Intellinetics Completes Digital Conversion of Vital Records for Garden City, Michigan

End to End Digital Conversion Services for Municipality

COLUMBUS, OH, Feb. 14, 2023 (GLOBE NEWSWIRE) -- Intellinetics, Inc. ([NYSE American: INLX](#)), a digital transformation solutions provider, announces that Garden City, Michigan has successfully digitized its historical vital records with Intellinetics Document Scanning Services.

Garden City chose Intellinetics to scan and index more than 104,000 birth and death records dating back to 1928 when Garden City was a newly incorporated village.

The Document Solution Services Division of Intellinetics, located in Madison Heights, Michigan, provided Garden City with a local source for secure, end-to-end, digital conversion services, enabling them to move away from paper-based processes.

The new process facilitates quicker and easier fulfillment of vital records requests, keeps the records safe from natural disasters, and prevents the original documents from degrading by frequent handling.

"When I became Clerk of Garden City in 2019, one of my goals was to bring the city into the digital age with proven technology and trusted partners," stated Matthew Miller, City Clerk of Garden City. "We are very pleased with the Intellinetics relationship. Our vital records scanning project was a huge task and they performed it very well. They made it an easy process from beginning to end."

The partnership between Garden City and Intellinetics continues to evolve and grow. After the initial Vital Records project, Intellinetics supported the digitalization initiatives of the Building Department by scanning their large format drawings and permits.

"We are pleased to assist Garden City with its goal of better serving its residents by increasing access to public records while providing additional layers of disaster recovery," stated James F. DeSocio, President & CEO of Intellinetics. "We believe by leveraging our people, technology, and partnerships to solve municipal governments' biggest challenges, we will continue to expand our market share."

About Intellinetics, Inc.

Intellinetics, Inc. ([NYSE American: INLX](#)) is enabling the digital transformation. Intellinetics empowers organizations to manage, store and protect their important documents and data. The Company's flagship solution, the IntelliCloud™ content management platform, delivers advanced security, compliance, workflow and collaboration features critical for highly regulated, risk-intensive markets. IntelliCloud connects documents to users and the

processes they support anytime, anywhere to accelerate innovation and empower organizations to think and work in new ways. In addition, Intellinetics offers business process outsourcing (BPO), document and micrographics scanning services, and records storage.
