Tellurian and Petronet Extend MOU Timing for up to 5 Million Tonnes of LNG and Equity Investment in Driftwood

HOUSTON--(BUSINESS WIRE)-- Tellurian Inc. (Tellurian) (NASDAQ: TELL) announced today it has extended its Memorandum of Understanding (MOU) with Petronet LNG Limited (Petronet) pursuant to which Petronet and its affiliates intend to negotiate the purchase of up to five million tonnes per annum (5 mtpa) of liquefied natural gas (LNG) from the Driftwood project, concurrent with an equity investment in Driftwood Holdings. The MOU signed in September 2019 previously contemplated that transaction agreements would be finalized by March 31, 2020. The timing has been extended to May 31, 2020 to support Petronet's consultative review process.

President and CEO Meg Gentle said, "Tellurian was in India this week meeting with Petronet and affiliates to progress negotiations, and we are very supportive of Petronet's process to ensure their robust project review. With India's LNG demand increasing 27% year over year, and the H.E. Prime Minister Narendra Modi's plans for \$60 billion of investments in natural gas infrastructure, India is perfectly poised to benefit from strategic project agreements such as Petronet's equity investment in Driftwood."
