Fiserv Recognized with Innovative Solutions Award from BankNews

Commercial Center: Security voted by banking professionals as Best Authentication/Fraud/Cybersecurity Solution

BROOKFIELD, Wis.--(BUSINESS WIRE)-- [Fiserv, Inc.](#) (NASDAQ: FISV), a leading global provider of financial services technology solutions, announced today that its Commercial CenterSM : Security solution took top honors in the Authentication/Fraud/Cybersecurity category of the 2017 Innovative Solutions Awards, sponsored by BankNews. Winners are determined by vote from banking professionals.

“For the last decade, these awards have recognized companies that have introduced or significantly enhanced products designed to help community banks become more efficient, expand their capabilities and, ultimately, better serve their customers,” said Michael Scheibach, executive editor, BankNews Media. “Fiserv has continued to deliver innovative solutions to the industry, and we congratulate them on this recognition.”

An important component of a multi-layered security defense strategy, Commercial Center: Security reduces a customer’s exposure to risk and fraud by ensuring they access the internet via secure single sign-on. This method of online private channel entry prevents banking customers from accessing unauthorized websites – providing an effective tactic for thwarting malware invasion and other cyberattacks.

“Breaches in cybersecurity continue to be a concern as criminals find new ways to access unauthorized information. To combat fraud, it’s essential financial institutions take a layered security approach that can evolve as threats change,” said Troy Land, senior vice president, product management, Bank Solutions, Fiserv. “We are honored to be recognized for driving innovation in cybersecurity; it’s vital to helping our clients protect their customers, their business and their reputation.”

In a world moving faster than ever before, Fiserv helps clients deliver solutions that are in step with the way people live and work today - financial services at the speed of life. Learn more at [fiserv.com](#).
