Geldservice Nederland B.V. Chooses Fiserv Cash and Logistics Technology Platform

BROOKFIELD, Wis.--(BUSINESS WIRE)-- [Fiserv](#), Inc. (NASDAQ: FISV), a leading global provider of financial services technology solutions, announced today that [Geldservice Nederland B.V.](#) (GSN) has selected Fiserv for its cash and logistics technology platform. Founded in 2011, GSN ensures that the cash for the three major banks in the Netherlands is counted and distributed efficiently, accurately and securely, and that self-service device availability is maximized.

GSN has selected a suite of [Cash and Logistic Solutions](#) from Fiserv including Integrated Currency Manager™, Device Manager™, Performance View™ and MatchPoint®. The suite of solutions will enable GSN to optimize currency supply chain management for its clients, including robust capabilities for cash management, incident and event management for self-service devices such as ATMs and in-branch deposit and cash recycling machines, vendor management and business analytics.

“By selecting Fiserv, we can offer our customers best-in-class currency supply chain management solutions,” said Barend Mutsaers, Head of Logistics, Geldservice Nederland B.V. “The Fiserv technology platform can provide our customers with many benefits including reduced operational costs, reduced cost of cash, guaranteed service levels for supply of cash to consumers and improved business strategy and decision-making using industry leading business analytics.”

“Geldservice Nederland chose Fiserv to be its long-term cash and logistics partner because they trust Fiserv to deliver an industry leading technology platform that will automate the communications within its cash cycle,” said David McLaren, business development director - EMEA, Cash and Logistics, Fiserv. “In addition, the platform can create cost savings by consolidating vendor services that can lead to improved customer satisfaction through improved availability of self-service devices such as ATMs and in-branch deposit and cash recycling machines.”

Fiserv offers a comprehensive and integrated set of solutions and consulting services to help financial institutions, retailers and service providers manage currency and other value based assets. With solutions for currency forecasting, device management, deposit management, enterprise track and trace, and deposit reclassification, Fiserv solutions help reduce costs and optimize efficiencies.
