

Ekso Bionics Holdings Announces Proposed Public Offering of Common Stock

RICHMOND, Calif., Aug. 08, 2016 (GLOBE NEWSWIRE) -- Ekso Bionics Holdings, Inc. (OTCQB:EKSO), a robotic exoskeleton company, today announced that it intends to offer and sell shares of its common stock in an underwritten public offering. As part of the offering, the Company also expects to grant the underwriters a 30-day option to purchase additional shares of its common stock to cover over-allotments, if any. The offering is subject to market conditions and there can be no assurance as to whether or when the offering may be completed, or as to the actual size or term of the offering.

The Company intends to use the net proceeds from this offering for its operations, including, but not limited to, increasing its investments (i) in its clinical, sales and marketing initiatives to accelerate adoption of the Ekso robotic exoskeleton in the rehabilitation market; (ii) in its research, development and commercialization activities with respect to an Ekso robotic exoskeleton for home use and/or (iii) in the development and commercialization of able-bodied exoskeletons for industrial use, as well as for working capital and other general corporate purposes.

Cowen and Company is acting as the sole book-running manager.

The offering will be made pursuant to an effective shelf registration statement previously filed with the Securities and Exchange Commission, or SEC, and declared effective on July 9, 2015. A preliminary prospectus supplement and accompanying prospectus describing the terms of the offering will be filed with the SEC. When available, copies of the preliminary prospectus supplement and accompanying prospectus may be obtained by contacting Cowen and Company, LLC, c/o Broadridge Financial Services, 1155 Long Island Avenue, Edgewood, NY, 11717, Attn: Prospectus Department, or by calling (631) 274-2806. Electronic copies of the preliminary prospectus supplement and accompanying prospectus will also be available on the website of the SEC at <http://www.sec.gov>.

This press release does not constitute an offer to sell or the solicitation of an offer to buy securities of the Company, nor shall there be any sale of these securities in any state or jurisdiction in which such an offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.

About Ekso Bionics

Ekso Bionics designs, develops and sells exoskeletons that have applications in healthcare, industrial, military, and consumer markets. Our exoskeleton systems are worn over the user's clothing to enhance human strength, endurance and mobility. These systems serve multiple markets and can be used both by able-bodied users as well as by persons with physical disabilities. The company and its partners have sold, rented or leased devices that

(a) enable individuals with neurological conditions affecting gait (for example, spinal cord injury or stroke) to rehabilitate and to walk again; (b) allow industrial workers to perform heavy duty work for extended periods; and (c) permit soldiers to carry heavy loads for long distances while mitigating lower back, knee, and ankle injuries. Ekso Bionics is headquartered in Richmond, CA and is quoted on the OTCQB under the symbol EKSO.

Forward Looking Statements

Any statements contained in this press release that do not describe historical facts may constitute forward-looking statements. Forward-looking statements may include, without limitation, statements regarding (i) the ability to manage successfully and complete the proposed offering and (ii) the anticipated use of proceeds from the offering, if successful and. Such forward-looking statements are not meant to predict or guarantee actual results, performance, events or circumstances and may not be realized because they are based upon the Company's current projections, plans, objectives, beliefs, expectations, estimates and assumptions and are subject to a number of risks and uncertainties and other influences, many of which the Company has no control over. Actual results and the timing of certain events and circumstances may differ materially from those described by the forward-looking statements as a result of these risks and uncertainties. Factors that may influence or contribute to the inaccuracy of the forward-looking statements or cause actual results to differ materially from expected or desired results may include, without limitation, the Company's inability to obtain adequate financing to fund the Company's operations and necessary to develop or enhance its technology, the significant length of time and resources associated with the development of the Company's products, the Company's failure to achieve broad market acceptance of the Company's products, the failure of its sales and marketing organization or partners to market its products effectively, adverse results in future clinical studies of the Company's medical device products, the failure to obtain or maintain patent protection for the Company's technology, failure to obtain or maintain regulatory approval to market the Company's medical devices, lack of product diversification, existing or increased competition, and the Company's failure to implement the Company's business plans or strategies. These and other factors are identified and described in more detail in the Company's filings with the SEC. To learn more about Ekso Bionics please visit us at www.eksobionics.com. The company does not undertake to update these forward-looking statements.
