

Similarweb Announces Fourth Quarter 2022 Results

Fourth quarter 2022 revenue grew 28% year-over-year to \$51.3 million

Non-GAAP operating margin improved by 25 percentage points

Annual Recurring Revenue Exceeds \$200 Million

TEL AVIV, Israel--(BUSINESS WIRE)-- Similarweb Ltd. (NYSE:[SMWB](#)) ("Similarweb" or the "Company"), a leading digital intelligence company, today announced financial results for its fourth quarter ended December 31, 2022. The Company published a letter to shareholders from management discussing these results, which can be accessed at the link: <https://ir.similarweb.com/financials/quarterly-results>, located on the Company's investor relations website.

"We performed well in the fourth quarter as we navigated the challenging demand environment," said Or Offer, Founder and CEO of Similarweb. "2022 was a year of challenges on many fronts. Despite the tough circumstances, we experienced both new customer growth and expansion from existing customers." Offer continued, "Our customers tell us that we are more critical than ever to win their markets, and that they cannot get the data and actionable insights that we have anywhere else. We want to build on this in 2023 and return to being cash flow positive. It is in our hands, and we are focused on what we need to do to succeed."

Financial Outlook

“We intend to achieve sustained positive free cash flow quarterly by the fourth quarter of 2023,” said Jason Schwartz, Chief Financial Officer of Similarweb. “We have aligned our strategic objectives on balancing our revenue growth with accelerating our profitability. We continue to focus on disciplined execution in this challenging environment, which will be critical to accomplishing our objectives in 2023.”

- Q1 2023 Guidance
 - Total revenue between \$52.5 million and \$53.0 million, representing 19% growth year-over-year at the mid-point of the range.
 - Non-GAAP operating loss between \$(11.5) million and \$(12.0) million. This includes non-GAAP gross margin anticipated in the range of 77.0% to 77.5%.
- FY 2023 Guidance
 - Total revenue between \$221.0 million and \$222.0 million, representing 15% growth year-over-year at the mid-point of the range.
 - Non-GAAP operating loss between \$(30.0) million and \$(31.0) million, which includes non-GAAP gross margin anticipated in the range of 78.0% to 79.0%.

The Company's first quarter and full year 2023 financial outlook is based upon a number of assumptions and trends observed from prior quarters that are subject to change and many of which are outside the Company's control. Actual results may vary from these assumptions and trends from prior quarters, and the Company's expectations may change. There can be no assurance that the Company will achieve these results.

The Company does not provide guidance for operating loss and gross margin, the most directly comparable GAAP measures to non-GAAP operating loss and non-GAAP gross margin, respectively, and similarly cannot provide a reconciliation to these measures to their closest GAAP equivalents without unreasonable effort due to the unavailability of reliable estimates for certain items, such as share-based compensation. These items are not within the Company's control and may vary greatly between periods and could significantly impact future financial results.

Conference Call Information

The financial results and business highlights will be discussed on a conference call and webcast scheduled at 8:30 a.m. Eastern Time on Wednesday, February 15, 2023. A live webcast of the call can be accessed from Similarweb's [Investor Relations](https://ir.similarweb.com) website at <https://ir.similarweb.com>. Forward-Looking Statements

This press release contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, including statements relating to our guidance for the first quarter and full year of 2023 described under "Financial Outlook". Forward-looking statements include all statements that are not historical facts. Such statements may be preceded by the words "intends," "may," "will," "plans," "expects," "anticipates," "projects," "predicts," "estimates," "aims," "believes," "hopes," "potential" or similar words. These forward-looking statements reflect our current views regarding our intentions, products, services, plans, expectations, strategies and prospects, which are based on information currently available to us and assumptions we have made. Actual results may differ materially from those described in such forward-looking statements and are subject to a variety of assumptions, uncertainties, risks and factors that are beyond our control. Such risks and uncertainties include, without limitation, risks and uncertainties associated with (i) challenges associated with forecasting our revenue given our recent growth and rapid technological development, particularly in light of current macroeconomic uncertainty, (ii) our history of net losses and desire to increase operating expenses, thereby limiting our ability to achieve profitability, (iii) challenges related to effectively managing our growth, including as result of macroeconomic factors, (iv) intense competition in the market and services categories in which we participate, (v) potential reductions in participation in our contributory network and/or increase in the volume of opt-out requests from individuals with respect to our

collection of their data, or a decrease in our direct measurement dataset, which could lead to a deterioration in the depth, breadth or accuracy of our data, (vi) our inability to attract new customers and expand subscriptions of current customers, (vii) changes in laws, regulations, and public perception concerning data privacy or change in the patterns of enforcement of existing laws and regulations, (viii) our inability to introduce new features or solutions and make enhancements to our existing solutions, (ix) real or perceived errors, failures, vulnerabilities or bugs in our platform, (x) potential security breaches to our systems or to the systems of our third-party service providers, (xi) our inability to obtain and maintain comprehensive and reliable data to generate our insights, (xii) changes in laws and regulations related to the Internet or changes in the internet infrastructure itself that may diminish the demand for our solutions, (xiii) failure to effectively develop and expand our direct sales capabilities, which could harm our ability to increase the number of organizations using our platform and achieve broader market acceptance for our solutions and (xiv) the impact that current worldwide geopolitical and macroeconomic uncertainty, including uncertainty resulting from the COVID-19 pandemic or other public health crises and the Russian military operations in Ukraine, and any related economic downturn could have on our or our customers' businesses, financial condition and results of operations.

These risks and uncertainties are more fully described in our filings with the Securities and Exchange Commission, including in the section entitled "Risk Factors" in our Form 20-F filed with the Securities and Exchange Commission on March 25, 2022, and subsequent reports that we file with the Securities and Exchange Commission. Moreover, we operate in a very competitive and rapidly changing environment. New risks emerge from time to time. It is not possible for our management to predict all risks, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements we may make. In light of these risks, uncertainties and assumptions, we cannot guarantee future results, levels of activity, performance, achievements, or events and circumstances reflected in the forward-looking statements will occur.

Forward-looking statements represent our beliefs and assumptions only as of the date of this press release. Except as required by law, we undertake no duty to update any forward-looking statements contained in this release as a result of new information, future events, changes in expectations or otherwise.

Non-GAAP Financial Measures

This press release contains certain financial measures that are expressed on a non-GAAP basis. We use these non-GAAP financial measures internally to facilitate analysis of our financial and business trends and for internal planning and forecasting purposes. We believe these non-GAAP financial measures, when taken collectively, may be helpful to investors because they provide consistency and comparability with past financial performance by excluding certain items that may not be indicative of our business, results of operations, or outlook. However, non-GAAP financial measures have limitations as an analytical tool and are presented for supplemental informational purposes only. They should not be considered in isolation from, or as a substitute for, financial information prepared in accordance with GAAP. Free cash flow represents net cash provided by (used in) operating activities less capital expenditures and capitalized internal-use software costs. Normalized free cash flow represents free cash flow less capital investments related to the Company's new

headquarters, payments received in connection with these capital investments and deferred payments related to business combinations. Non-GAAP operating income (loss), non-GAAP gross profit, non-GAAP research and development expenses, non-GAAP sales and marketing expenses and non-GAAP general and administrative expenses represent the comparable GAAP financial figure operating income (loss) or expense, less share-based compensation, adjustments and payments related to business combinations, amortization of intangible assets and certain other non-recurring items, as applicable and indicated in the above tables.

Other Metrics

Customer acquisition costs (CAC) represent the portion of sales and marketing expenses allocated to acquire new customers. Customer retention costs (CRC) represent the portion of sales and marketing expenses allocated to retain existing customers and to increase existing customers' subscriptions. Annual recurring revenue (ARR) represents the annualized subscription revenue we would contractually expect to receive from customers assuming no increases or reductions in their subscriptions. CAC payback period is the estimated time in months to recover CAC in terms of incremental gross profit that newly acquired customers generate. Net retention rate (NRR) represents the comparison of our ARR from the same set of customers as of a certain point in time, relative to the same point in time in the previous year ago period, expressed as a percentage.
