About Super League

Super League (Nasdaq: SLE) connects brands with the 3.5 billion-person global gaming population through advertising and branded content programs across gaming and digital media platforms. The Company generates revenue by delivering these programs through proprietary interactive formats, creator content, immersive experiences, data-driven insights, and strategic campaign services designed to improve marketing performance. By translating player behavior into actionable intelligence, Super League serves as a trusted partner helping brands reach and influence consumers who play video games. With a deep understanding of this highly engaged yet under-monetized audience, Super League is positioned to capture an increasing share of brand advertising spend as the market evolves.
