- Second Quarter 2023 Revenue of \$2.25 Billion
- Net Income of \$310 Million, Up 6% Year-Over-Year; Diluted EPS of \$0.08
- Adjusted EBITDA of \$702 Million, Up 3% Year-Over-Year
- Free Cash Flow of \$323 Million
- SiriusXM Increases Full-Year Free Cash Flow Guidance
- Company Announces Fall Preview of the Next Gen SiriusXM Experience

NEW YORK – August 1, 2023 – Today SiriusXM reported operating and financial results for the second quarter of 2023, including revenue of \$2.25 billion, which was flat compared to the prior year period. Net income in the second quarter of 2023 climbed to \$310 million, or \$0.08 per diluted share, compared to \$292 million, or \$0.07 per diluted share in the second quarter of 2022.

Adjusted EBITDA was \$702 million in the second quarter of 2023, up 3% compared to the second quarter of 2022. The company delivered \$323 million in free cash flow during the second quarter of 2023, down from \$435 million in the prior year period. The reduction in free cash flow was primarily driven by higher cash taxes paid and increases in satellite capital expenditures.

"We are pleased to report continued progress towards reaching our financial and operating goals for the year," stated Jennifer Witz, Chief Executive Officer. "Our focus remains on reinforcing SiriusXM's distinct and leading position in the audio entertainment industry with new curated live content and by enhancing control and discovery across our platforms. We made significant advancements this quarter in building our next generation platform and are excited to announce a preview event to come this fall."

SiriusXM's Chief Financial Officer Thomas Barry added, "Our solid second quarter performance and greater visibility into full-year cash taxes and working capital leads us to increase our 2023 free cash flow outlook to \$1.15 billion. We also expect to continue to see improving financial and operating performance in the second half of the year. Our team continues to focus on cost levers and operational efficiencies while reinvesting savings in enhanced technology, including our consumer app set to launch in the fall and an all-new commerce and identity platform."

"In the second quarter, SiriusXM returned approximately \$229 million in capital to stockholders via \$94 million in recurring dividends and \$135 million in common stock repurchases. We finished the quarter with a net debt to adjusted EBITDA ratio of 3.4 times and continue to maintain a high degree of balance sheet flexibility," added Barry.

SEGMENT HIGHLIGHTS

Sirius XM Holdings operates two complementary audio entertainment businesses — one of which is referred to as "SiriusXM" and the second of which is referred to as "Pandora and Off-Platform." Further information regarding these two segments will be contained in the company's Quarterly Report on Form 10-Q for the quarter ended June 30, 2023. The financial highlights below exclude the impact of share-based payment expense.

SiriusXM Second Quarter 2023 Segment Highlights

Total SiriusXM Subscribers of 34.0 Million

During the second quarter of 2023, SiriusXM self-pay subscribers decreased by 132,000 and paid promotional subscribers increased by 155,000. Total subscribers were flat at 34.0 million on June 30, 2023, when compared to June 30, 2022. The SiriusXM trial funnel stood at approximately 7.5 million at the end of the guarter, compared to

7.2 million at the end of the first quarter 2023, and 7.3 million at the end of the second quarter of 2022. Self-pay monthly churn remained low at approximately 1.5%.

SiriusXM Revenue of \$1.7 Billion

During the second quarter, SiriusXM's total revenue was \$1.7 billion, flat compared to the prior year period. Subscriber revenue in the segment was \$1.6 billion, an increase of 1% compared to the prior year period. Average revenue per user (ARPU), rose by \$0.04 year-over-year, resulting in a total ARPU of \$15.66. The increase in ARPU was primarily driven by increases in certain self-pay subscription rates, partially offset by the impact of the mix of self-pay promotional plans, the reduction in rates associated with paid promotional plans from automakers as well as lower advertising revenue.

SiriusXM Gross Profit of \$1.0 Billion

Total cost of services at SiriusXM of \$675 million increased by 1% for the 2023 quarter compared to the corresponding quarter in 2022. Gross profit at SiriusXM totaled \$1.0 billion, relatively flat when compared to the prior year period, producing a gross margin of 61%.

Expanded Content Offering

During the second quarter of 2023, SiriusXM continued to deliver unique and compelling content to subscribers with an array of new channels, shows, podcasts, and exclusive events. Notable highlights from the quarter included the launch of Carrie Underwood's Carrie's Country channel, catering to country music fans with an expanded listening experience. Additionally, as demand grows for Latin Music and Kids programming, the company introduced Moonbug Radio, an exclusive new year-round channel in collaboration with Moonbug Entertainment and launched Latin Pop channel Hits Uno in conjunction with the grand opening of SiriusXM's state-of-the-art Miami studios.

Product Highlights

SiriusXM is dedicated to creating a best-in-class experience for its listeners and reconfirmed its commitment to launching its next generation product experience later this year. The company's new platform will improve discoverability, personalization, and the user experience for seamless ease of use and enhanced engagement across multiple devices platforms. The company aims to highlight its incredible depth and breadth of content offerings to cater to diverse listener interests and preferences.

SiriusXM continued to expand its footprint in the electric vehicle (EV) market, with the service currently widely available in 49 different EV models sold in the US market. Under a new agreement with Volvo, SiriusXM will continue to be standard across the automaker's full vehicle lineup, and the company's 360L platform will debut in the all-new and fully electric 2024 Volvo EX30 and EX90 SUVs. Continued strong adoption of the 360L platform offers subscribers the best-possible in-car listening experience, with more features and capabilities to keep listeners engaged.

Pandora and Off-Platform Second Quarter 2023 Segment Highlights

Advertising Revenue of \$400 Million

Second quarter 2023 ad revenue in the Pandora and Off-Platform segment of \$400 million remained relatively flat year-over-year, compared to \$403 million in the prior year period. Off-platform advertising, including the company's podcast business, climbed 13% year over year to nearly \$135 million in the second quarter of 2023.

Total Advertising-Supported Listener Hours of 2.73 Billion

Monthly Active Users (MAUs) at Pandora were 47.4 million in the second quarter of 2023, down from 50.5 million in the prior year period. Total ad-supported listener hours were 2.73 billion in the second quarter of 2023, down from 2.84 billion in the 2022 period. Average monthly hours per ad-supported user climbed 3% to 21.7 in the second quarter of 2023 compared to 21.1 in the second quarter of 2022.

Self-Pay Subscribers of 6.2 Million

Self-pay subscribers to the Pandora Plus and Pandora Premium services decreased modestly in the second quarter of 2023 to end the period at 6.2 million.

Gross Profit of \$152 Million

Subscriber revenue decreased by 2%, advertising revenue decreased by 1%, and total cost of services increased by 2% during the second quarter of 2023. This resulted in gross profit in the Pandora and Off-platform segment of

\$152 million, a decrease of 9% compared to the corresponding 2022 period. The resulting gross margin of 29% for the quarter was down 2 percentage points from the prior year period on higher music royalties.

ADDITIONAL FINANCIAL HIGHLIGHTS

During the second quarter of 2023, SiriusXM reduced sales and marketing expenses by 23% year-over-year to \$209 million. This reduction was primarily due to a decrease in marketing and promotional campaigns in preparation for the anticipated relaunch of the SiriusXM next generation experience. In support of this relaunch, Engineering, Design, and Development rose by 14% year-over-year to \$72 million.

General and Administrative costs increased 9% to \$123 million on higher non-cash costs associated with our deferred compensation plan.

2023 FULL-YEAR FINANCIAL GUIDANCE

The company reiterated its full-year 2023 guidance for revenue and adjusted EBITDA, while also raising its free cash flow guidance:

- Total revenue of approximately \$9.0 billion,
- · Adjusted EBITDA of approximately \$2.75 billion, and
- Free cash flow of approximately \$1.15 billion.

This communication contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements include, but are not limited to, statements about future financial and operating results, our plans, objectives, expectations and intentions with respect to future operations, products and services; and other statements identified by words such as "will likely result," "are expected to," "will continue," "is anticipated," "estimated," "believe," "intend," "plan," "projection," "outlook" or words of similar meaning. Such forward-looking statements are based upon the current beliefs and expectations of our management and are inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are difficult to predict and generally beyond our control. Actual results and the timing of events may differ materially from the results anticipated in these forward-looking statements.

The following factors, among others, could cause actual results and the timing of events to differ materially from the anticipated results or other expectations expressed in the forward-looking statements: Risks Relating to our Business and Operations: We have been, and may continue to be, adversely affected by supply chain issues; we may be adversely affected by the war in Ukraine; we face substantial competition and that competition is likely to increase over time; if our efforts to attract and retain subscribers and listeners, or convert listeners into subscribers, are not successful, our business will be adversely affected; we engage in extensive marketing efforts and the continued effectiveness of those efforts is an important part of our business; we rely on third parties for the operation of our business, and the failure of third parties to perform could adversely affect our business; failure to successfully monetize and generate revenues from podcasts and other non-music content could adversely affect our business, operating results, and financial condition; we may not realize the benefits of acquisitions or other strategic investments and initiatives; the ongoing COVID-19 pandemic has introduced significant uncertainty to our business; and the impact of economic conditions may adversely affect our business, operating results, and financial condition. Risks Relating to our Sirius XM Business: A substantial number of our Sirius XM service subscribers periodically cancel their subscriptions and we cannot predict how successful we will be at retaining customers; our ability to profitably attract and retain subscribers to our Sirius XM service is uncertain; our business depends in part upon the auto industry; failure of our satellites would significantly damage our business; and our Sirius XM service may experience harmful interference from wireless operations. Risks Relating to our Pandora Business: Our Pandora ad-supported business has suffered a substantial and consistent loss of monthly active users, which may adversely affect our Pandora business; our Pandora business generates a significant portion of its revenues from advertising, and reduced spending by advertisers could harm our business; our failure to convince advertisers of the benefits of our Pandora ad-supported service could harm our business; if we are unable to maintain revenue growth from our advertising products our results of operations will be adversely affected; changes to mobile operating systems and browsers may hinder our ability to sell advertising and market our services; and if we fail to accurately predict and play music, comedy or other content that our Pandora listeners enjoy, we may fail to retain existing and attract new listeners. Risks Relating to Laws and Governmental Regulations: Privacy and data security laws and regulations may hinder our ability to market our services, sell advertising and impose legal liabilities; consumer protection laws and our failure to comply with them could damage our business; and failure to comply with FCC requirements could damage our business. Risks Associated with Data and Cybersecurity and the Protection of Consumer Information: If we fail to protect the security of personal information about our customers, we could be subject to costly government enforcement actions and private litigation and our reputation could suffer; and interruption or failure of our information technology and communications systems could impair the delivery of our service and harm our business. Risks Associated with Certain Intellectual Property Rights: The market for music rights is changing and is subject to significant uncertainties; our Pandora services depend upon maintaining complex licenses with copyright owners, and these licenses contain onerous terms; the rates we must pay for "mechanical rights" to use musical works on our Pandora service have increased substantially and these rates may adversely affect our business; failure to protect our intellectual property or actions by third parties to enforce their intellectual property rights could substantially harm our business and operating results; some of our services and technologies may use "open source" software, which may restrict how we use or distribute our services or require that we release the source code subject to those licenses; and rapid technological and industry changes and new entrants could adversely impact our services. Risks Related to our Capital and Ownership Structure: We have a significant amount of indebtedness, and our debt contains certain covenants that restrict our operations; we are a "controlled company" within the meaning of the NASDAQ listing rules and, as a result, qualify for, and rely on, exemptions from certain corporate governance requirements; while we currently pay a quarterly cash dividend to holders of our common stock, we may change our dividend policy at any time; and our principal stockholder has significant influence, including over actions requiring stockholder approval, and its interests may differ from the interests of other holders of our common stock. Other Operational Risks: If we are unable to attract and retain qualified personnel, our business could be harmed; our facilities could be damaged by natural catastrophes or terrorist activities; the unfavorable outcome of pending or future litigation could have an adverse impact on our operations and financial condition; we may be exposed to liabilities that other entertainment service providers would not customarily be subject to; and our business and prospects depend on the strength of our brands. Additional factors that could cause our results to differ materially from those described in the forward-looking statements can be found in our Annual Report on Form 10-K for the year ended December 31, 2022, which is filed with the Securities and Exchange Commission (the "SEC") and available at the SEC's Internet site (http:// www.sec.gov). The information set forth herein speaks only as of the date hereof, and we disclaim any intention or obligation to update any forward looking statements as a result of developments occurring after the date of this communication.
