## Tecogen Receives Multiple Unit Order from a Multinational Energy Company

WALTHAM, MA, Sept. 07, 2022 (GLOBE NEWSWIRE) -- [via NewMediaWire](#) -- [Tecogen Inc.](#) (OTCQX: TGEN), a clean energy company providing ultra-efficient and clean on-site power, heating, and cooling equipment, is pleased to announce an order for five Tecopower cogeneration units from a subsidiary of a multi-billion dollar Energy Services Company (ESCO). The units are expected to be installed within the proximity of Tecogen's factory service centers, which are expected to provide long-term service of the units.

"We are pleased to begin what we hope is a long and fruitful partnership with this ESCO. Considering rising energy prices and the passage of the Inflation Reduction Act, installation of Tecogen's cogeneration systems offers one of the most compelling value propositions from both an economic and sustainability perspective," noted Benjamin Locke, Tecogen's CEO. "We expect to work closely with this ESCO to generate follow on orders for both our cogeneration and clean cooling solutions."

### About Tecogen

Tecogen Inc. designs, manufactures, installs, and maintains high efficiency and ultra-clean cogeneration products, including combined heat and power systems, air conditioning systems, and high-efficiency water heaters for residential, commercial, recreational, and industrial applications. The company's cost efficient, reliable, and environmentally friendly products for energy production nearly eliminate criteria pollutants and significantly reduce customers' carbon footprint.

In business for over 35 years, Tecogen has shipped more than 3,000 units, supported by an established network of engineering, sales, and service personnel throughout North America. Aggregate run hours on Tecogen's InVerde cogeneration systems exceeds 5 million hours.
