BioCorRx, Inc. Announces Start Fresh Program(r) availability at Irvine, CA Wellness Center

Los Angeles, Aug. 27, 2015 (GLOBE NEWSWIRE) --[BioCorRx, Inc.](http://www.BioCorRx.com) (BICX), developer of the Start Fresh Program, a Medication-Assisted Treatment (MAT) program, announces distribution to Next Advanced Medicine in Irvine, CA. This opening is in line with the company's continued focus on distributing its addiction treatment program to wellness centers through a partnership with Myriad Medical Marketing (MMM). Next Advanced Medicine is located at 4980 Barranca Pkwy #200, Irvine, CA 92604 and is the second center to partner with BioCorRx under the distribution model. The center expects to begin seeing patients in early September. "The expansion into another wellness center, especially this particular one in Irvine, is very exciting as it's an exceptional center with an excellent team in place. We look forward to working with the staff at Next Advanced Medicine," stated COO & interim CEO, Brady Granier.

Next Advanced Medicine is committed to the fields of Physical and Functional Medicine.

One of the major points of emphasis for Next Advanced Medicine is to provide alternatives to patients who continue to suffer from chronic and degenerative healthcare problems. They also offer the finest alternative, natural approaches for Type II Diabetes and Hypothyroidism. "I am very excited and passionate to work with this program and the people who will benefit from it. The success that the Corona center is having with patients using this program is what attracted me to it," stated Dr. Candice Hall, D.C. and Chief of Staff at Next Advanced Medicine.

"This center is in an ideal location for Orange County and has a large existing patient base, many whom have family members or who themselves can benefit from our program. We believe that implementing our program in this setting is beneficial to the patients and their families, as they can receive holistic care in the same location where they are receiving treatment on a private, out-patient basis for their addiction to alcohol or opioids," said Granier

About BioCorRx

BioCorRx, Inc. ® (OTCQB: BICX) is an addiction treatment and rehabilitation company offering a unique approach to the treatment of substance abuse addiction. The Start Fresh

Program®, a Medication-assisted Treatment (MAT) program, consists of two components. The first component of the program consists of an outpatient implant procedure performed by a licensed physician. The implant delivers therapeutic levels of the drug Naltrexone, an opioid antagonist that significantly reduces physical cravings for alcohol and opioids, into the body. The second component of the program developed by BioCorRx, Inc. is a one on one counseling program specifically tailored for the treatment of alcoholism and other substance abuse addictions. Clinic reports show that the treatment program can be successful for individuals who complete the program. For more information on BICX, visit www.BioCorRx.com
