Capstone Green Energy Announces Second Quarter Fiscal Year 2026 Earnings Conference Call on Thursday, November 13, 2025

LOS ANGELES--(BUSINESS WIRE)-- [Capstone Green Energy Holdings, Inc.](#) (the "Company" or "Capstone"), and its subsidiaries (OTCQX: CGEH), today announced that it will host its Second Quarter Fiscal Year 2026 earnings conference call and webcast on Thursday, November 13, 2025, at 1:45 p.m. Pacific Time (4:45 p.m. Eastern Time). The Company will release its financial results for the quarter ended September 30, 2025, following market close prior to the call.

Earnings Conference Call and Webcast Details:

Date: Thursday, November 13, 2025

Time: 1:45 p.m. PT / 4:45 p.m. ET

Participant Dial-In (Listen-Only):

- **Domestic:** (888) 506-0062
- **International:** (973) 528-0011
- **Access Code:** 694727

Webcast Access:

The live webcast will be available in the Investor Relations section of Capstone's website or directly at: [CGEH Q2FY2026 Earnings Webcast](#)

Following prepared remarks, management will host a Q&A session for analysts and address select questions submitted by webcast participants.

A replay of the webcast will be archived on the Company's website for at least 90 days.

About Capstone Green Energy

For almost four decades, [Capstone Green Energy](#) has been at the forefront of clean technology using microturbines, revolutionizing how businesses manage their energy supply on a sustainable basis. In partnership with our worldwide team of dedicated distributors, we have shipped over 10,600 units to 88 countries, lowering our clients' carbon footprint with highly efficient on-site energy systems and microgrid solutions.

Today, our commitment to a cleaner future is unwavering. We offer customers a range of microturbine products ranging from 65 kilowatts to multiple megawatts for commercial,

industrial, and utility-scale spaces uniquely tailored to their specific needs. Capstone's solutions portfolio not only showcases our core clean technology microturbines but also includes flexible Energy-as-a-Service (EaaS) offerings, including build, own, and operate models, as well as rental services.

Capstone's fast, turnkey power rental solutions are intended to address customers with limited capital or short-term needs; for more information, contact rentals@CGRNenergy.com.

In our pursuit of cutting-edge solutions, we've forged strategic partnerships to extend our impact. Through these collaborations, we proudly offer solutions that utilize renewable gas products and heat recovery solutions. These solutions greatly enhance the sustainability and efficiency of our clients' operations while contributing to a cleaner and more responsible sustainable energy landscape.

Cautionary Notes

This release contains forward-looking statements as defined in the Private Securities Litigation Reform Act of 1995. The Company has tried to identify these forward-looking statements by using words such as “expect,” “anticipate,” “believe,” “could,” “should,” “estimate,” “intend,” “may,” “will,” “plan,” “goal” and similar terms and phrases, but such words, terms and phrases are not the exclusive means of identifying such statements. Actual results, performance and achievements could differ materially from those expressed in, or implied by, these forward-looking statements due to a variety of risks, uncertainties and other factors, including, but not limited to, the following: the Company's liquidity position and ability to access capital; the Company's ability to continue as a going concern; the recent departure of the Company's CFO, employee attrition and the Company's ability to retain senior management; the Company's ability to successfully remediate the material weakness in internal control over financial reporting; the Company's ability to realize the anticipated benefits of its financial restructuring; the Company's ability to comply with the restrictions imposed by covenants contained in the exit financing and the new subsidiary limited liability company agreement; the uncertainty associated with the imposition of tariffs and trade barriers and changes in trade policies;; the Company's ability to develop new products and enhance existing products; product quality issues, including the adequacy of reserves therefor and warranty cost exposure; intense competition; financial performance of the oil and natural gas and AI industries and other general business, industry and economic conditions; including the impacts of any changes in tariff policies; the impact of litigation and regulatory proceedings; the potential material adverse effect on the price of the Company's common stock and stockholder lawsuits. For a detailed discussion of factors that could affect the Company's future operating results, please see the Company's filings with the Securities and Exchange Commission, including the risk factors contained in our most recent Annual Report on Form 10-K. Except as expressly required by the federal securities laws, the Company undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, changed circumstances or future events or for any other reason.
