AkzoNobel and Axalta enhance governance arrangements following shareholder dialogue

AMSTERDAM and PHILADELPHIA, July 23, 2026 (GLOBE NEWSWIRE) -- Akzo Nobel N.V. ("**AkzoNobel**") and Axalta Coating Systems Ltd. ("**Axalta**") today announced enhancements to the proposed governance arrangements for the combined company following completion of their pending merger of equals.

Since announcing the proposed all-share merger of equals and convening of the AkzoNobel EGM and Axalta SGM, AkzoNobel and Axalta have engaged extensively with shareholders and other stakeholders on the governance of the combined company. That dialogue has led to the following refinements:

- Annual re-election of all Directors following the initial three-year period after completion (previously contemplated following a five-year period after completion); and
- Approval threshold applicable during the initial three-year period after completion of two-thirds of Non-Executive Directors (previously contemplated as 75%) for (i) any proposal to the general meeting regarding the appointment and dismissal of Directors, (ii) the appointment and removal of the CEO, Deputy CEO and CFO, (iii) designation of the Chair and Vice Chair titles and (iv) amendments to the remuneration policy.

Rakesh Sachdev, Chair of the Axalta Board of Directors, stated, "We are pleased to announce these governance enhancements following constructive engagement with our shareholders. We believe these changes reinforce our commitment to strong corporate governance and effective Board oversight while further strengthening the governance framework of the combined company. We appreciate the feedback we've received throughout this process and remain confident that this combination will create a premier global coatings company that delivers significant long-term value for all shareholders."

Ben Noteboom, Chairman of the Supervisory Board of AkzoNobel, said: "We have listened thoughtfully to our shareholders and believe these changes reflect the spirit of partnership and accountability that will define the combined company from day one. We are grateful for the constructive engagement that has shaped these improvements, which further align the governance of the combined company with the interests of all shareholders and other stakeholders."

These governance enhancements do not require any changes to the proposed Articles of

Association of the combined company. As a result, the AkzoNobel EGM and Axalta SGM planned for August 5, 2026 are proceeding as planned, with the existing agenda items unaffected.

This is a public announcement by Akzo Nobel N.V. and Axalta pursuant to section 17 paragraph 1 of the European Market Abuse Regulation (596/2014).
