Third Quarter 2020 Results

Commenting on the quarter, Eric Lloyd, Chief Executive Officer, stated, "During the third quarter, Barings continued to drive quality origination flow across both middle-market and cross-platform investments while maintaining a high quality investment portfolio with no loans on non-accrual. I am also pleased to announce that the Barings BDC Board of Directors approved a dividend increase to \$0.17 per share for the fourth quarter, up from \$0.16 per share in the third quarter."

During the three months ended September 30, 2020, the Company reported total investment income of \$16.3 million, net investment income of \$8.0 million, or \$0.17 per share, and a net increase in net assets resulting from operations of \$43.2 million, or \$0.90 per share.

Net asset value ("NAV") per share as of September 30, 2020 was \$10.97, as compared to \$10.23 as of June 30, 2020. The increase in NAV per share from June 30, 2020 to September 30, 2020 was primarily attributable to net unrealized appreciation on the Company's investment portfolio and foreign currency transactions of approximately \$1.17 per share, partially offset by net realized losses on investments and foreign currency transactions of \$0.43 per share.

Recent Portfolio Activity

During the three months ended September 30, 2020, the Company made 15 new investments totaling \$127.3 million, nine investments in existing portfolio companies totaling \$16.3 million and an additional investment in one joint venture equity portfolio company totaling \$1.6 million. During the three months ended September 30, 2020, the Company had three loans repaid at par totaling \$6.5 million and received \$3.7 million of portfolio company principal payments. In addition, the Company sold \$201.9 million of loans, recognizing a net realized loss on these transactions of \$18.4 million, and sold \$40.2 million of middle-market portfolio company debt investments to its joint venture and realized a loss on these transactions of \$1.1 million.

During the three months ended September 30, 2020, the Company reported total net unrealized appreciation of \$55.9 million, consisting of net unrealized appreciation on its current portfolio of \$29.7 million, net unrealized depreciation related to foreign currency transactions of \$2.1 million and net unrealized appreciation reclassification adjustments of \$28.4 million related to the net realized losses on the sales / repayments of certain investments. The net unrealized appreciation on the Company's current portfolio of \$29.7 million was driven primarily by the credit or fundamental performance of middle-market debt investments of \$1.1 million, the impact of foreign currency exchange rates on middle-market debt investments of \$1.9 million and the broad market moves for the entire investment portfolio of \$26.7 million.

Liquidity and Capitalization

As of September 30, 2020, the Company had cash of \$7.1 million, short-term money market fund investments of \$210.5 million, \$463.7 million of borrowings outstanding under its \$800.0 million senior secured revolving credit agreement, \$50.0 million of unsecured notes outstanding and \$178.3 million outstanding under its term debt securitization.

On August 3, 2020, the Company entered into a Note Purchase Agreement (the "August NPA") governing the issuance of (i) \$50.0 in aggregate principal amount of Series A senior unsecured notes (the "Series A Notes") due August 2025 with a fixed interest rate of 4.66% per year, and (ii) up to \$50.0 in aggregate principal amount of additional senior unsecured notes (the "Additional Notes" and, collectively with the Series A Notes, the "August 2025 Notes") due August 2025 with a fixed interest rate per year to be determined, in each case, to qualified institutional investors in a private placement. An aggregate principal amount of \$25.0 million of the Series A Notes was issued on September 24, 2020 and an aggregate principal amount of \$25.0 of the Series A Notes was issued on September 29, 2020, both of which will mature on August 4, 2025 unless redeemed, purchased or prepaid prior to such date by the Company or its affiliates in accordance with their terms. Interest on the August 2025 Notes will be due semiannually. In addition, the Company is obligated to offer to repay the August 2025 Notes at par if certain change in control events occur. The August 2025 Notes are the Company's general unsecured obligations that rank pari passu with all outstanding and future unsecured unsubordinated indebtedness issued by the Company.

Commenting on the Company's liquidity position, Jonathan Bock, Chief Financial Officer, stated, "During the third quarter, Barings BDC continued to improve its liquidity position and financing profile through the issuance of \$50 million in 5-year unsecured notes at a 4.66% coupon. I am also pleased to announce that in November, Barings BDC issued an additional \$175 million in unsecured notes across the 5-year and 7-year maturity profiles at 4.25% and 4.75% coupons. This attractively priced unsecured debt enhances operational stability and flexibility in a period of market volatility."

Share Repurchase Program

On February 27, 2020, the Board approved an open-market share repurchase program for fiscal year 2020 (the "2020 Share Repurchase Program"). Under the 2020 Share Repurchase Program, the Company is authorized during fiscal year 2020 to repurchase up to a maximum of 5.0% of the amount of shares outstanding as of February 27, 2020 if shares trade below NAV per share, subject to liquidity and regulatory constraints.

Dividend Information

The Board has declared a quarterly cash dividend of \$0.17 per share.

The Company's fourth quarter dividend will be payable as follows:

Dividend Reinvestment Plan

Barings BDC has adopted a dividend reinvestment plan ("DRIP") that provides for reinvestment of dividends and distributions on behalf of its stockholders, unless a stockholder elects to receive cash. As a result, when the Company declares a cash dividend or distribution, stockholders who have not opted out of the DRIP will have their cash dividends or distributions automatically reinvested in additional shares of the Company's common stock, rather than receiving cash.

When the Company declares and pays dividends and distributions, it determines the allocation of the distribution between current income, accumulated income and return of capital on the basis of accounting principles generally accepted in the United States ("GAAP"). At each year end, the Company is required for tax purposes to determine the allocation based on tax accounting principles. Due to differences between GAAP and tax accounting principles, the portion of each dividend distribution that is ordinary income, capital gain or return of capital may differ for GAAP and tax purposes. The tax status of the Company's distributions can be found on the Investor Relations page of its website.

Subsequent Events

Subsequent to September 30, 2020, the Company made approximately \$155.4 million of new commitments, of which \$130.6 million closed and funded. The \$130.6 million of investments consist of \$128.5 million of first lien senior secured debt investments and a \$2.1 million second lien senior secured term loan with a combined weighted average yield of 6.2%. In addition, the Company funded \$8.7 million of previously committed delayed draw term loans.

On October 15, 2020, the Company fully repaid all outstanding notes under its term debt securitization totaling \$178.3 million with available cash and short-term money market fund investments.

On November 4, 2020, the Company entered into a Note Purchase Agreement (the "November NPA") governing the issuance of (i) \$62.5 million in aggregate principal amount of Series B senior unsecured notes ("Series B Notes") due November 2025 with a fixed interest rate of 4.25% per year and (ii) \$112.5 million in aggregate principal amount of Series C senior unsecured notes ("Series C Notes" and, collectively with the Series B Notes, the "November Notes") due November 2027 with a fixed interest rate of 4.75% per year, in each case, to qualified institutional investors in a private placement. Each stated interest rate is subject to a step up of (x) 0.75% per year, to the extent the applicable November Notes do not satisfy certain investment grade conditions and/or (y) 1.50% per year, to the extent the ratio of secured debt to total assets exceeds specified thresholds, measured as of each fiscal quarter end. The November Notes were delivered and paid for on November 5, 2020. The Series B Notes will mature on November 4, 2025 and the Series C Notes will mature on November 4, 2027 unless redeemed, purchased or prepaid prior to such date by the Company or its affiliates in accordance with their terms. Interest on the November Notes will be due semiannually. In addition, the Company is obligated to offer to repay the November

Notes at par if certain change in control events occur. The November Notes will be the Company's general unsecured obligations that rank pari passu with all outstanding and future unsecured unsubordinated indebtedness issued by the Company.

In connection with the November NPA, also on November 4, 2020, the Company amended the August NPA to reduce the aggregate principal amount of unissued Additional Notes from \$50.0 million to \$25.0 million.
