Data Storage Corporation Achieves ISO/IEC 27001 Certification for its CloudFirst and Nexxis Divisions

MELVILLE, N.Y., Oct. 24, 2022 (GLOBE NEWSWIRE) -- Data Storage Corporation (Nasdaq: DTST) ("DSC" and the "Company"), a provider of diverse business continuity solutions for disaster-recovery, cloud infrastructure, cyber-security, and data analytics solutions, today announced that its CloudFirst and Nexxis divisions have been ISO/IEC 27001:2013 certified.

ISO/IEC 27001:2013 is an information security standard published by the International Organization for Standardization (ISO), the world's largest developer of voluntary international standards, and the International Electrotechnical Commission (IEC). The certification was issued by A-LIGN, an independent and accredited certification body based in the United States on successful completion of a formal audit process. This certification illustrates that DSC has met rigorous international standards in ensuring the confidentiality, integrity, and availability of CloudFirst infrastructure-as-a-service, backup and recovery, business continuity and hosted voice-over-internet protocol (VoIP) solutions.

"Achieving third-party certification for our divisions further validates our extensive internal protocols and security measures that ensure our customers' data and information has been addressed, implemented, and properly controlled in all areas of our organization," commented Chuck Piluso, CEO of Data Storage Corporation. "Obtaining this certification marks an important milestone for these divisions, as well as provides us the potential to accelerate customer engagements as many organizations seek ISO/IEC certification prior to implementing certain solutions. We are committed to information security and are proud to provide solutions to our customers that they can trust and rely on."

Chuck Paolillo, Chief Technology Officer of the Company's CloudFirst division, stated, "This certification demonstrates our ongoing commitment to data and information security, as we believe it is of utmost importance within an organization. We have continually implemented, improved, and tested our protocols to ensure our technologies met the highest security standards for our customers."

About Data Storage Corporation

The Company provides a broad range of premium business continuity and analytics solutions from seven data center in the USA and Canada. The Company serves its clients with cloud infrastructure, disaster recovery, cyber security, telecommunications, and data analytics. Clients look to Data Storage Corporation to ensure disaster recovery, business continuity, enhance cyber security, and meet increasing industry, state, and federal regulations. Safe Harbor Provision

This press release contains “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, as amended, that are intended to be covered by the safe harbor created thereby. Forward-looking statements are subject to risks and uncertainties that could cause actual results, performance or achievements to differ materially from any future results, performance or achievements expressed or implied by such forward-looking statements. Statements preceded by, followed by or that otherwise include the words “believes,” “expects,” “anticipates,” “intends,” “projects,” “estimates,” “plans” and similar expressions or future or conditional verbs such as “will,” “should,” “would,” “may” and “could” are generally forward-looking in nature and not historical facts, although not all forward-looking statements include the foregoing. Although the Company believes that the expectations reflected in such forward-looking statements are reasonable, it can provide no assurance that such expectations will prove to have been correct. These risks should not be construed as exhaustive and should be read together with the other cautionary statements included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2021, subsequent Quarterly Reports on Form 10-Q and Current Reports on Form 8-K filed with the Securities and Exchange Commission. Any forward-looking statement speaks only as of the date on which it was initially made. Except as required by law, the Company assumes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events, changed circumstances or otherwise.
