HOUSTON, March 19, 2020 /PRNewswire/ -- Parker Drilling Company (the "Company") today announced that in connection with its previously announced plan to deregister its common stock under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), the Company's Board of Directors (the "Board") determined the reverse stock split ratio to be 1-for-50 and the forward stock split ratio to be 50-for-1. These stock split ratios are within the ranges approved by the Company's stockholders at the special meeting held on January 9, 2020. The Board also determined to abandon all other stock split ratios within the ranges approved by the stockholders at the special meeting. As authorized by the Board, the Company will file with the State of Delaware certificates of amendment to the Company's certificate of incorporation to effectuate the stock splits, which will become effective as of today. Following the effectiveness of the stock splits, the Company will file a Form 15 with the SEC certifying that it has less than 300 stockholders, which will terminate the registration of the Company's common stock under Section 12(g) of the Exchange Act. The Company previously filed a Form 25 in connection with the delisting of its shares from trading on the New York Stock Exchange.
