Kane Biotech Announces New Agreement with FreeMind Group

WINNIPEG, Manitoba, July 16, 2019 (GLOBE NEWSWIRE) -- Kane Biotech Inc. (TSX-V:KNE), (the "Corporation" or "Kane Biotech"), a biotechnology company engaged in the research, development and commercialization of technologies and products that prevent and remove microbial biofilms, today announced that it has signed an agreement with FreeMind Group, a premier international consulting firm dedicated to securing non-dilutive funding from various public and private sources for its clients. The FreeMind process begins with the strategic assessment of potential funding opportunities, includes the grant production process and submission, and ends with approval and the subsequent funding award.

Ray Dupuis, Chief Financial Officer of Kane Biotech, stated, "A key component of our financial strategy includes securing non-dilutive funding from a variety of sources, and our newly established agreement with FreeMind Group will support this strategy. Given FreeMind's great success to date in securing funding for its clients, I am very optimistic in their ability to assist Kane during this pivotal time. We believe our work in addressing the key issue of biofilms in a number of areas, including the wound care space, will be of great interest to potential funders. Non-dilutive funding will further our progress with R&D in the Animal and Human Health sectors and will also assist with our continued exploration of other potential uses for our proprietary technology in a number of new sectors."
