### FOR IMMEDIATE RELEASE

#### **Matthews International to Sell Remaining Operating Businesses Within SGK Brand Solutions for \$50 Million**

*When Combined with Previously Announced Transaction, Total Upfront Consideration for Divestiture of the SGK Segment to be \$400 Million, Implying Total Value in Excess of \$600 million*

*Proceeds to be Used for Continued Debt Repayment*

**PITTSBURGH, February 14, 2024** – [Matthews International Corporation](#) (NASDAQ GSM: MATW) (“Matthews” or the “Company”) today announced that it has entered into a letter of intent (“LOI”) for the sale of the remaining operating businesses within the SGK Brand Solutions (“SGK”) reporting segment, which primarily consists of its European roto-gravure packaging and surfaces businesses.

Under the terms of the LOI, Matthews will receive \$50 million of total consideration, predominantly in cash which will be applied directly to repayment of debt. As previously announced on January 8, 2025, Matthews entered into a definitive agreement under which it will receive \$350 million of total upfront consideration in connection with the sale of its interest in SGK.

“The sale of the remaining operating businesses within SGK is another step forward toward a more streamlined business structure and further evidence of our commitment to unlocking the value of our businesses,” said Joseph Bartolacci, Chief Executive Officer of Matthews. “This transaction provides us with additional cash to continue paying down debt. When combined with the sale of these remaining European operating businesses within the SGK reporting segment, the total upfront consideration for the sale of SGK will be \$400 million, implying a total current value of the segment in excess of \$600 million. Once the new entity of our previously announced transaction is fully synergized and we dispose of our investment in our operating software, we expect the total realized value of the divestiture of this segment to exceed \$700 million.”

Mr. Bartolacci continued, “The Board’s review of strategic alternatives for our portfolio of businesses remains ongoing and we are committed to maximizing value for our shareholders.”

The transaction is expected to be completed in the third quarter, subject to the execution of a definitive agreement, buyer financing and customary closing conditions, including regulatory approvals.
