CAMARILLO, Calif.--([BUSINESS WIRE](#))--July 20, 2005--Salem Communications Corporation (NASDAQ:SALM), the leading radio broadcaster focused on Christian and family-themed programming, announced today that its wholly-owned subsidiary Salem Communications Holding Corporation amended its senior credit facility effective July 7, 2005. The primary modifications to the credit facility include the following:

- Increased Salem's loan commitments to \$300 million, including the existing \$75 million term loan B commitment and \$75 million revolving loan commitment, by adding a new \$150 million term loan C commitment (\$50 million of which was funded at closing and \$100 million of which is available for future funding);
- Reduced the margin used in determining interest rates; and
- Enhanced Salem's ability to repurchase its stock by increasing the facility's stock repurchase basket when total leverage is less than 5.50 to 1.00 from \$5 million to \$50 million and from \$5 million to \$10 million when total leverage is greater than 5.50 to 1.00.

David A.R. Evans, executive vice president and chief financial officer of Salem Communications, commented, "This bank amendment accomplishes three key goals for Salem. Financially, it reduces the interest rate on our bank debt by between 25 and 50 basis points and reduces our revolver commitment fees by 15 basis points, which we expect to save us approximately \$0.4 million per year in interest expense. Strategically, it provides additional capacity to make acquisitions as well as to opportunistically repurchase company stock. We appreciate the strong level of support that we received in this transaction from our banking partners."

A copy of the amendment described above is attached as Exhibit 4.12 to the Form 8-K filed by Salem Communications Corporation on July 13, 2005.
