- 2024 Full-Year Revenue of \$8.70 Billion
- Full-Year Net Loss of \$2.08 Billion, Reflecting Third-Quarter Non-Cash Charge
- Full-Year Adjusted EBITDA of \$2.73 Billion
- Full-Year Free Cash Flow of \$1.02 Billion
- SiriusXM Reaffirms 2025 Revenue, Adjusted EBITDA and Free Cash Flow Guidance

**NEW YORK** – **January 30, 2025** – SiriusXM today announced its fourth quarter and full-year 2024 operating and financial results, including revenue of \$2.19 billion and \$8.70 billion, respectively, representing declines of 4% and 3%, respectively, compared to the same periods in 2023. The company reported net income of \$287 million for the fourth quarter and a net loss of \$2.08 billion for the full year 2024, compared to net income of \$228 million and \$988 million in the prior year, respectively. Earnings per diluted common share were \$0.83 and \$(6.14) for the fourth quarter and full-year 2024, respectively, compared to \$0.67 and \$2.77, respectively, in the same periods in 2023.

In the fourth quarter of 2024, adjusted EBITDA totaled \$688 million, a 4% decline from \$715 million in the same 2023 period. For the full year 2024, adjusted EBITDA was \$2.73 billion, reflecting a 2% decline compared to \$2.79 billion in the prior year. The decrease was driven by declines in subscriber revenue, partially offset by lower costs of services, personnel-related costs, sales and marketing, product and technology and general and administrative expenses. The company maintained a stable adjusted EBITDA margin of 31%.

"At the end of 2024, we took significant steps to refocus on SiriusXM's core strengths and enhance operational efficiency," said Jennifer Witz, Chief Executive Officer. "By prioritizing our core in-car subscription business, leveraging our streaming capabilities, and growing our leadership in ad-supported audio, we are well-positioned to deliver long-term value. Looking ahead, we are energized by the opportunities to build on this strategy and continue offering unparalleled audio experiences through our platforms."

"I'm proud of the progress we made in 2024 to sharpen our strategy and strengthen our financial foundation," said Tom Barry, Chief Financial Officer. "We met our 2024 guidance targets, including adjusted EBITDA of approximately \$2.73 billion with a solid margin of 31%, making strategic investments supported by disciplined cost management. In 2025, we are focused on generating \$1.15 billion in free cash flow and achieving an additional \$200 million in run-rate savings exiting the year, enabling us to continue investing in the business and returning capital to stockholders while reducing leverage. Our focus will remain on operational efficiency and ROI-driven decisions to ensure value creation going forward."

### **SEGMENT HIGHLIGHTS**

Sirius XM Holdings operates two complementary audio entertainment businesses — one of which is referred to as "Sirius XM" and the second of which is referred to as "Pandora and Off-platform." Further information regarding

these two segments will be contained in the company's Annual Report on Form 10-K for the year ended December 31, 2024. The financial highlights below exclude the impact of share-based payment expense.

### SiriusXM Fourth Quarter and Full-Year 2024 Segment Highlights

### SiriusXM Total Subscribers of 33 Million

SiriusXM added approximately 149,000 self-pay subscribers in the fourth quarter of 2024, an increase of 18,000 compared to the fourth quarter of 2023. For the full-year 2024, self-pay subscribers decreased by 296,000, an improvement over the full-year decrease of 445,000 self-pay subscribers in 2023. SiriusXM ended 2024 with approximately 33 million total subscribers. Paid promotional subscribers declined by 79,000 during the fourth quarter and declined by 353,000 for the full-year 2024. The SiriusXM trial funnel reached approximately 7.3 million by the end of 2024, compared to 7.2 million in 2023 and 6.8 million in 2022. Self-pay monthly churn for the fourth quarter of 2024 finished strong, decreasing to 1.5%, down 10 basis points from the fourth quarter of 2023.

### Full-Year Revenue of \$6.6 Billion

In 2024, SiriusXM's total revenue was \$6.6 billion, a 4% decrease from 2023. This decrease was primarily driven by a 4% reduction in subscriber revenue, attributed to a smaller average base of self-pay subscribers; a 6% decline in equipment revenue; and a 6% decline in other revenue. Additionally, for the full-year 2024, Average Revenue Per User (ARPU) decreased by \$0.35 to \$15.21, reflecting the impact of a growing number of self-pay streaming-only and promotional subscriptions, lower rates from automakers offering paid promotional plans, and a 1% decline in advertising revenue.

#### Full-Year Gross Profit of \$3.9 Billion

Total cost of services at SiriusXM was \$2.6 billion for 2024, a 2% decrease compared to the prior year. Gross profit at SiriusXM totaled \$3.9 billion, a decrease of 6% compared to the \$4.2 billion recorded in 2023, producing a gross margin of 60%, one percentage point lower than the prior year.

### **Business and Programming Highlights**

In the fourth quarter of 2024, SiriusXM continued to deliver unique programming and value for its core subscribers. On programming, live sports remains a key differentiator for SiriusXM, highlighted by extensive coverage of the inaugural 12-team college football playoff and the 2024-2025 NBA season, reinforcing the company's unmatched sports audio offering. For music fans, SiriusXM marked the anniversary of its exclusive Life with John Mayer channel by launching How's Life, a new interview series hosted by the singer-songwriter. In podcasting, SiriusXM expanded its network with the renewal and expansion of its agreement with best-selling author and podcaster Mel Robbins, which includes future exclusive talk programming.

Additionally, in the fourth quarter, SiriusXM announced a new agreement with ESPN+, offering unique subscription bundles to new and existing customers of both services, providing sports fans even more to enjoy. In-car, SiriusXM launched its service in select Tesla and Rivian models already on the road as part of each company's holiday update, rapidly scaling its reach to millions of new customers through innovative streaming integrations. The company also successfully launched SXM-9, the latest addition to its satellite fleet. With SiriusXM's new tech center of excellence now operational in Ireland, the company is poised to drive innovation and enhance customer experiences.

### Pandora and Off-platform Fourth Quarter and Full-Year 2024 Segment Highlights

### Pandora and Off-platform Self-Pay Subscribers of 5.8 Million

Self-pay subscribers of the Pandora Plus and Pandora Premium services decreased by 101,000 during the fourth quarter of 2024 to end the year at 5.8 million. The decrease was driven by a decline in trial starts and lower retention due to price increases on certain self-pay plans.

### Full-Year Revenue of \$2.15 Billion

Pandora and Off-platform revenue totaled \$2.15 billion for the full-year 2024, a 2%, or \$33 million, increase compared to \$2.11 billion recorded in 2023. Advertising revenue within the segment reached \$1.6 billion in 2024, a \$17 million year-over-year increase, driven by growth in podcasting and programmatic sales as well as ad tech fees from our AdsWizz platform. Subscriber revenue rose by 3% to \$540 million compared the prior year, supported by price increases in select Pandora plans.

### Full-Year Gross Profit of \$705 Million

Total cost of services in 2024 decreased by 2% to \$1.44 billion, compared to \$1.48 billion in 2023. This reduction contributed to a gross profit of \$705 million for the Pandora and Off-platform segment, an 11% increase over the prior year. The segment's gross margin improved to 33%, an increase of 3 percentage points year-over-year.

### ADDITIONAL FINANCIAL HIGHLIGHTS

Subscriber acquisition costs increased by 3% year-over-year to \$369 million in 2024. Sales and marketing expenses decreased by 4% to \$849 million, while product and technology costs fell by 9% to \$252 million. General and administrative expenses saw a significant decline, dropping 16% to \$429 million.

SiriusXM generated \$1.015 billion in free cash flow in 2024, a decrease of approximately \$167 million compared to the prior year. This decline was primarily driven by costs related to the Liberty Media transactions, timing differences in tax payments between the former SiriusXM and Liberty, higher capital expenditures, and increased cash taxes.

In the fourth quarter, SiriusXM distributed \$92 million through dividends and reinitiated share buybacks late in the year, completing \$18 million of repurchases in December and January. For the full year, SiriusXM returned a total of \$400 million in dividends to stockholders, which included dividend payments to the former parent company in 2024. The company continues to prioritize a disciplined capital allocation, targeting a long-term leverage ratio in the low-to-mid 3's range and ending 2024 with a net debt-to-adjusted EBITDA ratio of 3.7 times.

The full-year 2024 net loss of \$2.08 billion reflects a non-cash impairment charge of approximately \$3.36 billion recorded in the third quarter, resulting from an assessment of the fair value of the company's goodwill based on a sustained lower share price, as SiriusXM's share price converged with those of the Liberty Media tracking stocks heading into the closing of the transactions. This non-cash charge does not impact the company's cash flow, ongoing operations, or liquidity.

### 2025 FULL-YEAR FINANCIAL GUIDANCE

The company reiterated its full-year 2025 guidance for revenue, adjusted EBITDA, and free cash flow as follows:

- Total revenue of approximately \$8.5 billion,
- Adjusted EBITDA of approximately \$2.6 billion, and
- Free cash flow of approximately \$1.15 billion.

(1) The following table reconciles cash, cash equivalents and restricted cash per the statement of cash flows to the balance sheet. The restricted cash balances are primarily due to letters of credit which have been issued to the landlords of leased office space. The terms of the letters of credit primarily extend beyond one year.

### Unaudited Results

Set forth below are our results of operations for the three and twelve months ended December 31, 2024 compared with the three and twelve months ended December 31, 2023. Legal settlements and reserves and share-based payment expense have been excluded from cost of services line items and presented as their own line items in the table below, as this is consistent with how the segments are evaluated on a regular basis.

This communication contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements include, but are not limited to, statements about our outlook and our future financial and operating results, our plans, objectives, expectations and intentions with respect to future operations, products and services; and other statements identified by words such as "will likely result," "are expected to," "will continue," "is anticipated," "estimated," "believe," "intend," "plan," "projection," "outlook" or words of similar meaning or the negative version of such words or phrases. Such forward-looking statements are based upon the current beliefs and expectations of our management and are inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are difficult to predict and generally beyond our control. Actual results and the timing of events may differ materially from the results anticipated in these forward-looking statements.

The following factors, among others, could cause actual results and the timing of events to differ materially from the anticipated results or other expectations expressed in the forward-looking statements: Risks Relating to our Business and Operations: We face substantial competition and that competition has increased over time; our SiriusXM service has suffered a loss of subscribers and our Pandora ad-supported service has similarly experienced a loss of monthly active users; if our efforts to attract and retain subscribers and listeners, or convert listeners into subscribers, are not successful, our business will be adversely affected; we engage in extensive marketing efforts and the continued effectiveness of those efforts is an important part of our business; we rely on third parties for the operation of our business, and the failure of third parties to perform could adversely affect our business; failure to successfully monetize and generate revenues from podcasts and other nonmusic content could adversely affect our business, operating results, and financial condition; we may not realize the benefits of acquisitions or other strategic investments and initiatives; and the impact of economic conditions may adversely affect our business, operating results, and financial condition. Risks Relating to our SiriusXM Business: Changing consumer behavior and new technologies relating to our satellite radio business may reduce our subscribers and may cause our subscribers to purchase fewer services from us or to cancel our services altogether, resulting in less revenue to us; a substantial number of our SiriusXM service subscribers periodically cancel their subscriptions and we cannot predict how successful we will be at retaining customers; our ability to profitably attract and retain subscribers to our SiriusXM service is uncertain; our business depends in part upon the auto industry; the imposition of tariffs by the United States government could have a major effect on the United States auto industry, which SiriusXM is dependent upon as a material source of new subscribers; failure of our satellites would significantly damage our business; and our SiriusXM service may experience harmful interference from wireless operations. Risks Relating to our Pandora and Off-platform Business: Our Pandora and Off-platform business generates a significant portion of its revenues from advertising, and reduced spending by advertisers could harm our business; emerging industry trends may adversely impact our ability to generate revenue from advertising; our failure to convince advertisers of the benefits of our Pandora ad-supported service could harm our business; if we are unable to maintain our advertising revenue our results of operations will be adversely affected; changes to mobile operating systems and browsers may hinder our ability to sell advertising and market our services; and if we fail to accurately predict and play music, comedy or other content that our Pandora listeners enjoy, we may fail to retain existing and attract new listeners. Risks Relating to Laws and Governmental Regulations: Privacy and data security laws and regulations may hinder our ability to market our services, sell advertising and impose legal liabilities; consumer protection laws and our failure to comply with them could damage our business; failure to comply with FCC requirements could damage our business; we may face lawsuits, incur liability or suffer reputational harm as a result of content published or made available through our services; and environmental, social and governance expectations and related reporting obligations may expose us to potential liabilities, increased costs, reputational harm, and other adverse effects. Risks Associated with Data and Cybersecurity and the Protection of Consumer Information: If we fail to protect the security of personal information about our customers, we could be subject to costly government enforcement actions and private litigation and our reputation could suffer; we use artificial intelligence in our business, and challenges with properly managing its use could result in reputational harm, competitive harm, and legal liability and adversely affect our results of operations; and interruption or failure of our information technology and communications systems could impair the delivery of our service and harm our business. Risks Associated with Certain Intellectual Property Rights: Rapid technological and industry changes and new entrants could adversely impact our services; the market for music rights is changing and is subject to significant uncertainties; our Pandora services depend upon maintaining complex licenses with copyright owners, and these licenses contain onerous terms; failure to protect our intellectual property or actions by third parties to enforce their intellectual property rights could substantially harm our business and operating results; and some of our services and technologies use "open source" software, which may restrict how we use or distribute our services or require that we release the source code subject to those licenses. Risks Related to our Capital Structure: While we currently pay a quarterly cash dividend to holders of our common stock, we may change our dividend policy at any time; our holding company structure could restrict access to funds of our subsidiaries that may be needed to pay third party obligations; we have significant indebtedness, and our subsidiaries' debt contains certain covenants that restrict their operations; and our ability to incur additional indebtedness to fund our operations could be limited, which could negatively impact our operations. Risks Related to the Transactions: We may have a significant indemnity obligation to Liberty Media, which is not limited in amount or subject to any cap, if the transactions associated with the Split-Off are treated as a taxable transaction; we may determine to forgo certain transactions that might otherwise be advantageous in order to avoid the risk of incurring significant tax-related liabilities; we have assumed and are responsible for all of the liabilities attributed to the Liberty SiriusXM Group as a result of the completion of the Transactions, and acquired the assets of SplitCo on an "as is, where is" basis; we may be harmed by securities class action and derivative lawsuits in connection with the Transactions; it may be difficult for a third party to acquire us, even if doing so may be beneficial to our stockholders; we have directors associated with Liberty Media, which may lead to conflicting interests; and our directors and officers are protected from liability for a broad range of actions. Other Operational Risks: If we are unable to attract and retain qualified personnel, our

business could be harmed; our facilities could be damaged by natural catastrophes or terrorist activities; the unfavorable outcome of pending or future litigation could have an adverse impact on our operations and financial condition; we may be exposed to liabilities that other entertainment service providers would not customarily be subject to; and our business and prospects depend on the strength of our brands.

Additional factors that could cause our results to differ materially from those described in the forward-looking statements can be found in our Annual Report on Form 10-K for the year ended December 31, 2024, which is filed with the Securities and Exchange Commission (the "SEC") and available at the SEC's Internet site (http://www.sec.gov). The information set forth herein speaks only as of the date hereof, and we disclaim any intention or obligation to update any forward looking statements as a result of developments occurring after the date of this communication.
