calculated as monthly contracted base rent as of September 30, 2021, multiplied by 12. Excludes rent abatements.

2) Based on approximately 1.4 million square feet of new and renewal leases greater than six months in term. Refer to Leasing Activity in this Supplemental Information for additional details.

3) Replacement cost is based on the Marshall &amp; Swift valuation methodology for the determination of building costs. Replacement cost includes land reflected at the allocated cost in accordance with GAAP

4) Represents total direct consideration paid rather than GAAP cost basis.

5) Weighted based on Purchase Price.

6) Calculated as Purchase Price divided by square footage.

Select Recent Acquisitions

During the first three quarters of 2021 and to date in the fourth quarter, the Company closed on the acquisition of seventeen industrial buildings totaling approximately 5.1 million square feet for a total of \$294 million, a weighted average price of \$64 per square foot, and a weighted average initial yield of 6.9%

Purchase Price/SF <sup>2</sup>	\$71.73
Replacement Cost/SF <sup>2</sup>	\$91.00
Multi-Tenant %	0%
Single-Tenant %	100%

**Location Characteristics:** St. Louis is located within 500 miles of one-third of the U.S. population and within 1,500 hundred miles of 90% of North America's population by way of its four interstates with national access. Additionally, the region is home to two international cargo airports, and the third-largest rail hub and second-largest inland port in the U.S.

**Market Insight:** Supply continues to contract; growth shows no signs of slowing down as more firms look to Midwest markets for distribution hubs (source: JLL)

**Portfolio Fit:** Brings Company's scale in the St. Louis market to nearly 2.0 million square feet and complements the existing tenant / industry base with the addition of a leading 3PL company to the roster

ODW Logistics Distribution Center

Multi-Tenant %	0%
Single-Tenant %	100%

**Location Characteristics:** Columbus is one of the preeminent distribution corridors in the world; centrally positioned to the entire eastern half of the U.S., enabling same-day / next-day delivery to all population centers in the Northeast, Mid-Atlantic, Southeast, and Midwest (source: CBRE)

**Market Insight:** Low vacancy rates; positive supply and demand fundamentals supporting rent growth; robust development pipeline

**Portfolio Fit:** Brings Company's scale in the Columbus metro area to nearly 3.0 million square feet and enlarges tenant / industry diversification

1) Represents total direct consideration paid rather than GAAP cost basis.

2) Replacement cost is based on the Marshall & Swift valuation methodology for the determination of building costs. Replacement cost includes land reflected at the allocated cost in accordance with GAAP.

Examples of Value Creation

Lease Extension / Redevelopment

Cincinnati, OH

Acquired multi-tenant industrial building in October 2018 with over 1.1 million SF of rentable square feet and 30+ acres available for future development

Renewed nearly 0.5 million SF at higher rental rents with average annual rent escalations of 3.3% and terms greater than 4 years

Installing floors over open crane pit areas to create an additional ~150,000 SF of new leasable space, approximately 40% of which has been leased

Early Termination and New Lease

Canton, OH

Acquired single-tenant ~275,000 square foot building in November 2020 as part of a 10-building portfolio, with a known vacancy

Negotiated an early lease termination and executed a new 10.5-year lease commencing Q3 2021 at market rents with no downtime

Exit capitalization rate ~200bps below allocated acquisition capitalization rate<sup>1</sup>

New Development

Portland, ME

Acquired multi-tenant industrial building in November 2014 with ~ 8 acres of developable land

Broke ground on new ~70,000 square foot industrial building during Q2 2021 with an estimated shell completion in December 2021 at a cost of ~\$7.3 million

Flexible design features will allow the building to be efficiently utilized for both single- and multi-tenant occupancy

We have made a number of assumptions with respect to the pro forma effects and there can be no assurance that we would have generated the projected levels of NOI had we actually owned the acquired properties and / or fully stabilized the repositioning / development properties as of the beginning of the period. Refer to Glossary in this Supplemental Information for a definition and discussion of non-GAAP financial measures.

- 1) Represents the estimated incremental base rents from uncommitted new leases as if rent commencement had occurred as of the beginning of the period.
- 2) Represents the estimated impact of acquisitions as if they had been acquired at the beginning of the period.
- 3) Represents the estimated impact of properties that are undergoing repositioning or lease-up as if the properties were fully stabilized and rents had commenced as of the beginning of the period.
- 4) Developable land represents acreage currently owned by us and identified for potential development. The developable gross leasable area (GLA) is based on the developable land area and a land to building ratio. Developable land and GLA are estimated and can change periodically due to changes in site design, road and storm water requirements, parking requirements and other factors. We have made a number of assumptions in such estimates and there can be no assurance that we will develop land that we own.
- 5) Under construction represents projects for which vertical construction has commenced. Under development represents projects in the pre-construction phase.
- 6) Our ownership interest is 20%.

1) Primary markets means the following two metropolitan areas in the U.S., each generally consisting of more than 300 million square feet of industrial space: Chicago and Atlanta. Secondary markets means non-primary markets, each generally consisting of between 100 million and 300 million square feet of industrial space, including the following metropolitan areas in the U.S.: Boston, Cincinnati, Cleveland, Columbus, Indianapolis, Jacksonville, Kansas City, Memphis, Milwaukee, Philadelphia, South Florida, and St. Louis. Our definitions of primary and secondary markets may vary from the definitions of these terms used by investors, analysts, or other industrial REITs.

2) Annualized base rent is calculated as monthly contracted base rent as of September 30, 2021, multiplied by 12. Excludes rent abatements.

3) Represents total direct consideration paid prior to the allocations per U.S. GAAP.

4) The gross book value of real estate assets as of September 30, 2021 excluding \$11,046 in leasehold improvements and assets related to corporate activities and the finance lease right-of-use asset of \$904 related to the ground sublease at 2100 International Parkway. Gross book value of real estate assets excludes depreciation and the allocation of the acquisition cost related to intangible assets and liabilities required by U.S. GAAP.

#### Non-GAAP Financial Measures Definitions:

**Net Operating Income (NOI):** We consider net operating income, or NOI, to be an appropriate supplemental measure to net income in that it helps both investors and management understand the core operations of our properties. We define NOI as total revenue (including rental revenue and tenant reimbursements) less property-level operating expenses. NOI excludes depreciation and amortization, general and administrative expenses, impairments, gain/loss on sale of real estate, interest expense, and other non-operating items.

**Cash Net Operating Income - (Cash NOI):** We define Cash NOI as NOI excluding straight-line rent adjustments and amortization of above and below market leases.

**EBITDAre and Adjusted EBITDA:** We define earnings before interest, taxes, depreciation and amortization for real estate in accordance with the standards established by the National Association of Real Estate Investment Trusts ("NAREIT"). EBITDAre represents net income (loss), computed in accordance with GAAP, before interest expense, tax, depreciation and amortization, gains or losses on the sale of rental property, and loss on impairments. We calculate Adjusted EBITDA by adding or subtracting from EBITDAre the following items: (i) non-cash stock compensation, (ii) gain (loss) on extinguishment of debt, (iii) acquisition expenses (iv) the proforma impacts of acquisition and dispositions and (v) non-cash impairments on real estate lease. We believe that EBITDAre and Adjusted EBITDA are helpful to investors as supplemental measures of our operating performance as a real estate company as they are direct measures of the actual operating results of our industrial properties. EBITDAre and Adjusted EBITDA should not be used as measures of our liquidity and may not be comparable to how other REITs' calculate EBITDAre and Adjusted EBITDA.

**Funds From Operations ("FFO"):** Funds from operations, or FFO, is a non-GAAP financial measure that is widely recognized as a measure of REIT operating performance. We consider FFO to be an appropriate supplemental measure of our operating performance as it is based on a net income analysis of property portfolio performance that excludes non-cash items such as depreciation. The historical accounting convention used for real estate assets requires straight-line depreciation of buildings and improvements, which implies that the value of real estate assets diminishes predictably over time. Since real estate values rise and fall with market conditions, presentations of operating results for a REIT using historical accounting for depreciation could be less informative. In December 2018, NAREIT issued a white paper restating the definition of FFO. The purpose of the restatement was not to change the fundamental definition of FFO, but to clarify existing NAREIT guidance. The restated definition of FFO is as follows: Net Income (calculated in accordance with GAAP), excluding: (i) Depreciation and amortization related to real estate, (ii) Gains and losses from the sale of certain real estate assets, (iii) Gain and losses from change in control, and (iv) Impairment write-downs of certain real estate assets and investments in entities when the impairment is directly attributable to decreases in the value of depreciable real estate held by the entity.

We define FFO consistent with the NAREIT definition. Adjustments for unconsolidated partnerships and joint ventures will be calculated to reflect FFO on the same basis. Other equity REITs may not calculate FFO as we do, and accordingly, our FFO may not be comparable to such other REITs' FFO. FFO should not be used as a measure of our liquidity, and is not indicative of funds available for our cash needs, including our ability to pay dividends.

**Core Funds from Operations ("Core FFO"):** Core FFO represents FFO reduced by dividends paid (or declared) to holders of our preferred stock and excludes certain non-cash operating expenses such as impairment on real estate lease, unrealized appreciation/(depreciation) of warrants and loss on extinguishment of debt. As with FFO, our reported Core FFO may not be comparable to other REITs' Core FFO, should not be used as a measure of our liquidity, and is not indicative of our funds available for our cash needs, including our ability to pay dividends.

**Adjusted Funds from Operations attributable to common stockholders ("AFFO"):** Adjusted funds from operations, or AFFO, is presented in addition to Core FFO. AFFO is defined as Core FFO, excluding certain non-cash operating revenues and expenses, acquisition and transaction related costs for transactions not completed and recurring capitalized expenditures. Recurring capitalized expenditures include expenditures required to maintain and re-tenant our properties, tenant improvements and leasing commissions. AFFO further adjusts Core FFO for certain other non-cash items, including the amortization or accretion of above or below market rents included in revenues, straight line rent adjustments, non-cash equity compensation and non-cash interest expense.

We believe AFFO provides a useful supplemental measure of our operating performance because it provides a consistent comparison of our operating performance across time periods that is comparable for each type of real estate investment and is consistent with management's analysis of the operating performance of our properties. As a result, we believe that the use of AFFO, together with the required GAAP presentations, provide a more complete understanding of our operating performance. As a result, we believe that the use of AFFO, together with the required GAAP presentations, provide a more complete understanding of our operating performance.

As with Core FFO, our reported AFFO may not be comparable to other REITs' AFFO, should not be used as a measure of our liquidity, and is not indicative of our funds available for our cash needs, including our ability to pay dividends.

**Net Debt and Preferred stock to Adjusted EBITDA:** Net debt and preferred stock to Adjusted EBITDA is a non-GAAP financial measure that we believe is useful to investors as a supplemental measure in evaluating balance sheet leverage. Net debt and preferred stock is equal to the sum of total consolidated and our pro rata share of unconsolidated joint venture debt less cash, cash equivalents, and restricted cash, plus preferred stock calculated at its liquidation preference as of the end of the period.

#### Other Definitions:

**GAAP:** U.S. generally accepted accounting principles.

**Gross Assets:** The carrying amount of total assets plus accumulated depreciation and amortization, as reported in the Company's consolidated financial statements. For gross assets as of September 30, 2021 the calculation is as follows:

Total assets	\$ 1,122,440
Add back accumulated depreciation	129,910
Add back intangible amortization	65,134
Gross assets	\$ 1,317,484

**Joint Venture Financial Information:** We present components of balance sheet and operating results information related to our real estate joint venture, which are not presented, or intended to be presented, in accordance with GAAP. We present the proportionate share of certain financial line items by applying our noncontrolling economic interest ownership percentage to each financial item to arrive at the amount of such cumulative noncontrolling interest share of each component presented. In addition, we present components of balance sheet and portfolio information at 100% of the joint venture. We believe this information can help investors estimate the balance sheet and operating results information related to our unconsolidated joint venture. Presenting this information provides a perspective not immediately available from consolidated financial statements and one that can supplement an understanding of the joint venture assets, liabilities, revenues, and expenses included in our consolidated results. Joint venture financial information should not be considered an alternative to our consolidated financial statements, which are prepared in accordance with GAAP.

**Lease Type:** We define our triple net leases in that the tenant is responsible for all aspects of and costs related to the property and its operation during the lease term. We define our modified net leases in that the landlord is responsible for some property related expenses during the lease term, but the cost of most of the expenses is passed through to the tenant. We define our gross leases in that the landlord is responsible for all aspects of and costs related to the property and its operation during the lease term.

**Non-Recurring Capital Expenditures:** Non-recurring capital expenditures include capital expenditures of long lived improvements required to upgrade/replace existing systems or items that previously did not exist. Non-recurring capital expenditures also include costs associated with repositioning a property, redevelopment/development and capital improvements known at the time of acquisition.

**Occupancy:** We define occupancy as the percentage of total leasable square footage as the earlier of lease term commencement or revenue recognition in accordance to GAAP as of the close of the reporting period.

**Preferred Stock - Series B:** On December 14, 2018, we completed the offering of 4,411,764 shares of the Company's Series B Convertible Redeemable Preferred Stock at a purchase price of \$17.00 per share for an aggregate consideration of \$75,000 or \$71,800, net of issuance costs. The relevant features of the Series B Preferred Stock ("Series B") are as follows (\$ in thousands):

Year	Cash Pay Rate	Annual Cash Dividend	Liquidation Preference <sup>1</sup>	Conversion and Redemption Options <sup>2</sup>
3 - 2021	3.75%	\$ 2,813	\$ 97,277	No conversion or redemption options
4 - 2022	4.00%	\$ 3,000	\$ 97,277	- Commencing 1/1/2022, holders of the Series B have the right to convert at the liquidation preference; - Commencing 1/1/2022, Plymouth can elect to convert up to 100% of Series B upon the 20-day VWAP per share of Plymouth's common stock being greater than \$26.35; - Neither option expires
5 - 2023	6.50%	\$ 4,875	\$ 105,971	Commencing 1/1/2023, Plymouth can redeem up to 50% of the Series B at the liquidation preference
6 - 2024 <sup>3</sup>	12.00%	\$ 9,000	\$ 114,028	- Commencing 1/1/2024, Plymouth can redeem up to 100% of the Series B at the liquidation preference; - Commencing 12/31/2024, any outstanding shares of Series B will automatically convert into common stock, subject to the 19.99% threshold <sup>4</sup>

- Liquidation Preference is defined as the greater of (a) the amount necessary for the holder to achieve a 12% internal rate of return, taking into account cash dividends paid and (b) \$21.89, plus accrued and unpaid dividends.
- Conversion and Redemption Options grant Plymouth the right to settle the conversion/redemption via: I) **Physical Settlement** with each share of Series B being converted to a number of common shares equal to the greater of (i) one share of common stock or (ii) the quotient of the liquidation preference divided by the 20-Day VWAP, subject to the 19.99% threshold, or II) **Cash Settlement** whereby we pay for each share of Series B being converted in cash in an amount equal to the greater of (i) the liquidation preference or (ii) the 20-Day VWAP, or III) **Combination Settlement** whereby Plymouth shall pay, or deliver, in respect to each share of Series B being converted, a settlement amount equal to either (i) cash equal to the Cash Settlement amount or (ii) number of shares of common stock equal to the Physical Settlement.
- Effective 1/1/2025, in the event the Series B Preferred Stock has not been settled, the holders obtain certain governance rights, including the option to elect an additional two members to Plymouth's Board of Directors.
- The 19.99% Threshold requires approval from the shareholders of Plymouth's common stock to approve the conversion of any Series B Preferred Stock into common shares that exceeds 19.99% of the outstanding common shares as of December 14, 2018.

**Recurring Capital Expenditures:** Recurring capitalized expenditures includes capital expenditures required to maintain and re-tenant our buildings, tenant improvements and leasing commissions.

**Replacement Cost:** is based on the Marshall & Swift valuation methodology for the determination of building costs. The Marshall & Swift building cost data and analysis is widely recognized within the U.S. legal system and has been written into in law in over 30 U.S. states and recognized in the U.S. Treasury Department Internal Revenue Service Publication. Replacement cost includes land reflected at the allocated cost in accordance with Financial Accounting Standards Board ("FASB") ASC 805.

**Same Store Portfolio:** The Same Store Portfolio is a subset of the consolidated portfolio and includes properties that are wholly owned by the Company as of December 31, 2019. The Same Store Portfolio is evaluated and defined on an annual basis based on the growth and size of the consolidated portfolio. The Same Store Portfolio excludes properties that were or will be classified as repositioning or lease-up during 2020 and 2021. For 2021, the Same Store Portfolio consists of 81 properties aggregating 17,093,547 rentable square feet. Properties that are being repositioned generally are defined as those properties where a significant amount of space is held vacant in order to implement capital improvements that enhance the functionality, rental cash flows, and value of that property. We define a significant amount of space at a property using both the size of the space and its proportion to the properties total square footage as a determinate. Our computation of same store NOI may not be comparable to other REITs.

**VWAP:** The volume weighted average price of a trading security.

**Weighted Average Lease Term Remaining:** The average contractual lease term remaining as of the close of the reporting period (in years) weighted by square footage.
