The Committee shall have sole authority to approve fees, costs, and other terms of engagement of such outside resources. The Committee shall have the authority to perform such other functions, and shall have such powers, as may be necessary or appropriate in the efficient and lawful discharge of its responsibilities hereunder.

- *Director Nominations* – The Committee has the responsibility of identifying, evaluating, reviewing, and recommending qualified candidates to serve on the Board, including consideration of any potential conflicts of interest as well as applicable independence and experience requirements. Such recommendations shall require the unanimous consent of the members of the Committee. The Committee shall have the primary responsibility for evaluating, reviewing, and considering the recommendation for nomination of current directors for reelection to the Board, as well as monitoring the size and overall constitution of the Board. The selection of nominees for director to be presented to the stockholders for election or reelection, and the selection of new Directors to fill vacancies and newly created directorships on the Board, shall be made by the full Board based on the recommendations of the Committee.
- *Company Stockholder Submissions and Communications* – The Committee shall also have the power and authority to consider recommendations for Board nominees and proposals submitted by the Company's stockholders and to establish any policies, requirements, criteria and procedures, including policies and procedures to facilitate stockholder communication with the Board of Directors, to recommend to the Board appropriate action on any such proposal or recommendation and to make any disclosures required by applicable law in the course of exercising its authority.

- *Board Assessment* – The Committee shall periodically review, discuss, and assess the performance of the Board, including Board committees, seeking input from senior management, the full Board, and others. The assessment shall include evaluation of the Board’s contribution as a whole and effectiveness in serving the best interests of the Company and its stockholders, specific areas in which the Board and/or management believe better contributions could be made, and overall Board composition and makeup, including the reelection of current Board members. The factors to be considered shall include whether the Directors, both individually and collectively, can and do provide the integrity, experience, judgment, commitment, skills and expertise appropriate for the Company. The Committee shall also consider and assess the independence of Directors, including whether a majority of the Board continue to be independent from management in both fact and appearance, as well as within the meaning prescribed by Nasdaq. The results of these reviews shall be provided to the Board for further discussion as appropriate.
- *Board Committee Nominations* – The Committee, after due consideration of the interests, independence and experience of the individual directors and the independence and experience requirements of Nasdaq, the rules and regulations of the SEC and applicable law, shall recommend to the entire Board, as appropriate, the chairmanship and membership of each committee.

Further, the Committee shall periodically review Company policy statements to determine their adherence to the Company’s Code of Conduct.
- *Risk Assessment and Management* – The Committee shall periodically review and assess the risk exposure of the Company, prioritizing as appropriate. The Committee shall make recommendations to management pertaining to monitoring and minimizing findings in such assessments.
- *Health Care Compliance* – The Committee shall periodically meet with and establish direct lines of communication with the Chief Compliance Officer. - *Procedures for Information Dissemination* – The Committee shall oversee and review the processes and procedures used by the Company to provide information to the Board and its committees. The Committee should consider, among other factors, the reporting channels through which the Board and its committees receive information and the level of access to outside advisors where necessary or appropriate, as well as the procedures for providing accurate, relevant and appropriately detailed information to the Board and its committees on a timely basis.

- *Management Succession* – The Committee shall periodically review with the Chief Executive Officer the plans for succession to the offices of the Company’s executive officers and make recommendations to the Board with respect to the selection of appropriate individuals to succeed to these positions.
- *Self-Assessment* – The Committee shall review, discuss and assess its own performance at least annually (either independently or in conjunction with the board self-assessment). The Committee shall also periodically review and assess the adequacy of this charter, including the Committee’s role and responsibilities as outlined in this Charter, and shall recommend any proposed changes to the Board for its consideration.
