Amtech Systems to Participate in the Resource Efficiency & Cleantech Equity Conference, London, UK

TEMPE, Ariz., Sept. 3, 2013 /PRNewswire/ -- Amtech Systems, Inc. (NASDAQ: ASYS), a global supplier of production and automation systems and related supplies for the manufacture of solar cells, semiconductors, and sapphire and silicon wafers, today announced that its President and CEO, Fokko Pentinga and Executive Vice President & CFO, Bradley Anderson, will participate in the Kempen & Co's Resource Efficiency & Cleantech Equity Conference on Thursday, September 12, 2013, at the Savoy Hotel London, UK.

The management team will be available for one-on-one meetings with the investment community during the conference. Please contact your respective institutional sales representative to secure a meeting time.

About Amtech Systems, Inc.

Amtech Systems, Inc. manufactures capital equipment, including silicon wafer handling automation, thermal processing equipment and related consumables used in fabricating solar cells, LED and semiconductor devices. Semiconductors, or semiconductor chips, are fabricated on silicon wafer substrates, sliced from ingots, and are part of the circuitry, or electronic components, of many products including solar cells, computers, telecommunications devices, automotive products, consumer goods, and industrial automation and control systems. The Company's wafer handling, thermal processing and consumable products currently address the diffusion, oxidation, and deposition steps used in the fabrication of solar cells, LEDs, semiconductors, MEMS and the polishing of newly sliced silicon wafers.
