assess the Company's ability to pursue growth and investment opportunities designed to increase Shareholder value. These measures provide management with insight on the cash generated by operations, excluding capital expenditures. These measures allow management, as well as analysts and investors, to assess the Company's leverage.

management with insight on the indebtedness of the Company, net of cash and cash equivalents and relative to adjusted EBITDA. These measures allow management, as well as analysts and investors, to assess the Company's ability to pursue growth and investment opportunities designed to increase Shareholder value.

The information contained in this presentation, including any financial data, is made as of March 31, 2022 unless otherwise noted. The Company does not, and is not obligated to, update this information after the date of such information. Included in this report are measures of financial performance that are not defined by generally accepted accounting principles in the United States (“GAAP”). The Company uses non-GAAP financial measures to assist in comparing its performance on a consistent basis for purposes of business decision-making by removing the impact of certain items that management believes do not directly reflect the Company's core operations including acquisition costs, ERP integration costs, strategic initiative and other charges (which includes non-recurring charges related to operational initiatives and exit activities), stock-based compensation and the non-service portion of pension and postretirement expense. Management believes that presenting non-GAAP financial measures is useful to investors because it (i) provides investors with meaningful supplemental information regarding financial performance by excluding certain items that management believes do not directly reflect the Company's core operations, (ii) permits investors to view performance using the same tools that management uses to budget, forecast, make operating and strategic decisions, and evaluate historical performance, and (iii) otherwise provides supplemental information that may be useful to investors in evaluating the Company's results. The Company believes that the presentation of these non-GAAP financial measures, when considered together with the corresponding GAAP financial measures and the reconciliations to those measures, provided herein, provides investors with an additional understanding of the factors and trends affecting the Company's business that could not be obtained absent these disclosures.

The Company believes that adjusted EBITDA provides relevant and useful information, which is used by the Company's management in assessing the performance of its business. Adjusted EBITDA is defined by the Company as earnings before interest, income taxes, depreciation, amortization and certain non-cash and/or non-recurring items that do not contribute directly to management's evaluation of its operating results. These items include stock-based compensation, the non-service portion of pension and postretirement expense, acquisition costs, ERP integration costs, and strategic initiatives and other charges. Adjusted EBITDA provides the Company with an understanding of earnings before the impact of investing and financing charges and income taxes, and the effects of certain acquisition and ERP integration costs, and items that do not reflect the ordinary earnings of the Company's operations. This measure may be useful to an investor in evaluating operating performance. It is also useful as a financial measure for lenders and is used by the Company's management to measure business performance. Adjusted EBITDA is not a measure of the Company's financial performance under GAAP and should not be considered as an alternative to net income or other performance measures derived in accordance with GAAP, or as an alternative to cash flow from operating activities as a measure of the Company's liquidity. The Company's definition of adjusted EBITDA may not be comparable to similarly titled measures used by other companies.

The Company has also presented adjusted net income and adjusted earnings per share and believes each measure provides relevant and useful information, which is widely used by analysts and investors, as well as by the Company's management in assessing the performance of its business. Adjusted net income and adjusted earnings per share provides the Company with an understanding of the results from the primary operations of our business by excluding the effects of certain acquisition and system-integration costs, and items that do not reflect the ordinary earnings of our operations. These measures provide management with insight into the earning value for shareholders excluding certain costs, not related to the Company's primary operations. Likewise, these measures may be useful to an investor in evaluating the underlying operating performance of the Company's business overall, as well as performance trends, on a consistent basis.

The Company has also presented net debt and a net debt leverage ratio and believes each measure provides relevant and useful information, which is widely used by analysts and investors as well as by our management. These measures provide management with insight on the indebtedness of the Company, net of cash and cash equivalents and relative to adjusted EBITDA. These measures allow management, as well as analysts and investors, to assess the Company's leverage.

Lastly, the Company has presented free cash flow as supplemental measures of cash flow that are not required by, or presented in accordance with, GAAP. Management believes that these measures provide relevant and useful information, which is widely used by analysts and investors as well as by our management. These measures provide management with insight on the cash generated by operations, excluding capital expenditures. These measures allow management, as well as analysts and investors, to assess the Company’s ability to pursue growth and investment opportunities designed to increase Shareholder value.
BUSINESS OVERVIEW
Note: Effective in the first quarter of fiscal 2022, the Company transferred its surfaces and engineered products businesses from the SGK Brand Solutions segment to the Industrial Technologies segment. The above chart sets forth sales for the year ended September 30, 2021, as if the segments had been reported under the new reportable segment structure.
## INDUSTRIAL TECHNOLOGIES PRODUCTS AND MARKETS

### PRINCIPAL PRODUCT LINES

<table>
<thead>
<tr>
<th>Energy Storage Solutions</th>
</tr>
</thead>
<tbody>
<tr>
<td>- Design and build advanced purpose-built equipment including tooling that supports lithium-ion battery production</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Warehouse Automation</th>
</tr>
</thead>
<tbody>
<tr>
<td>- Complement the tracking and distribution of a customer’s products with automated order fulfillment technologies and controls for material handling systems</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Product Identification</th>
</tr>
</thead>
<tbody>
<tr>
<td>- Manufactures and markets products and systems that employ different marking technologies, including laser and ink-jet printing</td>
</tr>
</tbody>
</table>

### COMPETITIVE ADVANTAGES

- IP protected process for advanced calendaring processes
- Leader in the renewable energy market with advanced manufacturing solutions for lithium-ion batteries
- Positioned to serve the complementary hydrogen fuel cell industry through acquisition of Terrella Energy Systems in May 2021

- Diversified client base including some of the largest retailers and e-commerce leaders
- Highly innovative and customized designs and solutions in robotics for fulfillment and distribution applications
- High switching costs and relative operational ease and maintenance result in high customer retention

- Expertise in the space allows for greater ease of marking equipment integration in manufacturing and distribution facilities
- Variety of product offerings meet customers’ diverse set of manufacturing and distribution needs while reducing maintenance costs and downtime
- Recurring revenue from consumables and replacement parts required by MATW’s marking, coding and tracking products
ENERGY STORAGE SOLUTIONS

BACKGROUND

• In the first quarter of fiscal 2022, Matthews began reporting its energy storage solutions-related business in the Industrial Technologies segment (previously SGK).

• Matthews’ exposure to electric vehicles comes primarily through the wholly-owned Saueressig subsidiary which produces engineered calendaring equipment used in the manufacturing of lithium ion batteries and embossing plates used in fuel cells.

• Saueressig currently delivers to two major vehicle producers and is in active discussions with other electric vehicle manufacturers.

• Matthews has experienced significant growth in this space driven by a number of tailwinds including the electrification of the cities in Europe as well as the expansion of renewable energy production globally.

WAREHOUSE AUTOMATION

BACKGROUND

- Warehouse Automation systems complement the tracking and distribution of a customer’s products with automated order fulfillment technologies and controls for material handling systems
- Material handling customers include some of the largest retail, e-commerce and automated assembly companies in the United States
- Matthews engineers innovative, custom solutions to address specific customer requirements in a variety of industries

- 2021E: $19
- 2022E: $21
- 2023E: $24
- 2024E: $27
- 2025E: $31

KEY MEGATRENDS DRIVING GROWTH

- Consumers expect faster delivery speeds while ordering a variety of SKUs
- Shift toward one-day shipping has made automation of certain warehousing tasks essential
- Growth of e-commerce sales requires improved order fulfillment capabilities
- Increased throughput volume and the importance of accuracy requires reducing human-error in sorting and picking processes
- Shortages of qualified skilled labor for warehouse fulfillment exacerbated in periods of peak labor demand
- Wages steadily rising contributes to margin pressure in non automated facilities
INKJET ORGANIC GROWTH OPPORTUNITY

BACKGROUND

• Product identification dates back to Matthews’ original branding irons and hand stamps from the 1850s
• Matthews identified a significant market opportunity to displace incumbent continuous inkjet (CIJ) technology, which is complex, generally unreliable and requires complete rebuilds every two years, with new inkjet technology
• Team spent ~12+ years developing a new technology that culminated in a product that is more reliable, experiences less downtime and results in approximately 75% lower cost of ownership versus legacy products

MEMORIALIZATION MARKET POSITION

COMPETITIVE ADVANTAGE

STRONG BRAND AND REPUTATION
- Respected and growing market leader within the death care services industry

DEEP CUSTOMER RELATIONSHIPS
- Provides innovative, value-added services to help clients grow their businesses

BREADTH OF PRODUCT OFFERING
- Superior product quality and service

LEAN OPERATING MODEL AND NATIONAL DELIVERY NETWORK
- Maintains a strong supply chain that maximizes efficiency and reliability

OPERATOR OF SCALE
- Leadership position and barriers to entry create strong margins and stable cash flow generation

LEADING MARKET POSITION

Total Market Size¹
$1.2bn (2020)

MARKET POSITIONS (U.S.)

- Bronze Memorials
- Granite Memorials
- Caskets
- Cremation Equipment

¹ As of 2020 per FactSet
Relatively stable demand driven by predictable trends: increased deaths and rising cremation rates

Note: All financial figures reflect fiscal years ended September 30th.

• Longstanding relationships with a large, blue chip customer base consisting of many Fortune 100 and Fortune 500 companies

• "Strategic" relationships rather than "vendor" relationships – more valued client engagement

• Critical service provider in marketing execution of top worldwide brands, particularly where global consistency is highly valued

• Global ERP platform provides improvements for the segment operations
SGK MARKET POSITION & STRATEGIC INITIATIVES

COMPETITIVE ADVANTAGES

SCALE
- One of the largest global provider of brand solutions

FINANCIAL FLEXIBILITY
- Well capitalized business able to make investments through the cycle

GEOGRAPHIC DIVERSITY
- Global provider with operations in 9 countries

CUSTOMER RELATIONSHIPS
- Long-term relationships with top tier client base

BREADTH OF PRODUCT
- Diversified product portfolio offering wide breadth of solutions

TECHNOLOGY
- Technology investments driving sustainable competitive advantage

ADDITIONAL NEW PRODUCTS AND POSITIVE MARKET TRENDS

DESIRE FOR SUSTAINABILITY

OUTSOURCING OF NON-CORE FUNCTIONS

PRIVATE LABEL BRANDS

GOVERNMENT REGULATION

SGK’s STRATEGIC INITIATIVES

EXTEND REVENUE OPPORTUNITY WITHIN THE CORE PACK BUSINESS
- Improving focus and messaging in the marketplace
- Redesigning, rebranding and bundling products and services
- Continued focus on ESG through sustainability and D&I initiatives

CONTINUE TO EVOLVE THE BRAND EXPERIENCE
- Extend brand experience offering to existing pack clients and new verticals
- Develop internal expertise in digitally native content beyond digital asset production and management
  - Social media
  - Dynamic Media
  - Virtual Experiences, etc.
- Leverage all teams worldwide through a council designed to coordinate global targeting to clients

LEVERAGE IT INVESTMENT IN WORKFLOW TO DRIVE DIFFERENTIATION
- Rebranding technology approach and communications
- Enhance automation offering to self-service model and end-to-end solutions; build a cloud-based technology infrastructure
- Drive global operations with data-driven reporting
KEY HIGHLIGHTS

1. FAVORABLE COMPETITIVE POSITIONS IN ATTRACTIVE ADDRESSABLE MARKETS
2. STABLE CORE BUSINESSES SUPPORT GROWTH OPPORTUNITIES
3. DISCIPLINED TRACK RECORD OF ACQUISITIONS AND INTEGRATION
4. ROBUST CASH FLOW AND LOW LEVERAGE SUPPORTING DISCIPLINED FINANCIAL POLICY
5. STRONG AND EXPERIENCED MANAGEMENT TEAM
Attractive markets and growth opportunities

- Stable demand driven by increased deaths as a result of population growth
- Strong presence and growing revenue in cremation products and equipment
- Investment in innovations to drive profitability

Expanding digital and social media channels challenge traditional marketing approach
- Recovery in retail in post-COVID environment provides strong tailwinds for growth
- Additional positive trends including consumer focus on sustainability, private label proliferation and government regulation impacting consumer packaging

Energy storage solutions:
- High-growth, high-margin battery business supported by global vehicle electrification

Warehouse automation:
- Growth in retail e-commerce and rapid fulfillment accelerated by the COVID-19 pandemic

Inkjet:
- Highly disruptive opportunity with new product resulting in lower total cost of ownership for customers

Strong History of 170+ years rooted in identification products
STABLE CORE BUSINESSES SUPPORT GROWTH OPPORTUNITIES

STABLE CORE BUSINESSES

- **Memorialization**
  - Demographic (death rate) trends support long-term stable demand for core product lines
  - Strong market positions/customer relationships in core product offerings
- **SGK**
  - Longstanding relationships with large, blue chip clients
  - Critical provider in marketing execution of top global brands
- **Industrial Technologies**
  - Core product line in product identification equipment and consumables

GROWTH OPPORTUNITIES

- **Industrial Technologies**
  - **Energy storage solutions**: Critical supplier to high-growth electric vehicle market
  - **Warehouse automation**: Growth in retail e-commerce and rapid fulfillment accelerated by the pandemic
  - **Inkjet**: Highly disruptive opportunity with new product resulting in lower total cost of ownership for customers
- **Memorialization** experiencing growth in cremation and new, innovative solutions driving margin enhancement
- **SGK** benefiting from recovery in retail in post-COVID environment and strong tailwinds from growing digital and social media channels continuing to disrupt traditional marketing approach
## DISCIPLINED TRACK RECORD OF ACQUISITIONS AND INTEGRATION

<table>
<thead>
<tr>
<th><strong>PRINCIPAL OBJECTIVE</strong></th>
<th><strong>FINANCIAL CRITERIA</strong></th>
</tr>
</thead>
</table>
| • Identify and integrate complementary businesses with an insistence on prudent capital deployment  
  • Focus on complementary geographies with minimal customer overlap | • Immediately accretive to earnings per share and cash flow  
  • Achieve return on invested capital of at least 12% over the long-term |

<table>
<thead>
<tr>
<th><strong>INTEGRATION FOCUS</strong></th>
<th><strong>RECENT M&amp;A ACTIVITY</strong></th>
</tr>
</thead>
</table>
| • Matthews has a long track record of successfully integrating acquisitions and has carried out 27 acquisitions in last five years | • Added hydrogen fuel cell manufacturing support with Terrella Energy in May 2021  
  • Further consolidated position in Memorialization with ~$13mm bolt-on acquisition |
ROBUST CASH FLOW AND LOW LEVERAGE SUPPORTING DISCIPLINED FINANCIAL POLICY

FREE CASH FLOW \(^1\) ($mm)

OPERATING CASH FLOW ($mm)

Note: All figures reflect fiscal years ended September 30th. Historical FY1994 – FY2018 reflect amounts as reported in the Company’s 10-K filings for those fiscal years.
See Disclaimer (Page 2) for Management’s assessment of supplemental information related to non-GAAP measures.

\(^1\) Defined as cash provided from operating activities less capital expenditures. See reconciliation in appendix D.
# STRONG AND EXPERIENCED MANAGEMENT TEAM

| Joseph Bartolacci     | Chief Executive Officer and President         |  • Chief Executive Officer and President since 2006 and previously served as Chief Operating Officer from 2005-2006  
• President of York Casket division and EVP of Matthews from 2004-2005  
• Joined Matthews in 1997 and later served as president of Caggiati and Matthews, Europe from 1999-2004 |
| Greg Babe             | Chief Technology Officer                    |  • Chief Technology Officer since 2015  
• Served as interim Chief Information Officer / Chief Technology Officer in 2014  
• Also served as President and Chief Executive Officer of BayerCorporation North America from 2008-2012 before retiring from that role |
| Brian Dunn            | EVP, Strategy and Corporate Development      |  • Responsible for the Industrials Group and Integration Management  
• Group President of Brand Solutions from 2010 to 2014  
• Served as President, Marking Products Division 2000-2007 |
| Steven Gackenbach     | Group President of Memorialization           |  • Joined Matthews in January 2011 and originally served as Chief Commercial Officer, Memorialization Group  
• Group President of Memorialization since 2011  
• Spent 18 years in marketing, general management and strategy assignments with Kraft Foods prior to joining Matthews |
| Gary Kohl             | President, SGK Brand Solutions              |  • Became SGK’s Group president in 2017  
• Prior to serving in his current role, he was the Executive Vice President, Global Development at SGK  
• Prior to joining SGK, he was the group senior vice president of the digital solutions, global packaging and printed electronics team at RR Donnelley |
| Steve Nicola          | Chief Financial Officer and Secretary        |  • Chief Financial Officer since 2003  
• Previously served as Vice President, Accounting and Finance and Controller  
• Joined Matthews in 1992 |
FINANCIAL POLICY AND CAPITAL ALLOCATION STRATEGY

DEBT REDUCTION
• Historically maintained a modest leverage profile
• Publicly stated Net Debt Leverage Ratio (1) target of 3.0x or less
• Continued debt reduction, balanced growth and share repurchase
• Approximately $200mm of debt reduction since the beginning of the pandemic through March 31, 2022
• Settled the principal U.S. defined benefit plan, reducing the Company’s accrued pension liabilities over $100 million from September 30, 2020
• New receivables purchased agreement entered into during Q2 of FY2022 (reduced debt $75 million)

GROWTH – ORGANIC & ACQUISITIONS
• Organic: Leverage existing capability in new markets and geographic regions, cost structure improvements, new product development
• Recent growth initiatives include (i) Saueressig engineered machines used in electric vehicle battery production, and (ii) new technology in industrial product identification business
• Acquisitions: Identify and integrate complementary businesses with prudent capital deployment (achieve long-term annual return on invested capital of at least 12%)

SHARE REPURCHASES & DIVIDENDS
• Opportunistically repurchase in periods of excess cash flow
• Authorization of 2.3 million shares at 03/31/22
• Quarterly dividend of $0.22 per share for FY2022 vs. $0.215 per share for FY2021

Note: See Disclaimer (Page 2) for Management’s assessment of supplemental information related to non-GAAP net debt leverage ratio.

(1) Non-GAAP net debt leverage ratio is defined as outstanding debt (net of cash) relative to adjusted EBITDA. See reconciliation at Appendix C.

</tbody>
</table>

(1) Includes certain non-recurring items associated with recent acquisition activities, costs associated with global ERP system integration efforts, and certain non-recurring costs associated with productivity and cost-reduction initiatives intended to result in improved operating performance, profitability and working capital levels.

(2) Represents a reserve established for a legal matter involving a letter of credit for a customer in Saudi Arabia within the Memorialization segment.

(3) Includes certain non-recurring direct incremental costs (such as costs for purchases of computer peripherals and devices to facilitate working from home, additional personal protective equipment and cleaning supplies and services, etc.) incurred in response to COVID-19. This amount does not include the impact of any lost sales or underutilization due to COVID-19.

(4) Represents the goodwill write-down for two reporting units within the SGK Brand Solutions segment.

(5) Represents the loss (gain) on the sale of ownership interests in subsidiaries within the Memorialization segment.

(6) Includes gains/losses related to cost-method investments, and related assets, within the SGK Brand Solutions and Memorialization segments.

(7) Includes gains/losses related to significant building and vacant property transactions across all segments.

(8) Represents the Company’s portion of depreciation, intangible amortization, interest expense, and other non-recurring charges incurred by non-consolidated subsidiaries accounted for as equity-method investments within the Memorialization segment.

(9) Represents costs associated with the termination of the Company’s principal defined benefit retirement plan ("DB Plan"), supplemental retirement plan and the defined benefit portion of the officers retirement restoration plan.

(10) Represents asset write-downs within the SGK Brand Solutions segment.

(11) Non-service pension and postretirement expense includes interest cost, expected return on plan assets, amortization of actuarial gains and losses, curtailment gains and losses, and settlement gains and losses. These benefit cost components are excluded from adjusted EBITDA since they are primarily influenced by external market conditions that impact investment returns and interest (discount) rates. Curtailment gains and losses and settlement gains and losses are excluded from adjusted EBITDA since they generally result from certain non-recurring events, such as plan amendments to modify future benefits or settlements of plan obligations. The service cost and prior-service cost components of pension and postretirement expense are included in the calculation of adjusted EBITDA, since they are considered to be a better reflection of the ongoing service-related costs of providing these benefits. Please note that GAAP pension and postretirement expense or the adjustment above are not necessarily indicative of the current or future cash flow requirements related to these employee benefit plans.

* See Disclaimer (page 2) for Management’s assessment of supplemental information related to adjusted EBITDA.

</tbody>
</table>

Note: Adjustments to net income for non-GAAP reconciling items were calculated using an income tax rate of 22% for the six months ended March 31, 2022, 26% for the six months ended March 31, 2021, and 24.7%, 25.0%, and 23.0% for the fiscal years ended September 30, 2021, 2020, and 2019, respectively.

(1) Includes certain non-recurring items associated with recent acquisition activities, costs associated with global ERP system integration efforts, and certain non-recurring costs associated with productivity and cost-reduction initiatives intended to result in improved operating performance, profitability and working capital levels.

(2) Represents a reserve established for a legal matter involving a customer in Saudi Arabia within the Memorialization segment.

(3) Includes certain non-recurring direct incremental costs (such as costs for purchases of computer peripherals and devices to facilitate working-from-home, additional personal protective equipment and cleaning supplies and services, etc.) incurred in response to COVID-19. This amount does not include the impact of any lost sales or underutilization due to COVID-19.

(4) Represents the goodwill write-down for two reporting units within the SGK Brand Solutions segment.

(5) Includes gains/losses related to sale of ownership interests in subsidiaries within the Memorialization segment, gains/losses related to cost-method investments, and related assets, within the SGK Brand Solutions and Memorialization segments, and gains/losses related to significant building and vacant property transactions across all segments.

(6) Represents the Company’s portion of intangible amortization and other non-recurring charges incurred by non-consolidated subsidiaries accounted for as equity-method investments within the Memorialization segment.

(7) Represents costs associated with the termination of the Company’s principal defined benefit retirement plan ("DB Plan"), supplemental retirement plan and the defined benefit portion of the officers retirement restoration plan.

(8) Represents asset write-downs within the SGK Brand Solutions segment.

(9) Non-service pension and postretirement expense includes interest cost, expected return on plan assets, amortization of actuarial gains and losses, curtailment gains and losses, and settlement gains and losses. These benefit cost components are excluded from adjusted EBITDA since they are primarily influenced by external market conditions that impact investment returns and interest (discount) rates. Curtailment gains and losses and settlement gains and losses are excluded from adjusted EBITDA since they generally result from certain non-recurring events, such as plan amendments to modify future benefits or settlements of plan obligations. The service cost and prior service cost components of pension and postretirement expense are included in the calculation of adjusted EBITDA, since they are considered to be a better reflection of the ongoing service-related costs of providing these benefits. Please note that GAAP pension and postretirement expense or the adjustment above are not necessarily indicative of the current or future cash flow requirements related to these employee benefit plans.

(10) Fiscal 2021 balance represents tax-related items incurred in connection with the termination of the Company’s Supplemental Retirement Plan. Fiscal 2020 balance represents tax-related items incurred in connection with goodwill write-downs.

* See Disclaimer (page 2) for Management’s assessment of supplemental information related to adjusted net income and adjusted EPS.
