Kaytee Recalls exact® Hand Feeding Formula Baby Bird and exact® Hand Feeding Formula Baby Macaw

CHILTON, Wis.--(BUSINESS WIRE)-- Kaytee Products is recalling a limited production run of two products, Kaytee exact® Hand Feeding Baby Birds and Kaytee exact® Hand Feeding Baby Macaws. These products were manufactured with an excessive amount of vitamin D which may cause illness, and in some cases, kidney failure. Bird owners and breeders should stop using the affected products immediately and seek the advice of a veterinarian if birds show any signs of illness.

The specific affected products being recalled can be identified by the Best Before date code printed on the product package (see www.kaytee.com). No other Kaytee products are affected.

Product Code/SKU/ Material #	UPC Code	Size	Lot/Serial No.	Product Name/Description	Best Before Code (day/month/yr)
