FORWARD-LOOKING STATEMENTS

Certain statements in this presentation constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements include, but are not limited to, all statements other than statements of historical facts contained in this presentation, including, without limitation, those regarding our intentions, beliefs or current expectations concerning, among other things: our future financial conditions and performance, results of operations and liquidity; our strategy, objectives, prospects, service availability targets, customer penetration rates, capital expenditure plans, fiber deployment and network expansion and upgrade plans, and leverage targets; our ability to achieve operational performance improvements; and future developments in the markets in which we participate or are seeking to participate. These forward-looking statements can be identified by the use of forward-looking terminology, including the terms “anticipate”, “believe”, “could”, “estimate”, “expect”, “forecast”, “intend”, “may”, “plan”, “project”, “should”, “target”, or “will” or, in each case, their negative, or other variations or comparable terminology. Where, in any forward-looking statement, we express an expectation or belief as to future results or events, such expectation or belief is expressed in good faith and believed to have a reasonable basis, but there can be no assurance that the expectation or belief will result or be achieved or accomplished. To the extent that statements in this presentation are not recitations of historical fact, such statements constitute forward-looking statements, which, by definition, involve risks and uncertainties that could cause actual results to differ materially from those expressed or implied by such statements including risks referred to in our SEC filings, including our Annual Report on Form 10-K for the fiscal year ended December 31, 2022 and reports on Form 10-Q. You are cautioned to not place undue reliance on Altice USA’s forward-looking statements. Any forward-looking statement speaks only as of the date on which it was made. Altice USA specifically disclaims any obligation to publicly update or revise any forward-looking statement, as of any future date.

NON-GAAP FINANCIAL MEASURES

We define Adjusted EBITDA, which is a non-GAAP financial measure, as net income (loss) excluding income taxes, non-operating income or expenses, loss on extinguishment of debt and write-off of deferred financing costs, gain (loss) on interest rate swap contracts, gain (loss) on derivative contracts, gain (loss) on investments and sale of affiliate interests, interest expense, net, interest income, depreciation and amortization, share-based compensation, restructuring expense and other operating items (such as significant legal settlements, contractual payments for terminated employees, and impairments).

Adjusted EBITDA eliminates the significant non-cash depreciation and amortization expense that results from the capital-intensive nature of our business and from intangible assets recognized from acquisitions, as well as certain non-cash and other operating items that affect the period-to-period comparability of our operating performance. In addition, Adjusted EBITDA is unaffected by our capital and tax structures and by our investment activities.

We believe Adjusted EBITDA is an appropriate measure for evaluating the operating performance of the Company. Adjusted EBITDA and similar measures with similar titles are common performance measures used by investors, analysts and peers to compare performance in our industry. Internally, we use revenue and Adjusted EBITDA measures as important indicators of our business performance and evaluate management’s effectiveness with specific reference to these indicators. We believe Adjusted EBITDA provides management and investors a useful measure for period-to-period comparisons of our core business and operating results by excluding items that are not comparable across reporting periods or that do not otherwise relate to the Company’s ongoing operating results. Adjusted EBITDA should be viewed as a supplement to and not a substitute for operating income (loss), net income (loss), and other measures of performance presented in accordance with GAAP. Since Adjusted EBITDA is not a measure of performance calculated in accordance with GAAP, this measure may not be comparable to similar measures with similar titles used by other companies.

We also use Operating Free Cash Flow (defined as Adjusted EBITDA less cash capital expenditures), and Free Cash Flow (defined as net cash flows from operating activities less cash capital expenditures) as indicators of the Company’s financial performance. We believe these measures are two of several benchmarks used by investors, analysts and peers for comparison of performance in the Company’s industry, although they may not be directly comparable to similar measures reported by other companies.

For a reconciliation of these non-GAAP measures, please see the Q1 2023 earnings release for Altice USA posted on the Altice USA website.
Altice USA Q1 2023 Summary Review

- New launch of Optimum Complete: Internet + Mobile bundle offer
- Fiber network expansion (+214k passings; total 2.4 million) and new build activity (+48k)
- Best fiber customer growth quarter (+38k), ending Q1 at 210k fiber customers
- Total customer broadband net loss of -19k, mobile line net adds of +8k (+15k ex-free customers)
- Revenue of $2.29 billion, -5.3% YoY; Net Income of $25.9 million
- Adjusted EBITDA(1) of $868.4 million, -12.4% YoY, Adjusted EBITDA margin(1) of 37.9%
- Net cash flows from operating activities $416.8 million
- Successful pricing of new $1,000m Senior Guaranteed Notes in April 2023

(1) Adjusted EBITDA is a non-GAAP measure. For a reconciliation of these non-GAAP measures to net income and net cash flows from operating activities, respectively, please see the Q1 2023 Altice USA earnings release posted to the Altice USA website.

---

(1) Excludes additions relating to mobile lines receiving free service from all periods presented, includes net additions from when customers previously on free service start making payments.
Financial Review
Revenue Trends

Q1-23 vs. Q1-22 ($m)

Business Services

Q1-22 Q1-23

Revenue YoY

Total Revenue

Residential Revenue

Business Services Revenue

excluding Sprint early termination revenue

News & Advertising Revenue

excluding political revenue

(1) Excludes Sprint early termination revenue of $3.2m in Q1-22 and $0.1m in Q1-23.

(2) Excludes political revenue of $15.8m in Q1-22 and $9.4m in Q1-23.
Capex to Support Network Evolution

Capital expenditures review

+ **Q1-23** growth capex\(^{(2)}\) represents 72% of capital spend
  + Ongoing focus on FTTH rollout and footprint expansion (FTTH / New Build capex increase +60% Q1-23 YoY)
+ **Q1-23** capital intensity of 25.4% (14.1% ex-FTTH / New Builds)
  + Higher capex driven by better construction conditions and cash payment of higher accrued capex at end of FY-22
+ **Q1-23** DOCSIS 3.1 upgrade status:
  + 100% of Optimum East Footprint
  + 86% of Optimum West footprint (52k upgrades in Q1)
+ **FY-23** target cash capex of $1.7 - $1.8bn reiterated

---

(1) Capital intensity refers to total cash capital expenditures as a percentage of total revenue.
(2) Growth capex includes FTTH, New Build, Business Services, and CPE categories.
