## Select Energy Services Announces Executive Addition

HOUSTON, May 14, 2018 /PRNewswire/ -- Select Energy Services, Inc. (NYSE: WTTR) ("Select" or "the Company"), a leading provider of total water management and chemical solutions to the North American unconventional oil and gas industry, today announced the appointment of Nicholas ("Nick") L. Swyka as Senior Vice President and Chief Financial Officer, succeeding Gary Gillette, who has been named Senior Vice President and Chief Administrative Officer, effective May 15, 2018. The Company also announced the promotion of Chris George to Vice President, Investor Relations and Treasurer.

Since 2015, Mr. Swyka has served as Director of Investor Relations and Corporate Development at Nabors Industries. Prior to Nabors, he served as Director of Corporate Planning at Pacific Drilling from 2011 until 2015. Prior to that, he worked as a consultant with McKinsey & Company from 2008 to 2011, specializing in high-level strategic and operational challenges and opportunities in the energy industry. Swyka received his B.S. in International Political Economy from the Georgetown University School of Foreign Service and an M.B.A. from the University of Texas at Austin. Prior to pursuing his M.B.A., he worked on Capitol Hill with the United States House of Representatives.

Holli Ladhani, President and CEO, stated, "We are very pleased to welcome Nick to the Select Energy management team. I am confident that his strong financial expertise and extensive involvement in the oilfield services industry, as well as his experience working with capital markets, will be a valuable asset to the Company. I am also pleased to have Gary take on the new role of Chief Administrative Officer where his outstanding organizational skills and substantial technology and operational background will help Select become more efficient as we continue to execute on our future growth objectives."

### About Select Energy Services, Inc.

Select is a leading provider of total water management and chemical solutions to the North American unconventional oil and gas industry. Select provides for the sourcing and transfer of water, both by permanent pipeline and temporary hose, prior to its use in the drilling and completion activities associated with hydraulic fracturing, as well as complementary water-related services that support oil and gas well completion and production activities, including containment, monitoring, treatment and recycling, flowback, hauling, and disposal. Select, under its Rockwater Energy Solutions brand, develops and manufactures a full suite of specialty chemicals used in the well completion process and production chemicals used to enhance performance over the producing life of a well. Select currently provides services to exploration and production companies and oilfield service companies operating in all the major shale and producing basins in the United States and Western Canada.
