The Joint Chiropractic Becomes An Official Chiropractic Partner of Vanderbilt Athletics

SCOTTSDALE, Ariz., Aug. 3, 2021 /PRNewswire/ -- The Joint Corp. (NASDAQ: JYNT), the nation's largest provider of chiropractic care through *The Joint Chiropractic*® network, has signed-on to be an official chiropractic partner of Vanderbilt Athletics.

"Chiropractic care is the anchor for any athletic performance and wellness regimen, and The Joint continues to demonstrate its value by ensuring athletes compete at peak performance levels," said Peter D. Holt, president and CEO of The Joint Corp. "We are honored to be an official chiropractic partner of Vanderbilt Athletics and wish the Commodores continued success in their sports seasons. Anchor Down!"

According to the American Chiropractic Association, chiropractic care has gained wide use among professional and amateur sports teams across the country for giving athletes a competitive edge. In fact, athletic performance increases by 6.12 percent after receiving spinal adjustments and eye-hand coordination increases by 30 percent after care¹. With a variety of research stating that chiropractic supports overall wellness and advancing preventive care, it's no surprise sports chiropractors have helped Team U.S.A. win more than 750 medals since 1980, including 314 gold medals².

The Joint Chiropractic is known for its convenient retail setting and concierge-style services. For patients, that means no-appointments, no-insurance hassles, affordable chiropractic care and accommodating hours of operations, including evenings and weekends.

There are 12 The Joint Chiropractic clinics located in Nashville and the surrounding area.

"We are excited that The Joint Chiropractic has chosen our media platforms to reach fans and supporters of college athletics," said Jeff Miller, General Manager of Vanderbilt Sports Properties. "The strong tie between chiropractic and athletics, as well as the convenient locations of The Joint Chiropractic clinics across Nashville, presents a natural connection for this partnership."
